Sochineniia Iosifa Brodskogo Tom 4:

Written for the Drawer Brett Winestock, 2024 Russian Jewish writer Leonid Tsypkin 1926-82 a doctor by trade wrote primarily for the drawer fearing professional consequences if he were to publish his fiction Despite Tsypkin's almost complete lack of readership during his lifetime his work has received international posthumous recognition with Susan Sontag calling his work among the most beautiful exalting and original achievements of a century's worth of fiction Tsypkin's autobiographical writing explored the impossibility of being both a Russian writer and a Soviet Jew employing indirection and referentiality In the first book-length appraisal of Tsypkin and his work Brett Winestock considers Tsypkin's fiction as part of a transnational literary response to the horrors of the twentieth century a reception that helps explain his much belated international readership Through close readings of Tsypkin's work in the context of late Soviet cultural worlds Winestock makes an important contribution to studies of Jewish Soviet writing and identity Architecture of Oblivion Andreas Schönle, 2011-06-01 Despite attempts to promote the aesthetics of ruins in Russia from Catherine the Great's construction of fake ruins in imperial parks to Josef Brodsky's elegiac meditations ruins have never achieved the status they enjoy in Western Europe While the Soviet Union was notorious for leveling churches post-Soviet Russia has only intensified the practice of massive destruction and reconstruction Architecture of Oblivion examines the role of ruins in the development of Russia's historical consciousness from the eighteenth century to the present Investigating the meaning and functions ruins have acquired in Russian culture Schönle looks at ideological reasons for the current disregard for the value of ruins and historical buildings in particular by political authorities and reveals how ruins have often become a site of resistance to official ideology and an invitation to map out alternative visions of history and of statehood An interdisciplinary study of Russia's response to ruins has never been attempted although the topic of ruins has garnered considerable interest in Western Europe and in the U.S. This original work from a leading authority on the subject will appeal to historians of Russian culture and thought literature and art scholars and general readers interested in ruins **Snapshots of the Soul** Molly Thomasy Blasing, 2021-07-15 Snapshots of the Soul considers how photography has shaped Russian poetry from the early twentieth century to the present day Drawing on theories of the lyric and the elegy the social history of technology and little-known archival materials Molly Thomasy Blasing offers close readings of poems by Boris Pasternak Marina Tsvetaeva Joseph Brodsky and Bella Akhmadulina as well as by the late and post-Soviet poets Andrei Sen Senkov Arkadii Dragomoshchenko and Kirill Medvedev to understand their fascination with the visual language representational power and metaphorical possibilities offered by the camera and the photographic image Within the context of long-standing anxieties about the threat that visual media pose to literary culture Blasing finds that these poets were attracted to the affinities and tensions that exist between the lyric or elegy and the snapshot Snapshots of the Soul reveals that at the core of each poet's approach to writing the photograph is the urge to demonstrate the superior ability of poetic language to capture and convey human experience

Open Access edition funded by the National Endowment for the Humanities **Brodsky Abroad** Sanna Turoma, 2010-05-26

Expelled from the Soviet Union in 1972 and honored with the Nobel Prize fifteen years later poet Joseph Brodsky in many ways fit the grand tradition of exiled writer But Brodsky's years of exile did not render him immobile though he never returned to his beloved Leningrad he was free to travel the world and write about it In *Brodsky Abroad* Sanna Turoma discusses Brodsky's poems and essays about Mexico Brazil Turkey and Venice Challenging traditional conceptions behind Brodsky's status as a leading migr poet and major descendant of Russian and Euro American modernism she relocates the analysis of his travel texts in the diverse context of contemporary travel and its critique Turoma views Brodsky's travel writing as a response not only to his exile but also to the postmodern and postcolonial landscape that initially shaped the writing of these texts In his Latin American encounters Brodsky exhibits disdain for third world politics and invokes the elegiac genre to reject Mexico's postcolonial reality and to ironically embrace the romanticism of an earlier Russian and European imperial age In an essay on Istanbul he assumes Russia's ambiguous position between East and West as his own to negotiate a distinct and controversial interpretation of Orientalism And Venice the emblematic tourist city becomes the site for a reinvention of his lyric self as more fluid hybrid and cosmopolitan *Brodsky Abroad* reveals the poet's previously uncharted trajectory from alienated dissident to celebrated man of letters and offers new perspectives on the geopolitical philosophical and linguistic premises of his poetic imagination **Madness and the Mad in Russian Culture** Angela Brintlinger, Ilya Vinitsky, 2015-11-26 The problem of madness has preoccupied Russian thinkers since the beginning of Russia's troubled history and has been dealt with repeatedly in literature art film and opera as well as medical political and philosophical essays Madness has been treated not only as a medical or psychological matter but also as a metaphysical one encompassing problems of suffering imagination history sex social and world order evil retribution death and the afterlife *Madness and the Mad in Russian Culture* represents a joint effort by American British and Russian scholars historians literary scholars sociologists cultural theorists and philosophers to understand the rich history of madness in the political literary and cultural spheres of Russia Editors Angela Brintlinger and Ilya Vinitsky have brought together essays that cover over 250 years and address a wide variety of ideas related to madness from the involvement of state and social structures in questions of mental health to the attitudes of major Russian authors and cultural figures towards insanity and how those attitudes both shape and are shaped by the history culture and politics of Russia Joseph Brodsky Joseph Brodsky, 2002 Biography Literary Criticism Joseph Brodsky 1940 1996 is unquestionably the greatest poet to emerge from postwar Russia and one of the great minds of the last century After his expulsion from the Soviet Union in 1972 Brodsky transformed himself from a stunned and unprepared emigre into as he himself termed it a Russian poet an English essayist and of course an American citizen In interviews from 1972 to 1995 *Joseph Brodsky Conversations* covers the course of his exile The last interview dates from just ten weeks before his death In talks he calibrates the process of his remarkable reinvention from a

brilliant brash but decidedly provincial Leningrad poet to an international man of letters and an erudite Nobel Prize laureate Brodsky's poetry earned him a Nobel and his essays won him awards and international acclaim This volume shows that there was a third medium in addition to poetry and essays in which Brodsky excelled the interview Although he said that in principle prose is simply spilling some beans which poetry sort of contains in a tight pod he nevertheless emerges as an extraordinary and inventive conversationalist This volume includes not only his notable interviews that helped consolidate Brodsky's international reputation but also early and hard to find interviews in journals that have since disappeared Cynthia L Haven is a literary critic at the San Francisco Chronicle and a regular contributor to Times Literary Supplement the Los Angeles Times Book Review the Cortland Review and Stanford Magazine Her work also has been published in Civilization the Washington Post and the Georgia Review

Silence and the Rest Sofya Khagi, 2013-08-31 Silence and the Rest argues that throughout its entire history Russian poetry can be read as an argument for verbal skepticism positing a long running dialogue between poets philosophers and theorists central to the antiverbal strain of Russian culture

Work Flows Maya Vinokour, 2024-02-15 Work Flows investigates the emergence of flow as a crucial metaphor within Russian labor culture since 1870 Maya Vinokour frames concern with fluid channeling as immanent to vertical power structures whether that verticality derives from the state as in Stalin's Soviet Union and present day Russia or from the proliferation of corporate monopolies as in the contemporary Anglo American West Originating in pre revolutionary bio utopianism the Russian rhetoric of liquids and flow reached an apotheosis during Stalin's First Five Year Plan and re emerged in post Soviet managed democracy and Western neoliberalism The literary philosophical and official texts that Work Flows examines give voice to the Stalinist ambition of reforging not merely individual bodies but space and time themselves By mobilizing the understudied thematic of fluidity Vinokour offers insight into the nexus of philosophy literature and science that underpinned Stalinism and remains influential today Work Flows demonstrates that Stalinism is not a historical phenomenon restricted to the period 1922 1953 but a symptom of modernity as it emerged in the twentieth century Stalinism's legacy extends far beyond the bounds of the former Soviet Union emerging in seemingly disparate settings like post Soviet Russia and Silicon Valley

Russian Writers Since 1980 Marina Balina, Mark Naumovich Lipovet[skii], 2004 Focuses on the highly diverse and controversial literary and cultural life in Russia during the last twenty years of the past century Major shifts on the political scene influenced Russian literature of these past two decades Literature managed to find in the political and historical turbulence of this period a source of powerful artistic insight

Slavic Review, 2005 *Russian Studies in Literature*, 2006

Nobel Prize Laureates in Literature, 2007
