

The Abortion Debate

Maureen Muldoon

The Abortion Debate:

The Abortion Debate Johannah Haney, 2009-01-01 Examines the debate over abortion discussing both the pro life and pro choice sides of the argument the history and laws on abortion in the United States and finding a middle ground on the issue Provided by publisher

Contested Lives Faye D. Ginsburg, 1998-09-01 Based on the struggle over a Fargo North Dakota abortion clinic *Contested Lives* explores one of the central social conflicts of our time Both wide ranging and rich in detail it speaks not simply to the abortion issue but also to the critical role of women s political activism A new introduction addresses the events of the last decade which saw the emergence of Operation Rescue and a shift toward more violent even deadly forms of anti abortion protest Responses to this trend included government legislation a decline in clinics and doctors offering abortion services and also the formation of Common Ground an alliance bringing together activists from both sides to address shared concerns Ginsburg shows that what may have seemed an ephemeral artifact of Midwestern feminism of the 1980s actually foreshadowed unprecedented possibilities for reconciliation in one of the most entrenched conflicts of our times

Beyond Pro-life and Pro-choice Kathy Rudy, 1996 *Beyond Pro Life and Pro Choice* is a gift to all who want to expand their understanding of the religious moral and philosophical aspects of the abortion debate Ethicist Kathy Rudy examines four systems of belief Catholicism evangelical Protestantism feminism and classical liberalism as expressed in the medical profession and reveals the role abortion plays in each She shows why in each case ideas about abortion are unlikely to change because they emerge from each community s deeply held values and concerns which vary from community to community She demonstrates that constructing the abortion debate as a choice between pro life and pro choice has distorted and misrepresented the ways that many people relate to the issue of abortion and has obscured the diversity of belief both among and within communities and individuals Finally she offers a provocative alternative that would allow every community involved to more freely develop and express its views about the morality of abortion

After Roe Mary Ziegler, 2015-06-08 In the decade after the 1973 Supreme Court decision on abortion advocates on both sides sought common ground But as pro abortion and anti abortion positions hardened over time into pro choice and pro life the myth was born that Roe v Wade was a ruling on a woman s right to choose Mary Ziegler s account offers a corrective

The Abortion Debate in the World Arena Andrzej Kulczycki, 1999 Using extensive interviews including discussions with heads of state and church and original research in Kenya Mexico and Poland Andrzej Kulczycki examines how cultural history women s movements the Catholic Church and transnational influences have shaped abortion policies in those nations and beyond

[The Pro-Life/Choice Debate](#) Mark Y. Herring, 2003-07-30 Herring examines the issue from the debate s origin to its current state and expected future Narrative chapters include discussions of the pro and con arguments associated with abortion featuring quotes from doctors politicians religious figures and ordinary people

The Middleground Bhavani Sitaraman, 1994

Pro-Life, Pro-Choice Bertha Alvarez Manninen, 2014-09-05 In this provocative and accessible book the author defends a pro choice

perspective but also takes seriously pro life concerns about the moral value of the human fetus questioning whether a fetus is nothing more than mere tissue She examines the legal status of the fetus in the recent Personhood Amendments in state legislatures and in Supreme Court decisions and asks whether Roe v Wade should have focused on the viability of the fetus or on the bodily integrity of the woman Manninen approaches the abortion controversy through a variety of perspectives and ethical frameworks She addresses the social circumstances that influence many women s decision to abort and considers whether we believe that there are good and bad reasons to abort Manninen also looks at the call for post abortion fetal grieving rituals for women who desire them and the attempt to make room in the pro choice position for the views of prospective fathers The author spells out how the two sides demonize each other and proposes ways to find degrees of convergence between the seemingly intractable positions

The Abortion Debate in the United States and Canada

Maureen Muldoon, 2021-03-19 First published in 1991 Over the last twenty five years or so the debate on abortion has not moved any closer to resolution in either the United States or Canada The courts the legislatures the pulpits the classrooms the hospitals and clinics and the media have provided the forums for this on going struggle Two groups of activists have dominated the debate The opponents of abortion who are referred to as anti abortion or pro life advocate restrictive policies on abortion while the pro choice groups direct their attempts to creating a permissive policy that allows a woman to make her own decision The anti abortion advocates and the pro choice advocates alike have learned the skills and developed the strategies to advance their own positions Whatever legal and public policy gains are made by one side are often countered by moves from their opponents There is available a vast amount of material related to the topic of abortion From the extensive and diverse literature this book draws a collection of relevant materials primarily representing aspects of the sociological philosophical religious and legal aspects of the abortion issue Its purpose is to serve as a source bode for those interested in seeing how the abortion debate has been conducted within the recent past The book also serves as a reference work for further study

The Politics of Virtue Elizabeth Mensch, Alan Freeman, 1993 Fiercely committed to the separation of church and state thoroughly pluralistic largely secular Where does a society like ours find common terms for conducting a moral debate In view of the crises surrounding the issue of abortion it is tempting to answer nowhere In this timely and provocative book Elizabeth Mensch and Alan Freeman urge that we challenge the extremes of both the pro life and pro choice views of the abortion issue and affirm the moral integrity of compromise Attempting to restore a level of complexity to the discussion and to enrich public debate so that we may move beyond our current impasse the authors argue that it is essential to understand how issues of legal rights and theological concerns interact in American public debate Returning to the years leading up to Roe v Wade Mensch and Freeman detail the role of religion and its relationship to the emerging politics of abortion Discussing primarily the natural law tradition associated with Catholicism and the Protestant ethical tradition the authors focus most sharply on the 1960s in which the present terms of the abortion debate were set In a skillful

analysis they identify a variety of factors that directed and shaped the debate including among others the haunting legacy of Nazism the moral challenge of the civil rights movement the God is dead discourse school prayer and Bible reading Harvey Cox's *The Secular City* the Berrigans and Vietnam the animal rights movement and the movement of the church going population away from mainstream Protestant tradition toward evangelical fundamentalism By criticizing the rhetoric employed by both the pro choice and pro life camps Mensch and Freeman reveal the extent to which forces on either side of the issue have failed to respond to relevant concerns Since *Roe v Wade* the authors charge public debate has seemed to concede the moral high ground to the pro life position while the pro choice rhetoric has appeared to defend an individual's legal right to do moral wrong Originally published as a special issue of *The Georgia Law Review* Spring 1991 this revised and expanded edition will be welcomed by all those frustrated by the impasse of debates so central to our nation's moral life

The Abortion Debate Claudia Caruana, 1992 Examines historic and contemporary legal decisions regarding abortion on both the state and federal levels **Interests in Abortion** Tracie Martin, 2018-02-06 This title was first published 2000 Ever since Michael Tooley published his article on Abortion and Infanticide in 1972 the abortion debate has revolved around questions such as What is a person What is it that gives persons the right to life and Is it wrong to kill potential persons This study defends a position that accepts elements from both the liberal and conservative tradition Following Tooley Tracie Martin understands personhood in terms of psychological states and agrees that early fetuses who lack the relevant mental states are not persons While this might seem a victory for the liberal tradition Martin then goes on to provide an empirically based argument for the view that by 24 weeks gestation fetuses have acquired the relevant characteristics that provide strong grounds for thinking that it is directly wrong to kill such fetuses **The Abortion Controversy** Louis P.

Pojman, Francis Beckwith, 1994 Pro and con articles on abortion including Supreme Court decision *Roe v Wade* Webster v Reproductive Health Services and *Planned Parenthood v Casey* *Before Roe V. Wade* Reva B. Siegel, 2012 As the landmark *Roe v Wade* decision reaches its 40th anniversary abortion remains a polarizing topic on America's legal and political landscape Blending history culture and law *Before Roe v Wade* explores the roots of the conflict recovering through original documents and first hand accounts the voices on both sides that helped shape the climate in which the Supreme Court ruled Originally published in 2010 this new edition includes a new Afterword that explores what the history of conflict before *Roe* teaches us about the abortion conflict we live with today Examining the role of social movements and political parties the authors cast new light on a pivotal chapter in American history and suggest how *Roe v Wade* the case became *Roe v Wade* the symbol Cover p 4 *The Abortion Debate* Lori Montgomery, 1986 **Beyond the Abortion Wars: A Way Forward for a New Generation** Camosy, 2016-09 Now in paperback A terribly timely take on the polarized abortion debate The abortion debate in the United States is confused Ratings driven media coverage highlights extreme views and creates the illusion that we are stuck in a hopeless stalemate In this book published in hardcover in March 2015 Charles Camosy argues that our

polarized public discourse hides the fact that most Americans actually agree on the major issues at stake in abortion morality and law Unpacking the complexity of the abortion issue Camosy shows that placing oneself on either side of the typical polarizations pro life vs pro choice liberal vs conservative Democrat vs Republican only serves to further confuse the debate and limits our ability to have fruitful dialogue Camosy then proposes a new public policy that he believes is consistent with the beliefs of the broad majority of Americans and supported by the best ideas and arguments about abortion from both secular and religious sources

Breaking the Abortion Deadlock Eileen McDonagh, 1996-10-24 For over twenty years the abortion debate has raged with each side entrenched in unyielding positions This book breaks the impasse by using pro life premises to reach pro choice conclusions While it is commonly assumed that state protection of the fetus as a form of human life undermines women s reproductive rights McDonagh instead illuminates how it is exactly such state protection of the fetus that strengthens rather than weakens not only women s right to an abortion but even more significantly women s ability to call on the state for abortion funding McDonagh s approach by bridging the divide between pro life and pro choice advocates revolutionizes the abortion debate in a way that opens up a whole new avenue for resolving the abortion conflict and advancing women s rights McDonagh reframes the abortion debate by locating the missing piece of the puzzle the fetus as the cause of pregnancy After exposing the myths on this subject her exacting analysis presents the scientific and legal evidence that the ultimate source of pregnancy is the fetus The central issue then becomes what the fetus as an active agent does to a woman s body during pregnancy whether that pregnancy is wanted or not McDonagh graphically describes the massive changes produced by the fetus when it takes over a woman s body As such pregnancy is best depicted not as a condition that women have a right to choose but rather as a condition to which they must have a right to consent Abortion therefore does not rest on the intensely debated principle stated in Roe that women have a right to be free from state interference when choosing privately what to do with their own bodies Instead as McDonagh s book explains abortion rights flow inevitably from women s more established right to consent to what another agent does to their body Specifically women have a right to resist an unwanted intrusion by a fetus as well as to receive help from the state to stop such an intrusion Moving abortion rights from choice to consent has broad legal and cultural ramifications tapping into the very cornerstone of the American political system consent McDonagh unravels the consequences of extending to pregnant women the same guarantees of bodily integrity and liberty possessed by others in our society Specifically she shows why a woman who does not consent to be made pregnant by a fetus not only has a right to terminate pregnancy but why the state violates constitutional due process and equal protection guarantees when it fails to provide her with the same protections against nonconsensual intrusions by a fetus as it provides against nonconsensual intrusions by other parties This book pivotally strengthens therefore not only women s right to abortion but also abortion funding By providing new grounds both for the public funding of abortion and for the removal of government restrictions on abortions it lays the foundation for enhancing

women's rights through major policy changes in legislatures and courts **The Abortion Debate** Craig Donnellan, 2006
People have very strong views about abortion. The arguments for and against abortion from a wide variety of points of view are presented in this book. The legal, moral, and health issues are also explored **The Ethics of Abortion** Christopher Kaczor, 2010-10-04
Appealing to reason rather than religious belief, this book is the most comprehensive case against the choice of abortion yet published. *The Ethics of Abortion* critically evaluates all the major grounds for denying fetal personhood, including the views of those who defend not only abortion but also infanticide. It also provides several non-theological justifications for the conclusion that all human beings, including those in utero, should be respected as persons. This book also critiques the view that abortion is not wrong even if the human fetus is a person. *The Ethics of Abortion* examines hard cases for those who are pro-life, such as abortion in cases of rape or in order to save the mother's life, as well as hard cases for defenders of abortion, such as sex selection, abortion, and the rationale for being personally opposed but publicly supportive of abortion. It concludes with a discussion of whether artificial wombs might end the abortion debate. Answering the arguments of defenders of abortion, this book provides reasoned justification for the view that all intentional abortions are morally wrong and that doctors and nurses who object to abortion should not be forced to act against their consciences Life Choice: The Theory of Just Abortion Lloyd H. Steffen, 1999-06-11
Is abortion murder or is abortion a choice? An issue which has divided America both politically and religiously, the abortion debate has built opposing walls that make compromise seem impossible. Lloyd Steffen uses compassionate insight and wisdom in analyzing both sides of the abortion debate and offers a unique platform by which all are invited to reason together.

The Abortion Debate Introduction

In today's digital age, the availability of The Abortion Debate books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Abortion Debate books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Abortion Debate books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Abortion Debate versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Abortion Debate books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Abortion Debate books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Abortion Debate books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Abortion Debate books and manuals for download have transformed the way we access information. They provide a cost-

effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Abortion Debate books and manuals for download and embark on your journey of knowledge?

FAQs About The Abortion Debate Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Abortion Debate is one of the best book in our library for free trial. We provide copy of The Abortion Debate in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Abortion Debate. Where to download The Abortion Debate online for free? Are you looking for The Abortion Debate PDF? This is definitely going to save you time and cash in something you should think about.
