The Fall Of Castle Bondi:

Representing the Sporting Past in Museums and Halls of Fame Murray G. Phillips, 2013-06-17 We live in a museum age and sport museums are part of this phenomenon In this book leading international sport history scholars examine sport museums including renowned institutions like the Olympic Museum in the Swiss city of Lausanne the Babe Ruth Birthplace and Museum in Baltimore the Marylebone Cricket Club Museum in London the Croke Park Museum in Dublin and the Whyte Museum in Banff These institutions are examined in a broad context of understanding sport museums as an identifiable genre in the museum age and more specifically in terms of how the sporting past is represented in these museums Historians explain debate and critique sport museums with the intention of understanding how this important form of public history represents sport for audiences who see museums as institutions that are inherently reliable and trustworthy Battle of the Greyhounds Shaun Donovan (Taffy's Travels'), 2008-07-03 After successfully completing his 12 000 mile bus ride around America Shaun Donovan now embarks on his latest and greatest challenge to circumnavigate the coastline of Australia again by bus but also to ride the famous Indian Pacific and Ghan trains from west to east and south to north of this vast continent A 20 000 kilometre journey which must be completed in less than 50 days In a compelling story of determination desperation and in some cases deprivation read how Shaun and his fiance Sally are roasted alive in sizzling heat and stifling humidity get drowned out in tropical storms and flash flooding and survive an onslaught of electrifying lightning bolts devastating cyclones and bone shaking earthquakes before their journey is finally at an end Add to this a lethal concoction of shark stingray and snake attacks they stumble upon during their trip and mix it up with crocodile box jelly fish blue ringed octopus and deadly stone fish encounters and you've got yourself one hell of a story line to tell Like his American voyage of discovery many things were learned and achieved but there was also despair as his dreams of scuba diving on the Great Barrier Reef and visiting Ayres Rock were shattered due to weather conditions and personal circumstances both of which he swears will be done on his return to one of the most diverse and exciting continents on the planet For more information please go to www.taffys-travels.com *Medieval Warhorse* Oliver H. Creighton, Robert Liddiard, Alan K. Outram, Carly Ameen, Kate Kanne, 2025-02-24 The image of the armoured knight mounted on his charging warhorse is one of the most evocative of the Middle Ages As distinctive symbols of social status horses were central to the medieval aristocratic image and closely bound up with concepts of knighthood and chivalry while as weapons of war bred for size strength and stamina they changed the face of battle Drawing upon new interdisciplinary research this volume presents a fresh perspective on warhorses and medieval horses generally in Britain understood within its wider European context It adopts an integrated approach that covers the full array of evidence for medieval horses from their physical remains bones teeth and DNA equipment and armour through to visual sources such as sculpture and wall paintings and documentary and landscape evidence for the environments in which they were bred and trained Analyses of these sources of information are first presented individually

and then integrated and cross compared with the historical record to present a new chronology of horse stature conformation and appearance and to generate new understandings of the changing place of the horse in the medieval world

John of Moravia between the Czech Lands and the Patriarchate of Aquileia (ca. 1345-1394) Ondřej Schmidt,2019-09-16 In this book Ondřej Schmidt offers a critical biography of John of Moravia illegitimate son of the Moravian Margrave John Henry from the Luxembourg dynasty Earlier research has confused John with another son of the Margrave but here the author argues that John actually became provost of Vyšehrad 1368 1380 bishop of Litomyšl 1380 1387 and eventually patriarch of Aquileia 1387 1394 The study provides a detailed account of John's life and his assassination in the wider context of princely bastards careers the Luxembourg dynasty and Czech and Italian history Schmidt also explores the development of the second life of John of Moravia in the historical memory of the following centuries First published in Czech by Vyšehrad Publishers Ltd as Jan z Moravy Zapomenutí Lucemburk na aquilejském stolci Prague 2016 **The Reader's Handbook of Famous Names in Fiction, Allusions, References, Proverbs, Plots, Stories, and Poems** Ebenezer Cobham Brewer,1899
