Social Change In Iran An Eyewitness Account Of Dissent Def:

Social Change in Iran Behzad Yaghmaian, 2012-02-01 Social Change in Iran is an inquiry into the recent changes in Iran blending scholarly analysis eyewitness accounts and the author's personal experiences It tells the stories of everyday people be it young men and women challenging the cultural and social mandates of the Islamic Republic or workers toiling at multiple jobs to overcome harsh economic realities This passionate homage to the people of Iran as told by a native is a glimpse into the human feelings and aspirations of a people subjected to varying forms of violence at home and widespread misunderstanding abroad At the same time Yaghmaian provides an informed analysis of the widening political divide within the state and the emergence of a movement for reform both of which have shaken the seemingly indisputable foundations of the Islamic Republic

The Literature of the Iranian Diaspora Sanaz Fotouhi, 2015-04-03 The 1979 Revolution in Iran caused the migration of millions of Iranians many of whom wrote and are still writing of their experiences Formed at the junctions of Iranian culture English language and Western cultures this body of work has not only formed a unique literary space offering an insightful reflection of Iranian diasporic experiences and its shifting nature but it has also been making a unique and understudied contribution to World Literatures in English as significant as Indian African and Asian writing in English Sanaz Fotouhi here traces the origins of the emerging body of diasporic Iranian literature in English and uses these origins to examine the socio political position and historical context from which they have emerged Fotouhi brings together introduces and analyses for the first time a significant range of diasporic Iranian writers alongside each other and alongside other diasporic literatures in English While situating this body of work through existing theories such as postcolonialism Fotouhi sheds new light on the role of Iranian literature and culture in Western literature by showing that these writings distinctively reflect experiences unique to the Iranian diaspora Analysing the relationship between Iranians and their new surroundings by drawing on theories of migration narration and identity Fotouhi examines how the literature borne out of the Iranian diaspora reconstructs maintains and negotiates their Individual and communal identities and reflects today's socio political realities This book will be vital for researchers of Middle Eastern literature and its relationship with writings from the West as well as those interested in the cultural history of the Middle East

After Jihad Noah Feldman, 2007-05-15 A lucid and compelling case for a new American stance toward the Islamic world What comes after jihad Outside the headlines believing Muslims are increasingly calling for democratic politics in their undemocratic countries But can Islam and democracy successfully be combined Surveying the intellectual and geopolitical terrain of the contemporary Muslim world Noah Feldman proposes that Islamic democracy is indeed viable and desirable and that the West particularly the United States should work to bring it about not suppress it Encouraging democracy among Muslims threatens America's autocratic Muslim allies and raises the specter of a new security threat to the West if fundamentalists are elected But in the long term the greater threat lies in continuing to support repressive regimes that have lost the confidence of their citizens By siding

with Islamic democrats rather than the regimes that repress them the United States can bind them to the democratic principles they say they support reducing anti Americanism and promoting a durable peace in the Middle East After Jihad gives the context for understanding how the many Muslims who reject religious violence see the world after the globalization of democracy It is also an argument about how American self interest can be understood to include a foreign policy consistent with the deeply held democratic values that make America what it is At a time when the encounter with Islam has become the dominant issue of U S foreign policy After Jihad provides a road map for making democracy work in a region where the need for it is especially urgent **Shi'i Theology in Iran** Ori Goldberg,2011-09-12 Metaphor and identity The discursive personality Stuck in the middle with you A double edged sword Anxiety and discourse Theology and duality Mediated deliverance Faith Wheel within a wheel Faith as core and structure Silence fraught with meaning

Tamney, 2002-02-11 The recent growth and popularity of conservative churches contradicts the idea that late modern societies have outgrown the need for such relics of the past as traditionalist religions In this book Joseph Tamney offers an explanation for this this apparent incongruity by looking at the case of growing popular conservative Protestant congregations in the United States His findings represent a synthesis of ideas from supporters of secularization theory and from those who stress the competitive market of churches in America as a factor in church growth **The Middle East, Abstracts and Index**, 2001 *The Revolutionary City* Mark R. Beissinger, 2022-04-12 How and why cities have become the predominant sites for revolutionary upheavals in the contemporary world Examining the changing character of revolution around the world The Revolutionary City focuses on the impact that the concentration of people power and wealth in cities exercises on revolutionary processes and outcomes Once predominantly an urban and armed affair revolutions in the twentieth century migrated to the countryside as revolutionaries searched for safety from government repression and discovered the peasantry as a revolutionary force But at the end of the twentieth century as urban centers grew revolution returned to the city accompanied by a new urban civic repertoire espousing the containment of predatory government and relying on visibility and the power of numbers rather than arms Using original data on revolutionary episodes since 1900 public opinion surveys and engaging examples from around the world Mark Beissinger explores the causes and consequences of the urbanization of revolution in the late twentieth and early twenty first centuries Beissinger examines the compact nature of urban revolutions as well as their rampant information problems and heightened uncertainty He investigates the struggle for control over public space why revolutionary contention has grown more pacified over time and how revolutions involving the rapid assembly of hundreds of thousands in central urban spaces lead to diverse ad hoc coalitions that have difficulty producing substantive change The Revolutionary City provides a new understanding of
