## Sniffing For Democracy:

Sniffing for Democracy Nora Meek, 2004-01-01      *Room for All of Us* Adrienne Clarkson, 2011-10-18 In this exciting and revealing personal inquiry former governor general Adrienne Clarkson explores the immigrant experience through the people who have helped transform Canada The Canadians she befriends whether an Ismaili doctor a Doukhobor farmer a Holocaust survivor or a Vietnam War deserter illustrate the changing idea of what it means to be Canadian and the kind of country we have created over the decades Like her many of the people who came did not have a real choice they often arrived friendless and with a sense of loss Yet their struggles and successes have enriched Canada immeasurably What drove them to become the kind of people they have become What would have happened to them if Canada had not taken them in What have they added to our national life as we go forward in the twenty first century Written with humour insight and personal revelation *Room for All of Us* is a tale of many destinies Like W G Sebald's *The Emigrants* Clarkson's book offers a richly textured intimate and unforgettable portrait of a changing country and its people      *Democracy's Data* Dan Bouk, 2022-08-23 ONE OF THE NEW YORK TIMES BOOK REVIEW'S 100 NOTABLE BOOKS OF 2022 From the historian Dan Bouk a lesson in reading between the lines of the U S census to uncover the stories behind the data The census isn't just a data collection process it's a ritual and a tool of American democracy Behind every neat grid of numbers is a collage of messy human stories you just have to know how to read them In *Democracy's Data* the data historian Dan Bouk examines the 1940 U S census uncovering what those numbers both condense and cleverly abstract a universe of meaning and uncertainty of cultural negotiation and political struggle He introduces us to the men and women employed as census takers bringing us with them as they go door to door recording the lives of their neighbors He takes us into the makeshift halls of the Census Bureau where hundreds of civil servants not to mention machines labored with pencil and paper to divide and conquer the nation's data And he uses these little points to paint bigger pictures such as of the ruling hand of white supremacy the place of queer people in straight systems and the struggle of ordinary people to be seen by the state as they see themselves The 1940 census is a crucial entry in American history a controversial dataset that enabled the creation of New Deal era social programs but that also with the advent of World War Two would be weaponized against many of the citizens whom it was supposed to serve In our age of quantification *Democracy's Data* not only teaches us how to read between the lines but gives us a new perspective on the relationship between representation identity and governance today      **Quicksilver's Knight** Christopher Stasheff, 2022-02-02 SWORD AND SORCERY SOME GUYS HAVE IT ALL Geoffrey Gallowglass the Lord High Warlock's second son has only two passions in life war and women As a knight errant he roams the Kingdom of Gramarye looking for wrongs to right and women to woo but no one has held his interest for very long Until he meets Quicksilver a fiery warrior woman as beautiful as she is deadly with a tongue as sharp as her sword Has Geoffrey finally found his perfect woman There's only one problem Quicksilver is the bandit chieftain who has conquered her lord's land and castle and

Geoffrey is the Royal Knight sent to defeat and capture her Is love hopeless Or can Geoffrey find some way face her before an altar not an army

The Shortest History of Democracy John Keane,2022-09-06 The full chronological sweep of democracy from the assemblies of ancient Mesopotamia and Athens to present perils around the globe The Shortest History books deliver thousands of years of history in one riveting fast paced read This compact history unspools the tumultuous global story that began with democracy s radical core idea We can collaborate as equals to determine our own futures Acclaimed political thinker John Keane traces how this concept emerged and evolved from the earliest assembly democracies in Syria Mesopotamia to European style electoral democracy and to our uncertain present Today thanks to our always on communication channels governments answer not only to voters on Election Day but to intense scrutiny every day This is monitory democracy in Keane s view the most complex and vibrant model yet but it s not invulnerable Monitory democracy comes with its own pathologies and the new despotism wields powerful warning systems from social media to election monitoring against democracy itself At this urgent moment when despots in countries such as China Russia Iran and Saudi Arabia reject the promises of democratic power sharing Keane mounts a bold defense of a precious global ideal The Shortest History books deliver thousands of years of history in one riveting fast paced read

**Smell Detectives** Melanie A. Kiechle,2017-07-18 What did nineteenth century cities smell like And how did odors matter in the formation of a modern environmental consciousness Smell Detectives follows the nineteenth century Americans who used their noses to make sense of the sanitary challenges caused by rapid urban and industrial growth Melanie Kiechle examines nuisance complaints medical writings domestic advice and myriad discussions of what constituted fresh air and argues that nineteenth century city dwellers anxious about the air they breathed attempted to create healthier cities by detecting and then mitigating the most menacing odors Medical theories in the nineteenth century assumed that foul odors caused disease and that overcrowded cities filled with new and stronger stinks were synonymous with disease and danger But the sources of offending odors proved difficult to pinpoint The creation of city health boards introduced new conflicts between complaining citizens and the officials in charge of the air Smell Detectives looks at the relationship between the construction of scientific expertise on the one hand and common sense the olfactory experiences of common people on the other Although the rise of germ theory revolutionized medical knowledge and ultimately undid this form of sensory knowing Smell Detectives recovers how city residents used their sense of smell and their health concerns about foul odors to understand adjust to and fight against urban environmental changes

*Democracy in East Asia* Larry Diamond,Marc F. Plattner,Yun-han Chu,2013-02-15 Democratization scholars believe that the next regional wave of transitions to democracy may unfold in East and Southeast Asia In their introduction to the 1998 edition of *Democracy in East Asia* Larry Diamond and Marc F Plattner predicted that East Asia with its remarkable diversity of political regimes economies and religions would likely be the most critical arena in the global struggle for democracy a prediction that has proven prescient Although the recent political upheavals in the

Middle East have understandably grabbed the world's attention there is reason to doubt whether the overthrow of some authoritarian regimes there will lead to the establishment of stable democracies any time soon On the other hand East Asia the world's most populous and economically dynamic region already boasts several consolidated democracies and provides a fascinating laboratory for studies of both authoritarian resilience and the prospects for democratization This updated volume which features contributions by distinguished scholars in East Asian studies will be welcomed by instructors and students in the field particularly as U S foreign policy is in the process of undertaking a pivot toward Asia Democracy in East Asia offers a comprehensive treatment of the political landscape in both Northeast and Southeast Asia including discussions of China Japan South Korea Taiwan Indonesia the Philippines Malaysia Singapore Thailand Cambodia Laos Vietnam and Burma

*Bad Kitty for President* Nick Bruel, 2012-01-17 The votes are in it's a Bad Kitty landslide It's time to elect a new president of the Neighborhood Cat Coalition Who will win the election The candidate chosen by the kitties on the right side of the street or the candidate chosen by the kitties on the left side of the street When election time rolls around one candidate guess who will discover that she never bothered to register to vote and the entire election will be decided by a surprise last minute absentee ballot sent by Old Kitty

*China, Africa, and the Future of the Internet* Iginio Galliardone, 2019-06-15 China is transforming Africa's information space It is assisting African broadcasters with extensive loans training and exchange programmes and has set up its own media operations on the continent in the form of CCTV Africa In the telecommunications sector China is helping African governments to expand access to the internet and mobile phones with rapid and large scale success While Western countries have ambiguously linked the need to fight security threats with restrictions of the information space China has been vocal in asserting the need to control communication to ensure stability and development Featuring a wealth of interviews with a variety of actors from Chinese and African journalists in Chinese media to Chinese workers for major telecommunication companies this highly original book demonstrates how China is both contributing to the Africa rising narrative while exploiting the weaknesses of Western approaches to Africa which remain trapped between an emphasis on stability and service delivery on the one hand and the desire to advocate human rights and freedom of expression on the other Arguing no state can be understood without attention to its information structure the book provides the first assessment of China's new model for the media strategies of developing states and the consequences of policing Africa's information space for geopolitics security and citizenship

**Freedom of expression and the internet** Wolfgang Benedek, Matthias C. Kettmann, 2020-09-08 An invaluable resource for students of law politics international relations and technology as well as for diplomats and civil society actors this publication demonstrates how the Council of Europe contributes to ensuring that everyone's voice online can be heard

This is key to sustainable human rights oriented and people centred digitalisation Human rights matter on the internet Without freedom of expression people cannot participate in everything that the information society has to offer Yet online free speech is in danger Between state laws private rules and algorithms full participation in the online communicative space faces many challenges This publication explores the profound impact of the internet on free expression and how it can be effectively secured online The second updated edition of this introduction into the protection of freedom of expression online answers essential questions regarding the extent and limits of freedom of expression online and the role of social networks courts states and organisations in online communication spaces In clear language with vivid examples spanning two decades of internet law the authors answer questions on freedom of expression in cyberspace Addressing issues from the protection of bloggers to the right to access online information the publication also shows the importance of the standard setting monitoring and promotion activities of international and non governmental organisations and includes a chapter on relevant national practice It pays special attention to the role of European human rights law and the Council of Europe as this region s most important human rights organisation

**The Edinburgh Review** ,1912      **Shields' Magazine** ,1907      **Uncovered** Steve Krakauer,2023-02-21 From the COVID lab leak theory to Hunter Biden s laptop to Jeffrey Epstein media critic and former CNN producer Steve Krakauer spotlights the problems of a news industry filled with geographically isolated introspection free egomaniacal journalists In *Uncovered America* s sharpest media critic former CNN insider Steve Krakauer reveals exactly what went wrong and why the media went off the rails The fourth estate is supposed to be a conduit to the people and a check on power But instead we have geographically isolated introspection free cozy with power egomaniacal journalists thirsty for elite approval Krakauer dives deep into some of the most egregious examples of the elite censorship collusion racket like how tech suppression and media fear led to the New York Post Hunter Biden email debacle before the 2020 election Krakauer takes readers inside CNN after the shock Trump election inside the New York Times after the Tom Cotton op ed backlash inside ESPN after the shift away from sports only coverage and more No one understands these problems and people better than Krakauer He has spent years getting to know the most influential players in the industry and this fascinating book is what he s learned But most importantly Krakauer equips readers with the crucial tools to sniff out when the press is lying or misleading the people of America in the future so together we can bypass them altogether Steve Krakauer s new book *Uncovered* is vital reading It s the best and most perceptive deep dive into legacy media bias out there from someone who knows where all the bodies are buried Ben Shapiro One of the most insightful critiques that has been published on this topic in years Glenn Greenwald      *Hearings* United States. **Persons & Politics of the Transition** Arthur Anthony Baumann,1916      "National Council" Conference United

States. Congress. Senate. Committee on Manufactures, 1938      *The Economist*, 1996      **The Proletarian Revolution and the Renegade Kautsky** Vladimir Lenin, 2022-09-15

In *The Proletarian Revolution and the Renegade Kautsky* Vladimir Lenin offers a scathing critique of revisionism particularly targeting Karl Kautsky's approach to Marxism. The book is characterized by its polemical style rich with historical analysis and theoretical rigor marking a significant moment in the debates surrounding revolutionary theory in the early 20th century. Lenin dissects Kautsky's perceived betrayal of Marxist principles asserting that true revolution demands an unwavering commitment to proletarian struggle challenging readers to consider the implications of ideological purity in the face of opportunism. The text is situated within the fervent context of the Bolshevik Revolution emphasizing the urgency of Lenin's arguments as Russia emerged from imperialistic oppression. Lenin, a pivotal figure in the establishment of the Soviet state, approached this work from the lens of revolutionary practicalities and theoretical foundations. His experiences in the revolutionary movement including his opposition to leading figures like Kautsky galvanized him to clarify the importance of maintaining a revolutionary stance. This work encapsulates his vision for a radical socialist agenda in the context of a shifting European landscape grappling with class struggle and imperialism. For scholars of revolutionary theory political philosophy and those interested in the dynamics of Marxist thought this book stands as an essential read. Lenin's sharp analysis not only illuminates the ideological battlegrounds of his time but also holds relevance for contemporary discussions on socialism and communism. Readers seeking to understand the intricacies of Marxist thought and its evolution will find this text both enlightening and indispensable.

Revenge Michael Cohen, 2023-10-17

A New York Times USA Today Publishers Weekly and Wall Street Journal bestseller. The man the New York State Attorney General credited with inspiring her prosecution of Donald Trump. New York Times number one bestselling author Michael Cohen tells the behind the scenes story of what can happen to you and what really happened to him when a President who believes himself to be above the law decides to go after his critics. When Michael Cohen's secret payoff to porn star Stormy Daniels on behalf of Donald Trump made Cohen look like a liability to the by then President of the United States the end to their decade long relationship came swiftly with a knock on the door from the FBI. Soon Cohen would find himself imprisoned even though he had plenty of evidence to show he was innocent of most of the charges. Meanwhile with the release of the Steele Dossier Cohen also found himself battling endless news reports citing the Dossier's claims that he'd had clandestine dealings with Russia reports that only mounted despite his exoneration by the Mueller Report. In a story now being echoed in recent breaking news stories about IRS persecution of Trump foes such as former FBI head James Comey and others Cohen details in his inimitable blunt language with absolutely no holds barred and naming names his attempt to clear his name and tell the truth about Donald Trump. Chillingly he also makes clear what happens when you try to speak truth to power and the power knows no bounds.
