That Simple! Terry Stratton, 2019-02-01 As the accounts above illustrate there is no single way that God helps the important thing is that God is there to help always Even in my specific experiences when I did not make the specific request he provided an answer I learned to listen for God Of these examples the only time it may have cost a dime maybe is when I was to acquire some vinegar All these treatments were far less expensive and more effective than if one were to use the traditional means of a worldly physician One does not lose a thing by asking God what to do and with a little bit of practice one will begin to anticipate the answers before one asks Much of one's healthiness is psychosomatic that is to think healthy merge with healthy thoughts and attitudes reflect on healthy ideas and ideals and practice these healthy activities on a daily basis This doesn't just mean physical health but also spiritual psychological social and whatever For those who have trouble moving in this direction things like meditation prayer yoga and tai chi are simple ways to assist in such matters but trusting in God and what God has given you is the ultimate way Ask He is there always and nobody will have any better answers or be any more concerned *The Holy Bible* Robert Young, 1863 *Lectures Upon the Whole Epistle of St. Paul to the Philippians* Henry Airay, 1864 *A Briefe Concordance, Or Table to the Bible ...
