much revered and plagiarized it was never reprinted and centuries later has attained the status of an extremely rare and valuable book Parkinson was writing at a time when Western herbalism was at its zenith and his skills as a gardener from his grounds in Covent Garden combined perfectly with his passion for science observation and historical scholarship In the The Herbalist s Bible Julie Bruton Seal and Matthew Seal have beautifully combined selections from Parkinson s book with their own modern commentary on how each plant is used today to create a truly one of a kind comprehensive collection of herbal information old and new Parkinson s clear and lively description of a chosen plant s virtues or healing properties side by side with the editors notes including copious herbal recipes make this the perfect book for students and practitioners of herbalism historians and gardeners all of whom will welcome this restoration of Parkinson s lost classic **The Herbalist's Way**
