Deep Gossip Sidney Wade,2020-04-07 A great and frequently subversive book by a lyric poet at the height of her craft Throughout her seven critically acclaimed collections Sidney Wade has established herself as a poet with a serious but light touch capable of the clarity and inventiveness it takes to work a problem to both pleasure and resolution Playing with and challenging form in all directions the 27 new and 96 selected poems in Deep Gossip bristle with a sly wit that trips and delights the reader Inspired by landscape language music and living things as well as the occasional bout of political outrage Deep Gossip is a smart collection Praise for Other Books by Sidney Wade The quick closely observed poems in Sidney Wade s beguiling Bird Book move from page to page like their subjects in flight on air a murmuration sweeping across the horizon William Souder Sidney Wade s linguistic and philosophical turns in Bird Book confirm that she is both the supreme heir to Wallace Stevens and one of the most original poets in the language Randall Mann This is a beautiful wise and timely collection Daniel Anderson As impressive and thrillingly exact as these poems are concerning matters ornithological it is the exquisite music earth sprung

bright and resonant of Wade's radically short line that so enchants me the free play of interlinear rhyme phonemic harmonies and small bursts of metrical rhythms that yield more vitality and delight than any gathering of poems I have encountered in a very long time B H Fairchild Her poems are a particular and splendid instance of what Hopkins meant by poetry proper the language of inspiration Richard Howard *Dark Horses* X. J. Kennedy, 1992-10-01 In *Dark Horses* prize winning poet X J Kennedy gathers forty two new poems rich in sound and sense All display uncommon skill and an ability to treat matters both timeless and contemporary From the lighthearted ballad *Dancing with the Poets at Piggy's* to the darkly meditative lyric *The Waterbury Cross* the poems show Kennedy's wide range There are intimate portraits of a woman veterinarian and a young man dying of AIDS a song about the Sri Lankan festival of Buddha's tooth and a stark account of a confrontation with a homeless panhandler Emily Dickinson *Leaves a Message to the World* on the newly installed answering machine in her Amherst homestead *Finding a Woodpile Skull* the severed head of a black ant makes the poet laugh at his own expense as he plays ham Hamlet to a formic Yorick Enlivened by X J Kennedy's sardonic humor wit and insight into the human condition the dark horses of this newest collection represent the finely crafted work of one of America's best known and most widely respected poets Pure Products of America, Inc. John Bricuth, 2015-11-15 The poetic life and times of Big Bubba equal parts charismatic trickster and tent revival preacher This propulsive narrative poem tells the extended story of the popular born again televangelist Ray Bob Elray better known to all his fans as Big Bubba his twin sons Nick and Jesse and his niece and adopted daughter Donna The comic tragedy of Big Bubba's family begins to unfold when he is interviewed by an old friend country radio disc jockey Charlie Printwhistle Bubba has come to Waco Texas to preach a revival but soon reveals to Charlie much about his complicated relationship with his family his ambitions for the ministry his faith healing and his most recent venture with Pure Products of America Inc which produces and endorses anything pure from Bibles to jelly preserves for a whopper of a fee of course Structured as a verse play of two acts composed of three scenes each Pure Products of America Inc follows the unwinding of Bubba's legacy as his heirs fall out and his already slippery relationship with religion is tested by genuine grief Along the way master poet John Bricuth treats readers to a sly sarcastic and sometimes deeply moving look at storytelling old time religion and the American way

Resistance to Science in Contemporary American Poetry Bryan Walpert, 2011-09-26 This book examines types of resistance in contemporary poetry to the authority of scientific knowledge tracing the source of these resistances to both their literary precedents and the scientific zeitgeists that helped to produce them Walpert argues that contemporary poetry offers a palimpsest of resistance using as case studies the poets Alison Hawthorne Deming Pattiann Rogers Albert Goldbarth and Joan Retallack to trace the recapitulation of romantic arguments inherited from Keats Shelly and Coleridge which in turn were produced in part in response to Newtonian physics modernist arguments inherited from Eliot and Pound arguments influenced in part by relativity and quantum theory and postmodernist arguments arguments informed by post structuralist theory e g Barthes Derrida Foucault with affinities to

arguments for the limitations of science in the philosophy sociology and rhetoric of science Some of these poems reveal the discursive ideologies of scientific language reveal in other words the performativity of scientific language In doing so these poems themselves can also be read as performative acts and therefore as forms of intervention rather than representation Reading Retallack alongside science studies scholar Karen Barad the book concludes by proposing that viewing knowledge as a form of intervention rather than representation offers a bridge between contemporary poetry and science

Writing the World Kelly Cherry, 1995 In a series of passionate profound often humorous observations Kelly Cherry explores the art of writing its relationship to place and its importance in our lives I have never written a travel essay Cherry says but her travels inform her poetry and fiction Now seeking to

understand what it means to write from any particular place she charts a course in creative nonfiction prose From Cleveland to Yalta Wisconsin to Latvia England to the Arizona desert or the Philippines she writes as a way of knowing the world Along the way we become acquainted with the author herself whose parents were string quartet violinists They didn't go to church and caught up in a rehearsal sometimes forgot to put dinner on the table but there was always music in the house or the tenement flat Cherry recalls warmly the stories of her childhood I don't know whether or not there's a God her mother would say but I know there was a Beethoven and that's good enough for me And always there was writing As young writers do Cherry earned her living at a variety of jobs creating fictional histories of overseas orphans for their U S sponsors editing and writing religious textbooks a stint as a visiting professor in southwest Minnesota where in order to live in the dormitory the only housing practicable for someone without a car she had to enroll simultaneously as a student she took astronomy And in the evenings the mornings and other stolen moments she wrote as she does now to create beauty from a specific kind of knowledge the knowledge we acquire by creating beauty Cherry explores what it means to be a Southern writer and a woman writer and discusses the changing face of the profession of writing To be a writer in America is to be marginal she notes adding that perhaps the best place for a serious writer to reside is on the edge outside looking in You seek to know what it means to be living where you are and that search is for a writer a searching out of language That quest is for a writer a questioning For a writer beauty and knowledge begin in the same place With its brilliant insights and beautiful language Writing the World is an eloquent meditation on what it means to be a writer Like Annie Dillard's The Writing Life and Eudora Welty's One Writer's Beginnings Cherry's Writing the World will be a lasting inspiration for anyone who has ever dreamed of being a writer
