Bredesen, 2022-05-01 Many of us dream of writing a book but life is always in the way We wondered if the dream could become a reality after life gets simpler Or for those of us of a certain age after retirement If you are approaching retirement and thinking that you would like to be a writer or any other creative endeavor then this book is for you Writing in retirement differs from writing earlier in our lives We have more experience the maturity of years and more wrinkles Retirement brings the gift of more time A few years before I retired I decided to turn the writing dream into reality So I set out to learn what writing after retirement was all about The craft The tools The business I needed to answer questions like Why am I writing and How do I start I wrote this book to organize my thoughts and to help others on the same journey Your journey will certainly differ from mine You will have different answers to the questions This book will help you create your own journey to becoming a writer when you retire American Book Publishing Record , 1999 Sawtooth Sunset Ranch Naomi Wadsworth, 2003-08 This book proposes that a new sense of self is emerging in human beings It is a divine or Christ sense of self that transcends the current ego sense of self as the lord of one's being It is a change in human nature Unlike previous evolutionary steps this one happens in human consciousness When this new sense of self is experienced an individual gains an unprecedented ability to create a life abundantly full of meaning satisfaction and joy This new life is characterized by reduced struggle and stress and increased peace of mind This book presents a proven way to experience this new sense of self through the principles of Evolutionary Spirituality They are presented as an evolved form of the twelve steps well known to the recovery community This transformational change in human consciousness is a natural continuum of five billion years of the evolution of life on earth This evolutionary approach to growth and change is different and more effective than others because it provides a new kind of release from self condemnation This release makes it possible for people to break through the denial that is the main stumbling block to authentic transformation The reader will be able to see how this evolutionary approach makes the teachings of Jesus Christ more understandable accessible and practical **NTSU Books** , 1970
