**Analysing The Resilience Of The One-party Dominant State In Singapore** Bilveer Singh,2019-07-11 This book examines the staying power of the People s Action Party a political party that has governed Singapore since June 1959 A political titan with few chinks in its armour the party has kept winning elections under three prime ministers and Singapore is about to witness a transition to the fourth prime minister The party s seemingly unstoppable sterling performance makes the issue of the durability of the PAP highly critical In light of the serious weakness of the Opposition and the strong performance legitimacy of the ruling party it is worthwhile asking the question can the PAP stumble and fall Addressing this question is highly relevant given that similar political parties and structures have almost all collapsed elsewhere the Barisan Nasional as the latest casualty with its defeat in Malaysia s 2018 General Elections With an extensive coverage on domestic and international issues up to date developments on the finalisation of the PAP s 4G leadership the Workers Party town council saga and the efforts to form an opposition coalition led by Tan Cheng Bock are also analysed in this book

and cricket In India on the other hand the Muslim minorities under colonial rule appropriated soccer to assert their community identity The book examines why in certain countries minorities chose to take up the sport while in others they backed away from participating in the game or alternatively set up their own leagues and practised self exclusion The book examines European countries like the Netherlands England and France the USA Africa Australia and the larger countries of Asia particularly India This book was previously published as a special issue of Soccer and Society
