Cheung,2009-12 I believe in causal connection I am convinced that I was a S O B in my previous life and had hurt lots of women This life is to repay some of the debts Thus the reason of the book It is to help to free the hundreds of millions of women who are still under the control of men For millennia women have been men's prisoners and slaves Slavery of women is still going on in many countries The book traces the slavery to its very beginning and identifies the one tool men have been using to imprison them It was a recent event measured in evolutionary scale Knowing the when and the how will enable the ultimate liberation of all women Though a stronger sex there is one universal womanly weakness It is an innate sense of insecurity This weakness however was a must for the survival of our species during the past millions

of dark years Women today have no more need to feel insecure But it is still there playing harmful psychological game to women To know this insecurity is to allow women to deal with it effectively The book also points out the many potential traps and downfalls to women The most damaging trap for women is religion All religions treat women as second class citizens The other is to have children They are career killers Getting married is also a bad idea 50% of the marriages in North America end up in divorce and most are initiated by women Statistics don't lie W O M A N is an acronym for world of man ain't nice Our world is a mess wholesale environmental deterioration wars over population and poverty are rampant They are mostly man made by the male gender that is Our only hope is woman The misery won't end as long as men are allowed to run our world Women are our saviors But women can't save the world without a tool The tool is moral selfishness which is the other central message of the book Thank you *Mort Gerberg on the Scene* Mort Gerberg,2019-02-06 Fantagraphics

Prayer in Counseling Jeff C. VanZant, 2010-11-30 Prayer in Counseling The Practitioners Handbook is a bold apologetic for seeing greater use of prayer with the practice of counseling and psychotherapy in faith based community pastoral and mainstream counseling settings Using the evidence based results of the best research studies and client surveys on the efficacy of prayer the choice to integrate prayer with therapy is philosophically and empirically analyzed from every vantage Practical examples key filtering questions and tried and true guidelines help the reader find a balance between the two extremes of avoidance neglect of prayer as well as excessive unwise usage Gathering the best wisdom from the existing literature the author builds a strong case to view prayer and counseling as unique but complementary avenues for dynamic change in a persons life In light of potential counseling dilemmas and the need for healthy accountability Prayer in Counseling provides a roadmap to navigate the challenging ethical considerations of when and how to integrate prayer into therapy Scriptural hindrances to effective prayer are identified and then contrasted against biblical principles and practical direction to make prayer a powerful healing and successful spiritual intervention in the counseling arena

hinterland to agitated metropolitan hotbed Though Welsh's career is very much an ongoing phenomenon his influence on contemporary Scottish literary history is already quite indisputable and enduring

**Origen** Ronald E. Heine, 2019-11-13 The late second and early third century was a turbulent time in the Roman Empire and in the relationship between the empire and the church Origen was the son of a Christian martyr and was himself imprisoned and tortured in his late life in a persecution that targeted leaders of the church Deeply pious and a gifted scholar Origen stands as one of the most influential Christian teachers in church history and also one of the most controversial This introduction to Origen begins by looking at some of the circumstances that were formative influences on his life It then turns to some key elements in his thought The approach here differs from that taken by most earlier studies by working from the central position that Scripture had for Origen Heine argues that Origen's thought in his later life especially reflects his continual interaction with the Bible
