The Hardy Way A 19th century Pilgrimage:

The Hardy Way Margaret Marande, 1995 Loci Sacri Thomas Coomans, 2012 Sacred places are not static entities but reveal a historical dynamic This volume explores both the cultural developments that have shaped them and their varied multidimensional levels of significance The Thomas Hardy Journal, 1996 *Influence and Resistance in Nineteenth-Century English Poetry* G. Kim Blank, Margot K. Louis, 1994-01-12 To what extent is the distinction between Romantic and Victorian valuable or just Is the Romantic Victorian demarcation merely a convenience for the sake of the curriculum How is the quarrel among different strains of Romanticism continued and developed in the Victorian period How do Victorian texts interact with echo or resist Romantic texts In what ways did the Romantic poets establish the terms within which or against which Victorian poets were debating This volume of original essays addresses these questions it also demonstrates how well the Romantics thought and with what ferocious diligence the Victorians explored resisted and reworked the Romantic vision **Reading and Mapping Hardy's Roads** Scott Rode, 2006-06-23 This book examines Thomas Hardy's representations of the road and the ways the archaeological and historical record of roads inform his work Through an analysis of the uneven and often competing road signs found within three of his major novels *The Return of the Native* *Tess of the D'Urbervilles* and *Jude the Obscure* and by mapping the road travels of his protagonists this book argues that the road as represented by Hardy provides a palimpsest that critiques the Victorian construction of social and sexual identities Balancing modern exigencies with mythic possibilities Hardy's fictive roads exist as contested spaces that channel desire for middle class assimilation even as they provide the means both to reinforce and to resist conformity to hegemonic authority Literary Tourism and Nineteenth-Century Culture N. Watson, 2009-03-31 This book offers both an introduction to the vibrant field of literary tourism studies and a selection of cutting edge cross disciplinary research Indispensable for students and scholars of nineteenth century literature and culture it provides fascinating insights into the reception of amongst others Shakespeare Dickens Byron and Wordsworth *The American Pilgrimage* Cyclone Covey, 1960 **Trees in Nineteenth-Century English Fiction** Anna Burton, 2021-03-29 This is a book about a longstanding network of writers and writings that celebrate the aesthetic socio political scientific ecological geographical and historical value of trees and tree spaces in the landscape and it is a study of the effect of this tree writing upon the novel form in the long nineteenth century *Trees in Nineteenth Century English Fiction* The *Silvicultural Novel* identifies the picturesque thinker William Gilpin as a significant influence in this literary and environmental tradition *Remarks on Forest Scenery* 1791 is formed by Gilpin's own observations of trees forests and his New Forest home specifically but it is also the product of tree stories collected from travellers and historians that came before him This study tracks the impact of this accumulating arboreal discourse upon nineteenth century environmental writers such as John Claudius Loudon Jacob George Strutt William Howitt and Mary Roberts and its influence on varied dialogues surrounding natural history agriculture landscaping deforestation and public

health Building upon this concept of an ongoing silvicultural discussion the monograph examines how novelists in the realist mode engage with this discourse and use their understanding of arboreal space and its cultural worth in order to transform their own fictional environments Through their novelistic framing of single trees clumps forests ancient woodlands and man made plantations Jane Austen Elizabeth Gaskell and Thomas Hardy feature as authors of particular interest Collectively in their environmental representations these novelists engage with a broad range of silvicultural conversation in their writing of space at the beginning middle and end of the nineteenth century This book will be of great interest to students researchers and academics working in the environmental humanities long nineteenth century literature nature writing and environmental literature environmental history ecocriticism and literature and science scholarship Censorship and the Representation of the Sacred in Nineteenth-Century England Jan-Melissa Schramm, 2019-05-27 Throughout the nineteenth century the performance of sacred drama on the English public stage was prohibited by law and custom left over from the Reformation successive Examiners of Plays under the control of the Lord Chamberlain's Office censored and suppressed both devotional and blasphemous plays alike Whilst the Biblical sublime found expression in the visual arts the epic and the oratorio nineteenth century spoken drama remained secular by force of precedent and law The maintenance of this ban was underpinned by Protestant anxieties about bodily performance impersonation and the power of the image that persisted long after the Reformation and that were in fact bolstered by the return of Catholicism to public prominence after the passage of the Catholic Relief Act in 1829 and the restoration of the Catholic Archbishoprics in 1850 But even as anti Catholic prejudice at mid century reached new heights the turn towards medievalism in the visual arts antiquarianism in literary history and the popular in constitutional reform placed England's pre Reformation past at the centre of debates about the uses of the public stage and the functions of a truly national drama This book explores the recovery of the texts of the extant mystery play cycles undertaken by antiquarians in the early nineteenth century and the eventual return of sacred drama to English public theatres at the start of the twentieth century Consequently law literature politics and theatre history are brought into conversation with one another in order to illuminate the history of sacred drama and Protestant anti theatricalism in England in the long nineteenth century **Pilgrimages** Richard Barber, 1991 This is the first book to offer a survey of the great pilgrimage traditions It outlines the history of different customs merges common themes revealing surprising similarities in practice among pilgrims of widely differing beliefs times
