Thai Buddhas:

Buddhist Sculpture of Northern Thailand Carol Stratton, 2004 *Thai Buddhas* Dawn Rooney, 2003 *Thai Buddhas* looks at diverse aspects of Buddhism in Thailand from ancient times to the present day The sacred art of Thailand possesses a timeless grace and beauty that reflects a balance of vitality and spirituality united by Buddhist principles With an accessible text accompanied by beautiful images the author explains the significance of these forms looks at key periods in Thai Buddhist art and highlights the enduring importance of Buddhism for the Thai people P 4 of cover **The Buddha in Lanna** Angela S. Chiu, 2017-03-31 For centuries wherever Thai Buddhists have made their homes statues of the Buddha have provided striking testament to the role of Buddhism in the lives of the people The Buddha in Lanna offers the first in depth historical study of the Thai tradition of donation of Buddha statues Drawing on palm leaf manuscripts and inscriptions many never previously translated into English the book reveals the key roles that Thai Buddha images have played in the social and economic worlds of their makers and devotees from the fifteenth to twentieth centuries Author Angela Chiu introduces stories from chronicles histories and legends written by monks in Lanna a region centered in today's northern Thailand By examining the stories themes structures and motifs she illuminates the complex conceptual and material aspects of Buddha images that influenced their functions in Lanna society Buddha images were depicted as social agents and mediators the focal points of pan regional political religious lineages and rivalries indeed as the very generators of history itself In the chronicles Buddha images also unified the Buddha with the northern Thai landscape thereby integrating Buddhist and local conceptions of place By comparing Thai Buddha statues with other representations of the Buddha the author underscores the contribution of the Thai evidence to a broader understanding of how different types of Buddha representations were understood to mediate the presence of the Buddha The Buddha in Lanna focuses on the Thai Buddha image as a part of the wider society and history of its creators and worshippers beyond monastery walls shedding much needed light on the Buddha image in history With its impressive range of primary sources this book will appeal to students and scholars of Buddhism and Buddhist art history Thai studies and Southeast Asian religious studies **One Hundred Buddhas** Satyapal Anand, 2011-11-30 Culled from Buddhas own sermons rare books and manuscripts describing his life and times this compendium of poetic monologues and dialogues is probably the only one in English that presents salient features of Buddhism of various shades Satyapal Anand claims to be of the progeny of Anand the senior most disciple and confidante of Buddha Poetry and religion mix wonderfully and Anands poems touch subjects such as ahimsa nonviolence sex meat eating and self defense Some of the conventional view have been challenged and laid bare by Buddhas own words Anands claim to authenticity is his poetic truth that he considers more reliable than mere books These poems were first published in Urdu and were hailed as the first ever endeavor to present Buddhas teaching through the modern poetic idiom To render topics like sex desire in young monks and meat eating if it was given as bhiksha alms were indeed controversial but more so were

Buddha's own lapses Does he still feel lust for the other sex asks Anand and he replies in affirmative Doesn't he have a guilty conscience in abandoning his wife and child asks Anand and Buddha's answer is still aye but he defends it too Is he going to get nirvana freedom from the birth cycle after this life His answer is in the negative He visualizes that he would be born as Jesus in his next birth and get nirvana only after he is crucified So are some of his answers on the existence of God hell or heaven and whether or not this earth itself is either of these two Having taught English and comparative literature in universities in India England Canada and USA Satyapal Anand now lives a secluded life in a suburb of Washington DC

Swearer, 2020-07-21 *Becoming the Buddha* is the first book length study of a key ritual of Buddhist practice in Asia the consecration of a Buddha image or new Buddha a ceremony by which

the Buddha becomes present or alive Through a richly detailed accessible exploration of this ritual in northern Thailand an exploration that stands apart from standard text based or anthropological approaches Donald Swearer makes a major contribution to our understanding of the Buddha image its role in Buddhist devotional life and its relationship to the veneration of Buddha relics Blending ethnography analysis and Buddhist texts related to this mimetic reenactment of the night of the Buddha s enlightenment he demonstrates that the image becomes the Buddha s surrogate by being invested with the Buddha s story and charged with the extraordinary power of Buddhahood The process by which this transformation occurs through chant sermon meditation and the presence of charismatic monks is at the heart of this book Known as opening the eyes of the Buddha image consecration traditions throughout Buddhist Asia share much in common Within the cultural context of northern Thailand Becoming the Buddha illuminates scriptural accounts of the making of the first Buddha image looks at debates over the ritual s historical origin at Buddhological insights achieved and at the hermeneutics of absence and presence and provides a thematic comparison of several Buddhist traditions
