Through it all, she had exactly one friend: her sister Dana. And now Dana is dead, drowned in the distant Pacific under mysterious circumstances. But she left something behind: meant only for her sister's eyes, a surreal teen road trip screenplay, *BACK ROADS TO VEGAS*. Penny sets out into the wilds of West Virginia to make her sister's movie and winds up taking an unplanned detour straight off I-64 and into a madcap alternate America. Here, in the hidden country known as the Back Roads, every individual's deepest desire emerges as a powerful supernatural ability. In Penny's case, that means she's a Veil, capable of turning herself invisible, intangible, ghost-like. Stranger yet, this is a place Dana somehow knew about. That bizarre screenplay, A Veiled Code, Penny soon realizes is embedded with clues leading deeper into the unknown. The only problem is that nearly everything in the Back Country is trying to kill her and/or drag her soul away to netherworldly depths. Like the man eating mosquitoes. And the gangs of slave trading cyborg bikers and the soul-devouring tree haunted by its long dead victims and the snake-handling zealot who's

mesmerized his flock into following him to the depths of Hell Also Death himself who turns out to be kind of a jerk in real life She's got help too for whatever it's worth a fierce mountain woman werewolf and a guitar slinging thief who slowly but surely ensnares Penny's heart entirely against her better instincts What she hoped to find was the truth behind her sister's fate But what awaits her at the end of the road is something even bigger the dark secret of her own world shattering destiny BACK ROADS KINGDOM is the first volume in a thrilling new American fantasy saga that weaves together Appalachian folktales urban legends and paranormal lore into a dark and bizarrely comic coal punk epic
