

4 rules of GUN SAFETY

Treat **ALL** firearms as if they are always loaded

NEVER point the firearm at anything you are not willing to destroy

ALWAYS keep your finger off the trigger until your sights are on target and you've decided to shoot

KNOW your target and what is beyond it

The Gun Safety Guide:

The NRA Step-by-Step Guide to Gun Safety Rick Sapp, National Rifle Association, 2016-04-05 Having shaped our nation since its birth guns are an integral part of American life As more and more Americans choose to own firearms it becomes increasingly important to educate them on proper shooting and handling techniques Drawing on the National Rifle Association's more than two centuries of shooting experience as well as the collected knowledge of more than 55 000 certified instructors The NRA Step by Step Guide to Gun Safety offers key and life saving advice on using caring for and storing handguns rifles and shotguns Packed with essential information and resources including details on how propellants burn in cartridges shooting etiquette on and off the range and where to find a certified NRA shooting instructor The NRA Step by Step Guide to Gun Safety will help reinforce the importance of safe gun handling habits Included is information on The safest and most effective way to store and transport pistols rifles and shotguns The anatomy of the many kinds of guns available The proper way to reload any firearm The best way to clean your gun Proper use of eye and ear protection The correct clothing to wear while hunting Whether you are an experienced shooter or haven't shot a round in your life The NRA Step by Step Guide to Gun Safety will provide new and enlightening information that will make you and your family safer gun owners Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts We publish books about shotguns rifles handguns target shooting gun collecting self defense archery ammunition knives gunsmithing gun repair and wilderness survival We publish books on deer hunting big game hunting small game hunting wing shooting turkey hunting deer stands duck blinds bowhunting wing shooting hunting dogs and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home [A Women's Guide to Handling Guns - A Woman's Self-Defense](#) Dina Angco, John Davidson, 2015-01-11 A Women's Guide to Handling Guns A Woman's Self Defense Table of Contents Introduction Chapter 1 Does a Woman Need a Gun for Self defense Chapter 2 What type of gun is for me Chapter 3 How to get started Chapter 4 The Cardinal Rules of Gun Safety Chapter 5 Parts of a Gun Chapter 6 Learning to Fire your Gun Chapter 7 Practical Shooting the sport Chapter 8 When you are under attack Chapter 9 Additional Safety Precautions Conclusion Author Bio Bonus Content Introduction Mental Attitude Towards Violence How to Stop from Panicking Facing Your Attacker Rules to Protect Yourself Going Out to a Party When You Are Walking What If You Are Being Followed Traveling on Your Own Traveling in Your Car Relationships Going Wrong No Means No To drink Or Not to Drink That Is the Question Learning How to Fight Back How to Protect Yourself Against Grabs Conclusion Author Bio Publisher Introduction I wrote this book to share what I have learned in gun handling and to give some idea not only to women but also to men of how a woman perceives this man dominated gadget or equipment I would say that 99% of women who know how to handle a gun or who are engaged in practical shooting as a sport were influenced by a male in their lives

whether it is the father husband brother boyfriend uncle or a male friend Gun ownership inarguably is a man's world But it did not say that women cannot dip their fingers to it if it is necessary or even if she was just plain interested In my case the guilty party was my husband who suavely got my nod first for him to own a gun and later on to join him on his shooting practice tournaments and gun shows I have to admit that in the beginning I would cringe whenever I would see him working on his gun and later on guns I always have this thought that it will discharge accidentally and someone could get hurt At that time I could not even hold a gun But then gradually I warmed up to it I started holding the gun no bullets of course until later on my husband would be training me on how to hold it properly how to get the right stance and eventually how to fire it Believe it or not within months I was going with him on his practice shooting and tournaments At first I was the photographer and videographer Eventually I would be doing my own practice sessions and would join him on tournaments
