The 1999 Private Eye Annual:

The 1999 Private Eye Annual Private Eye, 1999-10-01 A Classless Society Alwyn W. Turner, 2013-09-05 Superb NICK COHEN author of *What's Left* Tremendously entertaining DOMINIC SANDBROOK Sunday Times Like his previous histories of the Seventies and Eighties *A Classless Society* is an extraordinarily comprehensive work Turner writes brilliantly creating a compelling narrative of the decade weaving contrasting elements together with a natural storyteller's aplomb engaging and unique IRVINE WELSH Daily Telegraph Ravenously inquisitive darkly comical and coolly undeceived Turner is a master of the telling detail CRAIG BROWN Mail on Sunday When Margaret Thatcher was ousted from Downing Street in November 1990 after eleven years of bitter social and economic conflict many hoped that the decade to come would be more caring others hoped that the more radical policies of her revolution might even be overturned Across politics and culture there was an apparent yearning for something the Iron Lady had famously dismissed society The New Britain to emerge would be a contradiction economically unequal but culturally classless Whilst Westminster agonised over sleaze and the ERM the country outside became the playground of the Ladette It was also a period that would see old moral certainties swept aside and once venerable institutions descend into farce followed in the case of the Royal Family by tragedy Opening with a war in the Gulf and ending with the attacks of 11 September 2001 *A Classless Society* goes in search of the decade when modern Britain came of age What it finds is a nation anxiously grappling with new technologies tentatively embracing new lifestyles and above all forging a new sense of what it means to be British Deserves to become a classic EDWINA CURRIE Rich and encyclopaedic ROGER LEWIS Daily Mail Excellent D J TAYLOR Independent **Behind the Private Eye** Chris Cooper, 2005 This book is part true crime novel and part textbook It was written specifically about surveillance as conducted by private investigators It's virtually an industry bible and contains an incredible volume of highly detailed how to techniques for virtually every area of surveillance It covers how to get information out of people under pretext how to follow people on foot or by car What to expect and even how to think as a PI in order to get great results The book covers everything including Training courses and licensing Job preparation Conduct of surveillance operations Special techniques used by professionals Following on foot car bus train taxi Working in specialist areas buildings apartments shopping centres etc While an invaluable resource for any potential recruit to the PI industry this book is also an excellent resource for experienced PIs as well It lists a large number of web references and other details for information sources that can be used to track down elusive offenders With almost 544 pages this incredible encyclopaedic resource covers all the basic techniques as well as some you have never thought of How can a female PI urinate on a long vehicle stakeout What web resource can be used to determine the likely gender of an obscure ethnic name which was listed in client intelligence How do I identify someone What role does human psychology play in surveillance operations How can I find out if they are working 10 pages explaining why and how things are seen 10 issues to consider when parking a surveillance vehicle 30 issues to consider in selecting a
