Finding the Face Wim van den Dungen, 2019-05-23 This book is about recognizing the nature of mind metaphorically called the Face Referring to a state of total presence it is undefinable by any term but inherently radiant and wakeful Figuratively explained as a mirror its nature is brilliant clarity and an unobstructed medium for whatever appears The method leading to it is called supreme yoga known in Tibet as Dzogchen or Great Completion said to have been first taught by the semi historical Garab Dorje initiated by Buddha Vajrasattva himself In his Three Incisive Precepts he summarized to his heart student the 64 million verses explaining these teachings as follows A direct introduction into the nature of mind is the first imperative Absolute conviction in the practice is the second imperative Gain confidence in release is the third imperative This book is about the first

Cultivating Loser's Counterattack Yan Chi, 2020-09-17 There was no way to make her forge a cauldron Even if she was a trash her fate would only be in her own hands With a heaven defying treasure in her hands she would change her fate She would trample all the heaven's pride level experts beneath her feet and wantonly live her life Even if he were to hook his pinky the King of the Upper Realm wouldn't be able to escape her Five Fingers Mountain

Steps to the Great Perfection Jigme Lingpa, 2016-07-05 The mind training practices contained in the Dzogchen tradition of Tibetan Buddhism have never before been presented in the English language The main text translated here *The Steps to Liberation* will be of great interest to Western practitioners since its instructions are pithy and direct and experiential rather than scholarly The contemplations on core Buddhist principles like impermanence and karma intended for beginning meditators unfold as dramatic stories in which the meditator is to vividly imagine himself or herself as the main character who undergoes a sequence of experiences that result in transformative realizations They distill the most essential teachings of the Buddha into a practical system that can be easily implemented in a daily meditation practice At the same time they bring together the most foundational Buddhist teachings with the profound methods of the Vajrayana the esoteric teachings of Buddhist tantra This is the hallmark of Dzogchen mind training and what sets it apart from other mind training lineages

The Emanated Scripture of Manjushri Shabkar Tsogdruk Rangdrol, 2020-03-26 Instructions for traversing the entire Vajrayana path to enlightenment from one of Tibet's most famous wandering yogis Composed by Shabkar at the Cave of Miracles close to Mount Kailash around 1815 this compendium of spiritual instructions is written in the form of questions and answers alternating verse and prose between Shabkar and his disciples It presents the essence of the entire

graded path to enlightenment using Tsongkhapa's Great Graded Path Lam rim chen mo as its model. In twenty three pieces of advice he explains the need to renounce the world, how to develop genuine compassion and methods for achieving an undistracted mind that can unite meditation on emptiness with compassion. His nonsectarian approach is evident in his teachings on the nature of mind according to the Mahamudra tradition of Milarepa, his practical explanations of Saraha's songs of realization and the attainment of buddhahood without meditation which draws on the teachings of the Great Perfection. Dzogchen Shabkar's style is direct and fresh, his realization infuses his instructions with an authenticity that will continue to inspire Buddhist practitioners for years to come. Guided Buddhist Meditations Thubten Chodron, 2019-07-30

A new edition of a Buddhist classic, an accessible introduction to the stages of the path lamrim including 14 hours of downloadable audio meditations. The Stages of the Path, or lamrim, presentation of Buddhist teachings, a step by step method to tame the mind, is a core topic of Buddhist study. The lamrim meditations remind us that the process of transforming the mind, unlike so much of our frantic modern society, is a slow and thoughtful one. Best selling author and Buddhist teacher Thubten Chodron here provides clear explanations of the stages of the path as well as an accompanying downloadable audio program containing over fourteen hours of guided meditations on each of the topics covered in the text. Chodron discusses how to establish a daily practice and presents the meditations in detail followed by advice for newcomers, instructions for working with distractions, antidotes to mental afflictions and suggestions on how to deepen Dharma practice. Each practitioner will find meaning and insight according to their own skill level. **Don't Believe Everything You Think**

Thubten Chodron, 2013-01-08 It can be hard for those of us living in the twenty first century to see how fourteenth century Buddhist teachings still apply. When you're trying to figure out which cell phone plan to buy or brooding about something someone wrote about you on Facebook, lines like "While the enemy of your own anger is unsubdued, though you conquer external foes they will only increase" can seem a little obscure. Thubten Chodron's illuminating explication of Togmay Zangpo's revered text *The Thirty seven Practices of Bodhisattvas* doesn't just explain its profound meaning in dozens of passages; she lets her students and colleagues share first person stories of the ways that its teachings have changed their lives. Some bear witness to dramatic transformations: making friends with an enemy, prisoner of war finding peace after the murder of a loved one, while others tell of smaller lessons like waiting for something to happen or coping with a minor injury. *Sounds of*

Innate Freedom Karl Brunnhölzl, 2024-06-04 The second volume in a historic six volume series containing many of the first English translations of the classic Mahamudra literature compiled by the Seventh Karmapa. *Sounds of Innate Freedom: The Indian Texts of Mahamudra* are historic volumes containing many of the first English translations of the classic Mahamudra literature. The texts and songs in these volumes constitute the large compendium called *The Indian Texts of the Mahamudra of Definitive Meaning*, compiled by the Seventh Karmapa Chötra Gyatso 1456-1539. Translated, introduced and annotated by Karl Brunnhölzl, acclaimed senior teacher at the Nalandabodhi community of Dzogchen Ponlop Rinpoche, the collection offers

a brilliant window into the richness of the vast ocean of Indian Mahamudra texts cherished in all Tibetan lineages particularly in the Kagy tradition giving us a clear view of the sources of one of the world's great contemplative traditions This volume 2 thirty four texts contains two long established sets of Mahamudra works The Sixfold Pith Cycle and short texts of Maitripa's Twenty Five Dharmas of Mental Nonengagement which present a blend of Madhyamaka Mahamudra and certain tantric principles as well as two commentaries by Maitripa's students The vital focus of this volume is the accomplishment of true reality

Emptiness Panacea Wim van den Dungen, 2017-06-16 This book is about emptiness the core of the Buddhayana the vehicle of the Buddha Shunyata is the noun form of the adjective shunya meaning void zero nothing and empty from the root shvi or hollow But emptiness does not mean nothing and instead refers to the absence of something to the fact an object has been negated What is found wanting A certain common way of existence entertained by most of us This book gives body to my intent to help understand emptiness clearly and distinctly so its salvic power may benefit as many as possible This is directly related to the fact that common Emptiness Meditation clears emotional and mental afflictions whereas seeing emptiness is a nondual state of mind fostering nondual perception thought and action These aspects of the awake mind lack substance obsession heal the obscurations and end the conflicts resulting from a lack of actions uprooting suffering

Mountain Dharma Dolpopa Sherab Gyaltsen,Cyrus Stearns,2025-04-22 A brilliant annotated translation of D lpopa Sherab Gyaltsen s Mountain Dharma that opens a masterpiece of the Jonang tradition to Western readers and presents D lpopa s provocative ideas about a true eternal and established reality that still impact Buddhism today The controversial master Dolpopa Sherab Gyaltsen shook Buddhist Tibet when he taught that an eternal enlightened essence or buddha nature exists in full form in all living beings The ideas discussed in Mountain Dharma are still as provocative now as when Dolpopa first taught them impacting Buddhism to this day Dolpopa identified the ultimate with the buddha nature or sugata essence which he held to be eternal and not empty of

self nature The buddha nature is perfect with all its characteristics inherently present in all living beings It is only the impermanent and temporary afflictions veiling the buddha nature that are empty of self nature and must be removed through the practice of the path to allow it to manifest Dolpopa establishes the validity of his theories with an ocean of quotations selected from Indian Buddhist scriptures and treatises of indisputable authority showing us that the ultimate is a true eternal and established reality empty merely of other relative phenomena
