# Slavery The Civil War Reconstruction New American History Essays Series

**Alex Acks**

## **Slavery The Civil War Reconstruction New American History Essays Series:**

**Freedom** Ira Berlin, Barbara J. Fields, Thavolia Glymph, 2010-04-19      **The Challenge of American History** Louis P. Masur, 1999-05-20 In *The Challenge of American History* Louis Masur brings together a sampling of recent scholarship to determine the key issues preoccupying historians of American history and to contemplate the discipline's direction for the future. The fifteen summary essays included in this volume allow professional historians, history teachers, and students to grasp in a convenient and accessible form what historians have been writing about.      *Freedom: Volume 2, Series 1: The Wartime Genesis of Free Labor: The Upper South* Ira Berlin, 1993-11-26 This 1993 volume of *Freedom* presents a history of the emergence of free labor relations in different settings in the Upper South.      **Lee's Miserables** J. Tracy Power, 2015-01-01 Never did so large a proportion of the American population leave home for an extended period and produce such a detailed record of its experiences in the form of correspondence, diaries, and other papers as during the Civil War. Based on research in more than 1,200 wartime letters and diaries by more than 400 Confederate officers and enlisted men, this book offers a compelling social history of Robert E. Lee's Army of Northern Virginia during its final year, from May 1864 to April 1865. Organized in a chronological framework, the book uses the words of the soldiers themselves to provide a view of the army's experiences in camp, on the march, in combat, and under siege, from the battles in the Wilderness to the final retreat to Appomattox. It sheds new light on such questions as the state of morale in the army, the causes of desertion, ties between the army and the home front, the debate over arming black men in the Confederacy, and the causes of Confederate defeat. Remarkably rich and detailed, *Lee's Miserables* offers a fresh look at one of the most studied Civil War armies.      Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States, offering such a wide variety of interpretations that students, teachers, scholars, and librarians often need help and advice on how to find what they want. *The Reader's Guide to American History* is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography. Each of the 600 entries on topics in political, social, and economic history describes and evaluates some 6 to 12 books on the topic, providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs. The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors, all scholars of American history.      Troubled Refuge Chandra Manning, 2016-08-16 From the author of *What This Cruel War Was Over*, a vivid portrait of the Union army's escaped slave refugee camps and how they shaped the course of emancipation and citizenship in the United States. Even before shots were fired at Fort Sumter, slaves recognized that their bondage was at the root of the war they knew was coming, and they began running to the Union army. By the war's end, nearly half a million had taken refuge behind Union lines in improvised contraband camps. These were crowded and dangerous places with conditions approaching those of a humanitarian crisis. Yet families and individuals, some 12 to 15 percent of the Confederacy's slave

population took unimaginable risks to reach them and they became the first places where many Northerners would come to know former slaves en masse with reverberating consequences for emancipation its progress and the Reconstruction that followed Drawing on records of the Union and Confederate armies the letters and diaries of soldiers transcribed testimonies of former slaves and more Chandra Manning allows us to accompany the black men women and children who sought out the Union army in hopes of achieving autonomy for themselves and their communities Ranging from the stories of individuals to those of armies on the move to debates in the halls of Congress Troubled Refuge probes the particular and deeply significant reality of the contraband camps what they were really like and how former slaves and Union soldiers warily united there forging a dramatically new but highly imperfect alliance between the government and African Americans That alliance which would outlast the war helped destroy slavery and warded off the very acute and surprisingly tenacious danger of re enslavement It also raised for the first time humanitarian questions about refugees in wartime and legal questions about civil and military authority with which we still wrestle as well as redefined American citizenship to the benefit but also to the lasting cost of African Americans Integrating a wealth of new findings Manning casts in wholly original light what it was like to escape slavery how emancipation happened and how citizenship in the United States was transformed This reshaping of hard structures of power would matter not only for slaves turned citizens but for all Americans Pullman Porters and the Rise of Protest Politics in Black America, 1925-1945 Beth Tompkins Bates,2001 Examines the Brotherhood of Sleeping Car Porters BSCP as a social movement discussing the new black working class radicalism of the time and labor union s efforts to confront discrimination **The American South** William James Cooper (Jr.),Thomas E. Terrill,2009-01-16 In The American South William J Cooper Jr and Thomas E Terrill demonstrate their belief that it is impossible to divorce the history of the south from the history of the United States Each volume includes a substantial biographical essay completely updated for this edition which provides the reader with a guide to literature on the history of the South Coverage now includes the devastation of Hurricane Katrina in 2005 up to date analysis of the persistent racial divisions in the region and the South s unanticipated role in the 2008 presidential primaries **Black Southerners, 1619-1869** John B. Boles,2014-10-17 This revealing interpretation of the black experience in the South emphasizes the evolution of slavery over time and the emergence of a rich hybrid African American culture From the incisive discussion on the origins of slavery in the Chesapeake colonies John Boles embarks on an interpretation of a vast body of demographic anthropological and comparative scholarship to explore the character of black bondage in the American South On such diverse issues as black population growth the strength of the slave family the efficiency and profitability of slavery the diet and health care of bondsmen the maturation of slave culture the varieties of slave resistance and the participation of blacks in the Civil War Black Southerners provides a balanced and judicious treatment **Journal of the Civil War Era** William A. Blair,2014-06-01 The Journal of the Civil War Era Volume 4 Number 2 June 2014 TABLE OF CONTENTS Tom Watson Brown Book Award John Fabian Witt Civil War

Historians and the Laws of War Articles Chandra Manning Working for Citizenship in Civil War Contraband Camps Michael F Conlin The Dangerous Isms and the Fanatical Ists Antebellum Conservatives in the South and the North Confront the Modernity Conspiracy Nicholas Guyatt An Impossible Idea The Curious Career of Internal Colonization Review Essay John Craig Hammond Slavery Sovereignty and Empires North American Borderlands and the American Civil War 1660 1860 Book Reviews Books Received Professional Notes Jill Oglie Titus An Unfinished Struggle Sesquicentennial Interpretations of Slavery and Emancipation Illustrated Catalogue of Books, Standard and Holiday McClurg, Firm, Booksellers, Chicago, 1898 **Is Every American Adult Allowed to Vote?** Alex Acks, 2019-07-15 When the United States of America began as a country only white men who owned land could vote Over the last 230 years people have fought and protested and even died to expand the right to vote to include every adult over the age of eighteen Today are there ways you can lose your right to vote If it s too difficult to vote can we really say that you still have that right Voting is the best and sometimes only way Americans can have a say in their government and readers will learn why it s worth fighting for **Counting the Cost of Freedom** Amanda Laury Kleintop, 2025-06-24 During the Civil War the US government abolished slavery without reimbursing enslavers diminishing the white South s wealth by nearly 50 percent After the Confederacy s defeat white Southerners demanded federal compensation for the financial value of formerly enslaved people and fought for other policies that would recognize abolition s costs during Reconstruction As Amanda Laury Kleintop shows their persistence eventually led to the creation of Section 4 of the Fourteenth Amendment which abolished the right to profit from property in people Surprisingly former Confederates responded by using Lost Cause history making to obscure the fact that they had demanded financial redress in the first place The largely successful efforts of white southerners to erase this history continues to generate false understandings today Kleintop draws from an impressive array of archival sources to uncover this lost history In doing so she demonstrates how this legal battle also undermined efforts by formerly enslaved people to receive reparations for themselves and their descendants a debate that persists in today s national dialogue *Family War Stories* Keith P. Wilson, 2024-04-16 Based on an extensive collection of letters written from the home front and the battlefield *Family War Stories* offers fresh insights into how the reciprocal nature of family correspondence can shape a family s understanding of the war *Family War Stories* examines the contribution of the Densmore family to the Northern Civil War effort It extends the boundaries of research in two directions First by describing how members of this white family from Minnesota were mobilized to fight a family war on the home front and the battlefield and second by exploring how the war challenged the family s abolitionist beliefs and racial attitudes *Family War Stories* argues that the totality of the family s Civil War experience was intricately shaped by the dynamics of family life and the reciprocal nature of family correspondence Further it argues that the serving sons understanding of the war was shaped by their direct military experiences in the army camps and battlefields and how their loved ones at home interpreted these experiences With two sons serving as officers in the

United States Colored Troops regiments fighting in the Mississippi Valley the Densmore family was heavily involved in destroying slavery Family War Stories analyses how the sons military experiences tested the family s abolitionist ideology and its commitment to white racial superiority It also explains how the family sought to accommodate the presence of a refugee from slavery working in the family kitchen In some ways the presence of this worker in the household posed an even greater range of challenges to the family s racial beliefs than the sons military service By examining one family s deep involvement in the war against slavery Wilson analyses how the Civil War posed particular challenges to Northerners committed to abolitionism and white supremacy

**African American History** Jonathan Scott Holloway,2023 This book narrates the creation of racialized chattel slavery the dismantling of that system during the Civil War and the civil rights disputes that have erupted in the years since Emancipation including the Black Lives Matter movement

**In the Wake of War** Andrew F. Lang,2017-12-18 The Civil War era marked the dawn of American wars of military occupation inaugurating a tradition that persisted through the late nineteenth and early twentieth centuries and that continues to the present In the Wake of War traces how volunteer and even professional soldiers found themselves tasked with the unprecedented project of wartime and peacetime military occupation initiating a national debate about the changing nature of American military practice that continued into Reconstruction In the Mexican American War and the Civil War citizen soldiers confronted the complicated challenges of invading occupying and subduing hostile peoples and nations Drawing on firsthand accounts from soldiers in United States occupation forces Andrew F Lang shows that many white volunteers equated their martial responsibilities with those of standing armies which were viewed as corrupting institutions hostile to the republican military ethos With the advent of emancipation came the enlistment of African American troops into Union armies facilitating an extraordinary change in how provisional soldiers interpreted military occupation Black soldiers many of whom had been formerly enslaved garrisoned regions defeated by Union armies and embraced occupation as a tool for destabilizing the South s long standing racial hierarchy Ultimately Lang argues traditional fears about the army s role in peacetime society grounded in suspicions of standing military forces and heated by a growing ambivalence about racial equality governed the trials of Reconstruction Focusing on how U S soldiers white and black volunteer and regular enacted and critiqued their unprecedented duties behind the lines during the Civil War era In the Wake of War reveals the dynamic often problematic conditions of military occupation

*Civil War and Agrarian Unrest* Enrico Dal Lago,2018-03-15 Between 1861 and 1865 both the Confederate South and Southern Italy underwent dramatic processes of nation building with the creation of the Confederate States of America and the Kingdom of Italy in the midst of civil wars This is the first book that compares these parallel developments by focusing on the Unionist and pro Bourbon political forces that opposed the two new nations in inner civil conflicts Overlapping these conflicts were the social revolutions triggered by the rebellions of American slaves and Southern Italian peasants against the slaveholding and landowning elites Utilizing a comparative perspective Enrico Dal

Lago sheds light on the reasons why these combined factors of internal opposition proved fatal for the Confederacy in the American Civil War while the Italian Kingdom survived its own civil war At the heart of this comparison is a desire to understand how and why nineteenth century nations rose and either endured or disappeared *Subject Guide to Books in Print*, 1997 **The Civil War from Its Origins to Reconstruction** James S. Pula, 2019-04-11 The period of Sectionalism Civil War and Reconstruction was the most traumatic in American history The outcome changed the foundations of the nation with effects still felt today While most Civil War histories focus on specific topics military history economics politics this book presents the narrative as it unfolded against a broader historical background Drawing on direct quotations from actual participants the author provides an interpretive overview of the issues and events that divided and then devastated the United States Father James Page Larry Eugene Rivers, 2021-02-02 This first of its kind biography tells the story of Rev James Page who rose from slavery in the nineteenth century to become a religious and political leader among African Americans as well as an international spokesperson for the cause of racial equality Winner of the Rembert Patrick Award by The Florida Historical Society Florida Non Fiction Book Award by the Florida Book Awards Harry T and Harrietter V Moore Award by the Florida Historical Society James Page spent the majority of his life enslaved during which time he experienced the death of his free father witnessed his mother and brother being sold on the auction block and was forcibly moved 700 miles south from Richmond VA to Tallahassee FL by his enslaver John Parkhill Page would go on to become Parkhill s chief aide on his plantation and unusually a religious leader who was widely respected by enslaved men and women as well as by white clergy educators and politicians Rare for enslaved people at the time Page was literate and left behind ten letters that focused on his philosophy as an enslaved preacher and later as a free minister educator politician and social justice advocate In Father James Page Larry Eugene Rivers presents Page as a complex conflicted man neither a nonthreatening accommodationist mouthpiece for white supremacy nor a calculating schemer fomenting rebellion Rivers emphasizes Page s agency in pursuing a religious vocation in seeking to exhibit manliness in the face of chattel slavery and in pushing back against the overwhelming power of his enslaver Post emancipation Page continued to preach and to advocate for black self determination and independence through black land ownership political participation and business ownership The church he founded Bethel Missionary Baptist Church in Tallahassee would go on to be a major political force not only during Reconstruction but through today Based upon numerous archival sources and personal papers as well as an in depth interview of James Page and a reflection on his life by a contemporary this deeply researched book brings to light a fascinating life filled with contradictions concerning gender education and the social interaction between the races Rivers biography of Page is an important addition and corrective to our understanding of black spirituality and religion political organizing and civic engagement
