Chicago Public Library, 1928 **Books for All** Providence Public Library (R.I.), 1926 *True Stories* Norman Sims, Medill School of Journalism, 2007 Journalism in the twentieth century was marked by the rise of literary journalism Sims traces more than a century of its history examining the cultural connections competing journalistic schools of thought and innovative writers that have given literary journalism its power Seminal examples of the genre provide ample context and background for the study of this style of journalism

Mark Twain and the Bible Allison Ensor, 2021-10-21 Mark Twain enthusiasts will welcome this study of the great writer's attitude toward the Bible and of the influence of Holy Writ upon both the man and the artist While the theological beliefs of Twain have been well documented Mr Ensor's study is the first to consider only his familiarity with the Bible and the extensive use of it in his writings The Bible elicited by turns pious skeptical comical and even hostile reactions in Twain but he could not ignore it Mr Ensor examines manifestations of these conflicting impulses from the early newspaper articles to the autobiographical dictations he suggests that from the Bible Twain may have derived three images that recur in his works the Prodigal Son Twain often saw himself in the Bad Boy pose Adam representing for Twain an unjust loss of innocence he shared with all mankind and Noah Twain saw himself as a prophet warning civilization of impending doom
