Tennessee Maury Nicely,2024-01-12 By the early 1960s Jimmy Hoffa had a stranglehold on the presidency of the Teamsters Union However his nemesis Attorney General Robert F Kennedy was convinced that Hoffa was a corrupt force whose heavy handed influence over the union threatened the nation As Attorney General Kennedy established a Get Hoffa Squad that set out to unearth criminal wrongdoing by the labor leader in order to remove him from power A number of criminal trials in the 1950s and early 1960s resulted in not guilty verdicts for Hoffa Matters would finally come to head in Chattanooga Tennessee in a climatic but often overlooked historical moment chronicled by Maury Nicely in this engrossing book After a Christmastime 1962 acquittal in Nashville of charges that Hoffa had illegally received funds from a trucking company in exchange for settling a costly strike it was discovered that several attempts had been made to bribe jurors Fresh charges of jury tampering in that case were quickly filed against Hoffa and five others Moved to Chattanooga the new trial was held before a young relatively untested federal judge named Frank Wilson The six week courtroom conflict would devolve into a virtual slugfest in which the defense team felt was necessary to turn its ire against Wilson hoping to provoke an error and cause a mistrial As Nicely shows in vivid detail Hoffa s Chattanooga trial became the story of a lone embattled judge struggling mightily to control a legal proceeding that teetered on the edge of bedlam threatening to spin out of control In the end Hoffa was convicted an extraordinary change of fortune that presaged his downfall and mysterious disappearance a decade later In examining how justice prevailed in the face of a battering assault on the judicial system Hoffa in Tennessee demonstrates how a Chattanooga courtroom became a crucial tipping point in Jimmy Hoffa s career the beginning of the end for a man long perceived as indomitable [Secret Societies and Clubs in American History](#) David Luhrssen,2015-09-09

Grounded in extensive historical research this eye opening survey reveals the long undervalued role secret societies have played in American history Americans are fascinated by secret societies and have devoured exaggerated claims for their influence At the same time scholarly assessments of covert groups that have shaped American social cultural and political history have often undervalued their role or even questioned their existence This survey challenges both the exaggerators and the deniers Freemasons They may not be the hidden rulers of the world but a significant number of America s founders were Masons The Know Nothings Two American presidents joined the movement The Bohemian Grove Republican politicians and corporate leaders really did engage in strange behavior under the redwood trees through the 20th century Revealing fascinating facts about some of the most talked about covert societies including the Mafia the Skull and Bones and the Ku Klux Klan [Secret Societies and Clubs in American History](#) exposes the truth about the subcultures that made their mark on

some of the most important events in the nation's history and contributed to the shaping of the country itself [The Hoffa Wars](#) Dan E. Moldea, 2015-03-03 The definitive portrait of the powerful corruption ridden Teamsters union and its legendary president Jimmy Hoffa organizer gangster convict and conspirator with a new afterword by the author James Riddle Jimmy Hoffa was one of the most fascinating and controversial figures in twentieth century America His remarkable journey from young union organizer to all powerful head of the International Brotherhood of Teamsters is an epic tale worthy of a Hollywood blockbuster jam packed with intrigue subterfuge violence and corruption His successes were monumental his fall truly spectacular and his bizarre disappearance in the summer of 1975 remains one of the great mysteries in American history Widely considered to be the definitive volume on the career and crimes of Jimmy Hoffa *The Hoffa Wars* by acclaimed investigative journalist Dan E Moldea is an eye opening extensively researched account of the steady rise and fall of an ingenious ambitious man who was instrumental in transforming a small union of seventy five thousand truckers into the most powerful labor brotherhood in world Shocking disclosures in Moldea's no holds barred account include the devil's bargain that put Hoffa and his union in the pockets of the Mob Hoffa's role in the joint CIA Mafia plots to kill Cuban leader Fidel Castro the deal Hoffa made with US president Richard Nixon that released the disgraced Teamster president from prison eight years early and the truth behind Hoffa's eventual disappearance and likely murder But perhaps the most startling revelation of all concerns the integral part Jimmy Hoffa played in concert with underworld kingpins Carlos Marcello and Santos Trafficante in America's most terrible twentieth century crime the assassination of President John F Kennedy
