The Book Buyer's Guide ,1960 A Connoisseur's Guide to the Books of Sir Winston Churchill Richard M. Langworth, Churchill Center, Washington, D.C.,1998 Aimed at students scholars collectors and dealers this guide to Winston Churchill s books is designed as a reference when hunting for or reading Winston Churchill s books Its purpose is to inform people of what they are holding in their hands and how to tell a first edition from a reprint In the Mind of Stalin James Greensmith,2023-04-06 On 1 October 1939 Winston Churchill First Lord of the Admiralty and soon to be the UK s wartime leader described Russia as a riddle wrapped in a mystery inside an enigma The same can certainly be said of Stalin How can this paradox of a man who on the one hand had once exhibited great tenderness and kindness to his daughter Svetlana and on the other sent millions including members of his own family to their deaths be explained It is impossible to quantify the total number of deaths attributable to the policies of Stalin but the Excess Mortality i e deaths over and above what would normally have been expected during the period in question gives an approximate figure in excess of 40 million However this

is only part of the story of the amount of misery inflicted by the Stalin regime through torture deliberate starvation neglect separation from loved ones cold and hypothermia e g in the prisons of Siberia which is unquantifiable and unimaginable Svetlana confessed that she would never undertake to explain what motivated all my father s actions simply because I do not possess the psychological genius of Russian novelist Dostoevsky who knew how to penetrate into another man s soul and examine it from within **Great Britain: Handbook for Travellers: Northern England** Karl Baedeker (Firm),1970

Westminster Abbey Adam Fox,1972 **Bound for the East Indies** Andrew Norman,2020-10-04 The loss of East Indiaman HCS Halsewell on the coast of Dorset in southern England in January 1786 touched the very heart of the British nation Halsewell was just one of many hundreds of vessels which had been in the service of the Honourable East India Company since its foundation in the year 1600 In the normal course of events Halsewell would have been expected to serve out her working life before passing unnoticed into the history books However this was not to be Halsewell's loss was an event of such pathos as to inspire the greatest writer of the age Charles Dickens to put pen to paper the greatest painter of the age J M W Turner to apply brush to canvas and the King and Queen to pay homage at the very place where the catastrophe occurred Artefacts from the wreck continue to be recovered to this very day which and for variety interest curiosity and exoticism rival those recovered from Spanish armada galleons wrecked off the west coast of Ireland two centuries previously Such artefacts shed further light both on Halsewell herself and on the extraordinary lives of those who sailed in her

Directory of Museums, Galleries and Buildings of Historic Interest in the United Kingdom ,2008 **Dinosaurs and their Mysterious Demise** Andrew Norman, 2025-01-16 Explores the captivating history of dinosaurs their reign extinction and presents a new theory on how certain species survived their cataclysmic end The dinosaurs are a source of endless fascination and each new generation is inspired and enchanted by images of these wondrous and awe inspiring creatures that dominated the Earth eons of time ago The smallest was the size of a chicken the largest on record the titanosaur Argentinosaurus huinculensis weighed about 95 tons fifteen times as much as an African bull elephant today s largest terrestrial creature Dinosaurs ruled the Earth for no less than 181 million years about 600 times longer than Homo sapiens have existed on the planet Homo sapiens is defined as the primate species to which modern humans belong the first modern humans having evolved in Africa about 300 000 years ago Today the consensus is that the dinosaurs became extinct when a meteorite impacted with the Earth 66 million years ago covering it with a thick layer of soot and throwing up enormous quantities of dust which caused the sky to darken and photosynthesis on which all terrestrial animals ultimately depend for their survival to cease The unanswered question however is how did mammals reptiles and birds which are the only species of dinosaur to survive escape this holocaust An entirely new theory is put forward for the first time to explain this mysterious and intriguing phenomenon **Great Britain: Handbook for Travellers: Southern England, East** Anglia Karl Baedeker (Firm). The Real T E Lawrence Andrew Norman, 2025-08-30 Explores the enduring mysteries of Lawrence's postwar obscurity and complex sexuality T E Lawrence soldier and writer the co leader with King Faisal of Saudi Arabia of the Arab Campaign during the First World War became a legend in his own lifetime And yet to this day there is much about him which remains a mystery two aspects of his character being of particular interest This first is why having become a famous figure with the world at his feet did he choose subsequently to live a life of obscurity in the lower ranks of the armed services The second concerns Lawrence's sexuality Some of his biographers have been accused of bringing sex into their volumes for reasons of sensationalism and publicity To be fair however it was Lawrence himself who first raised the subject by including in his book Seven Pillars of Wisdom an account of the Desert Campaign details of how he was captured and raped by the Turks Lawrence who never married is known to have engaged in masochistic rituals So what was the true nature of and explanation for his sexuality This is the challenge of The Real T E Lawrence The Creators of Winnie the Pooh Andrew Norman, 2025-03-30 In 1962 children's writer Roger Lancelyn Green coined the phrase The Golden Age of Children's Books A A Milne's two Winnie the Pooh books published in 1926 and 1928 which were so beautifully illustrated by artist and book illustrator E H Shepard fall into this category Milne was clearly motivated to compose his Winnie the Pooh stories in order to entertain his young son However Christopher Robin came to resent the fact that his father had used his real first names as the names of Pooh's owner in the books Was there a deeper reason why Milne created Winnie the Pooh Possibly yes The author had served as a soldier in the First World War and by creating Pooh and his Hundred Acre Wood he had created a world into which he could withdraw whenever he chose and thereby mitigate the post traumatic stress disorder which all military combatants suffer to a greater or lesser degree The same applied to Shepard who also served in that conflict Having been given the Pooh books as a child I re read them as an adult and laughed just as uproariously as I had done all those years ago Up until then it had never occurred to me to enquire about their author A A Milne and about their illustrator E H Shepard I now decided that it was time to put matters right Castles of Scotland David Richard Cook, 1988 These phamlets include some of the history and photographs of the many different and beautiful castles in Scotland The Real Peter Sellers Andrew Norman, 2022-01-12 Throughout the world people regard Peter Sellers purely as a comedic genius surely one of the greatest ever to have lived But the astute observer will notice that he always appeared to be acting even when being interviewed So who was Peter Sellers once said I could never be myself you see There is no Me I do not exist There used to be me but I had it surgically removed Clearly this was not intended to be taken literally Instead the inference is that somehow he had lost his sense of identity To discover the real Peter Sellers is no easy task and when we do what we encounter is a totally different persona from the comedic characters that he portrayed on the screen Sellers had celebrity

status a succession of beautiful wives immense wealth magnificent motor cars expensive yachts a house in Mayfair and various palatial residences But far from being happy he was plagued by self doubt ambitious but never satisfied And so he resorted to superstition clairvoyance and drugs to get himself through the day For all Sellers worldwide fame as Inspector Clouseau many regard the film Being There in which he played the character Chance a gardener as his masterpiece In fact the film was a damning indictment of the false god of materialism Sellers obsession with the character of Chance makes it seem likely that this was the kind of person he aspired to be and wished that he had been Whitaker's Book List ,1991
