The Everyday World As Problematic Dorothy E. Smith, 1987 Winner of the American Sociological Association's Career of Distinguished Scholarship Award 1999 Winner of the Jessie Bernard Award for Feminist Sociology 1993 In this collection of essays sociologist Dorothy E. Smith develops a method for analyzing how women and men view contemporary society from specific gendered points of view She shows how social relations and the theories that describe them must express the concrete historical and geographical details of everyday lives A vital sociology from the standpoint of women the volume is applicable to a variety of subjects and will be especially useful in courses in sociological theory and methods The

Charting Women's Journeys Judith Grant, 2008-01-01 Charting Women's Journeys is about the meaning of addiction and recovery in the lives of twenty-five Appalachian women who have been practicing abstinence from the use of alcohol and/or drugs for eighteen months or more in a small rural community in the United States The empirical focus is on the ways in which these women's lives have been transformed through the processes of addiction to and abstinence from these substances

An Analysis of Simone de Beauvoir's The Second Sex Rachele Dini, 2017-07-05 Simone de Beauvoir's 1949 book *The Second Sex* is a masterpiece of feminist criticism and philosophy An incendiary take on the place of women in post-war French society it helped define major trends in feminist thought for the rest of the 20th century and its influence is still felt today The book's success owes much to Beauvoir's brilliant writing style and passion but both are rooted in the clarity of her critical thinking skills She builds a strong argument against the silent assumptions that continually demoted and still demote women to second place in a society dominated by men Beauvoir also demonstrates the central skills of reasoning at their best presenting a persuasive case organising her thoughts and supporting her conclusions Above all though *The Second Sex* is a masterclass in analysis Treating the structures of contemporary society and culture as a series of arguments that tend continuously to demote women Beauvoir is able to isolate and describe the implicit assumptions that underpin male domination Her demolition of these assumptions provides the crucial ammunition for her argument that women are in no way the second sex but are in every way the equal of men **The SAGE Handbook of Organizational**
