Alice's Adventures in Wonderland - Second Edition Lewis Carroll, 2011-03-23 First published in 1865, Alice's Adventures in Wonderland began as a story told to Alice Liddell and her two sisters on a boating trip in July 1862. The novel follows Alice down a rabbit hole and into a world of strange and wonderful characters who constantly turn everything upside down with their mind-boggling logic, word play, and fantastic parodies. Like the first, this second edition includes Carroll's earlier story *Alice's Adventures Under Ground*, which allows readers to trace the revisions and to compare Carroll's own illustrations in the original with the famous John Tenniel illustrations for *Alice's Adventures in Wonderland*. This edition also includes new appendix material, George MacDonald writing on the fantastic, the eighteenth-century children's story *Goody Two Shoes*, a section on film and television adaptations of Alice, and new illustrations.
