Maria Montessori, a Relevant Story Grazia Honegger Fresco, 2023-11-07 Maria Montessori a Relevant Story is the best biography of Maria Montessori that I know of certainly in Italy but perhaps also in the world absolutely of the same value as Rita Kramer's historical one Grazia Honegger Fresco is a Montessorian in heart and soul endowed with a deep knowledge of Maria Montessori's life and work and her book is not a dull retelling of news already known nor a hagiography The author has done extensive research in Italy and abroad consulting original and private documents of Maria Montessori and her family and listening to those who knew Maria intimately The result is this wholly original masterpiece Carolina Montessori great granddaughter of Maria

Phenomenological Psychology J.J. Kockelmans, 2012-12-06 Over the past decades many books and essays have been written on phenomenological psychology Some of these publications are historical in character and were designed to give the reader an idea of the origin meaning and function of phenomenological psychology and its most important trends Others are theoretical in nature and were written to give the reader an insight into the ways in which various authors conceive of phenomenological psychology and how they attempt to justify their views in light of the philosophical assumptions underlying their conceptions Finally there are a great number of publications in which the authors do not talk about phenomenological psychology but rather try to do what was described as possible and necessary in the first two kinds of publications Some of these attempts to do the latter have been quite successful in other cases the results have been disappointing This anthology contains a number of essays which I have brought together for the explicit purpose of introducing the reader to the Dutch school in phenomenological psychology The Dutch school occupies an important place in the phenomenological movement as a whole Buytendijk was one of the first Dutch scholars to contribute to the field and for several decades he remained the central figure of the school
