## **The 1982 Cuban Joint Venture Law Context Assessment And Prospects:**

The 1982 Cuban Joint Venture Law Jorge F. Pérez-López, 1985      *Problems of Communism*, 1986      *Cuban Studies* 23  
Jorge Perez-Lopez, 1994-01-15 Cuban Studies has been published annually by the University of Pittsburgh Press since 1985  
Founded in 1970 it is the preeminent journal for scholarly work on Cuba Each volume includes articles in both English and  
Spanish a large book review section and an exhaustive compilation of recent works in the field      The Cuban Economy  
Antonio Jorge, Jaime Suchlicki, 1989-01-01      **Cuba's Foreign Policy In The Middle East** Damian J Fernandez, 2021-11-18  
In spite of the growing academic interest in Cuba's international relations in the revolutionary period Cuba's policy toward  
the Middle East has been a neglected field of study Although the Middle East has not been a high priority item on Fidel  
Castro's agenda various factors have combined to propel the regime into taking a more active stance in the region not least  
of which is the importance of the Middle East to the Soviet Union Some of these factors have been ideological such as the  
nature of Castroism itself Other factors have been more pragmatic the need to increase Cuba's leverage with the Soviet  
Union the desire to establish spheres of interest of its own in the Third World the attempt to use external politics to soothe  
internal problems and the wish to maximize the prestige of the Cuban revolution and by extension that of its leader maximo  
Since 1959 Havana's Middle Eastern policy has experienced four stages 1 1959 1973 Autonomous foreign policy marked by a  
dual relationship with both Israel and the Arab states 2 1973 1977 Accommodation to the Soviet line anti Israeli policy  
combined with an expansion of relations with progressive states signalled by the establishment of Cuban military missions 3  
1977 1980 Activist policy in the region expanded role and development of diplomatic relationships 4 1981 to the present  
1985 Cautious involvement restrained activism emphasizing socio economic cooperation Cuba's incursion into the Arab world  
illuminates how Cuban foreign policy works especially in relation to autonomy convergence and subordination dependence  
pragmatism and ideology The island's entrance into Middle East politics has introduced new risks into the island's foreign  
policy in return for the benefits which have been derived A theory to explain Cuba's foreign policy in its interaction with the  
Soviet Union in the Third World must include heretofore neglected variables time regime type and factionalism bureaucratic  
politics in addition to external events The study of Cuba's initiatives in the Middle East will serve to test this theory
