## So You Built It And They Didn't Come Now What:

**So You Built it and They Didn't Come** Jackie Bassett, 2006 When you look at all of the innovation that has been added to the world in just the last one hundred years it is absolutely astounding how far we've come Start ups endeavor to capture that innovation and make its benefits available to those whose lives will be forever improved by it Yes there can be great wealth and fame for those intrepid entrepreneurs who dare beyond the dream to actual execution But there is also great risk and no guarantees Today the barriers to starting a company are almost too low and that can seduce an entrepreneur to build without truly thinking the idea through to its rightful conclusion It's just full speed ahead of the competition even when there isn't any It's millions of investment dollars spent on a product with no customers yet It's build it and they will come Well what if they didn't come What are you going to do now This is a far different situation than when you were driving the original idea selling the vision seeking and getting the intoxicating Wow's when everyone would talk to you and everyone was chasing you to share his or her sage But when you've built it and they didn't come when you have that epiphany that maybe they aren't ever coming when the buzz and the fervor turn into fear uncertainty and doubt where do you turn Well I've accepted that I can't get to every start up's CEO before he builds a product with no orders for it He wouldn't listen anyway as most are too busy building to listen then But what I can do is help him figure out his Now What when it happens This book is not about theory It's true stories with practical advice on what to do next Getting it right creates jobs provides for the future of the families involved brings products to the world that can forever improve lives and bring benefits to our global economy It is with great courage that these Executives so candidly have shared their own true stories of how they came to their Now What moment and what they did to get it right No one told them now they openly will tell you Hearings Before and Special Reports Made by Committee on Armed Services of the House of Representatives on Subjects Affecting the Naval and Military Establishments , Hearings ... on Sundry Legislation Affecting the Naval and Military Establishments United States.

*Four Geminis and a Jacuzzi* Geraldine Murfin-Shaw, 2008-08-22 Tired of looking down holes in the road for a real man Sally can't believe her luck when she finds one on a building site Rough bearded and covered in cement dust he is just what she is looking for But Jimmy Pinchbeck is the site owner on his day off and turns up to take her out wearing an Italian suit and white shoes and driving a Merc He is nuts on blondes crazy about Abba and appointing Sally as chef at his sordid sports club is all his dreams rolled into one What happens next is a trial of strength between diametric opposites Jimmy the

archetypal conman knows every trick in the book but even he can't find out what makes Sally tick Read about shenanigans with staff and jollies in the jacuzzi as the club lurches from one financial crisis to another and Jimmy talks his way out of everything while Sally struggles to hold the catering enterprise together and defend her staff from his depredations

**Great Thoughts from Master Minds**, 1904      **The Making of a Refugee** Tasoulla Hadjiyanni, 2002-03-30 Through an examination of interviews provided by 100 children of refugees in Cyprus born after their family's displacement Hadjiyanni illustrates the formation of a refugee consciousness an identity adopted by many children who never experienced the actual displacement of their family Focusing on the process by which a child born into a refugee family develops a refugee identity the book identifies nine dimensions that inform this consciousness Establishing the family as the primary transmitter of the refugee identity and the child as its constructor the author points to the power of homeplace in forming and supporting such an identity The book challenges the notion that refugee consciousness is a separate identity and a crisis by reinterpreting it as a resistance to adversity Shedding new light on what it means to be a refugee this work is a welcome addition to the field Beginning with a discussion of the meaning of the term refugee and how it has been adopted by the children of some refugees in Cyprus the author moves to an examination of the meaning of past and present to the formation of a refugee consciousness She then looks to the causes of such identity formation focusing on the transference of identity from parent to child and the effects of past loss on children who have not actually experienced displacement Housing issues are also examined as a contributing factor as refugee housing is typically distinct and constrained compared to housing for native citizens of a community The author concludes her work with a discussion of the implications of the Cyprus example for both the future and for general refugee studies      *Military Construction Authorization Fiscal Year 1968* United States.
