Vornberg, 2002-10-16 Veteran educators Seifert and Vornberg utilize the six standards created by the Interstate School Leaders Consortium ISLLIC and used in developing and redesigning preparation programs and state certification examinations to discuss those issues faced by practicing elementary and secondary school principals Each chapter begins with a short case study emanating from a fictitious school district and culminates with student activities that address the concepts discussed in the chapter Questions and activities follow and provide the reader with an opportunity to apply the concepts discussed This design makes it an ideal text for use with principal certification programs offered by higher education units and other alternative certification programs The practice of the principalship is viewed by the authors as a systematic process that addresses the operation of a school as a set of interrelated parts and skills that work together to create a self correcting model of student learning teaching and stakeholder participation An instructor's manual is available as a separate publication *The Schooling of a 21st Century Principal* Michael Cahill, 2022-02-25 The Schooling of a 21st Century Principal traces the author's journey to the principalship a career goal nowhere to be found on his bucket list He took the reins knowing his middle school faced some daunting tasks however he would soon discover that it was the extraordinary events changes and challenges of a new millennium that would present the greatest arc of learning on the job Michael Cahill led his building using a collaborative team approach a style that sustained him in his first year during the dark days of 9 11 and throughout his school's exponential growth evolving student needs and radical reforms Indeed a reformation in education was underway in schools across the nation This compelling and unique memoir offers a personal and rare inside glimpse into the evolving and formidable roles and responsibilities principals face in a world of shifting social norms rising expectations demoralized teachers technology dependence cyberbullying school shootings and mounting student mental health distress **The 21st-century Principal** Milli Pierce, Deborah L. Stapleton, 2003 The essays in this volume examine the future of public schooling in the United States and what it will mean to be a leader in public schools It focuses on the issues most likely to have an impact on American society within the next 20 years The essays are as follows Introduction Milli Pierce Deborah L Stapleton The Limits of Change Richard F Elmore The Six Principles of Effective Accountability Douglas B Reeves The Challenge of a Changing Nation Marcelo M Suarez Orozco Does More Choice Mean Less Equity Chester E Finn Jr Closing the Achievement Gap Belinda Williams Using Afterschool Programs to Raise Achievement Gil G Noam and Learning to Challenge Assumptions Richard Rothstein Some essays are followed by responses by other authors All essays are followed by suggested discussion questions WFA Instructor's Manual for The New School Leader for the 21st Century Edward H.
