WEINER,1990     *Field Gun Jack Versus The Boers* Tony Bridgland,1997-09-05 War broke out in 1899 between the British and South African settlers of Dutch descent the Boers or Afrikaners as they are usually called today Despite previous clashes the British seriously underestimated their opponents Although dressed in battered civilian clothes and made up entirely of volunteers Boer troops were all mounted on horses and had very up to date German rifles An even more unpleasant surprise

than the mounted riflemen were the Boer artillery units They were the only Boer troops to wear uniforms were organized on a full time basis and were equipped with excellent German field pieces The British artillery soon found itself out gunned and out ranged Some British officers however were capable of adapting to the new conditions in South Africa Royal Naval vessels anchored off the Cape had powerful long range cannons It was decided to try bringing these guns ashore and mounting them on improvised carriages for field use Naval infantry brigades had served in some previous campaigns and proved capable of accompanying the army as gun crews their straw hats and naval leggings identifiable in many wartime photographs Although they were depicted in many wartime drawings and photographs no serious study of the naval artillery has ever been done Tony Bridgland has spent many years researching the topic and has produced a study of the technical problems involved in this unique operation as well as a colourful narrative of naval personnel pressed into hazardous service far from the sea      A *treatise on Ordnance and Armor ... stumbles but always confronts the realities of life and finds his way. The story is at once humorous then changes to dramatically desperate but always flows interestingly from one adventure to another as the scenario changes from one encounter to the next. This book is not filled with incalculable crimes and murders but clings to hope for the Straight Path. As life deals Yours Truly some serious blows he bends like a willow in a storm to come out on top. World War II finds him in High School from the freedom of the old Czechoslovak Republic through the occupation by the medieval horse drawn Polish army to the attacks by the German Stuka bombers. He spends the war on a German Kriegsmarine ship of war sailing from the Bay of Helgoland to Norway's Arctic Circle. He describes the seamy hovels of Hamburg's Reperbahn and the attacks of the English Spitfires on the warship with equal zeal. His mandate is survival and he does live to tell about it. After the war he returns home and finds his homeland changed beyond recognition. He fights with the Czech youth by resisting the Communists indoctrination but the forces of the new ideology overpower him and many others with him. He escapes the horrors of the socialist system by risking the crossing of mine fields the bullets of the border guards prison or outright deportation to the Gulags in Siberia. The search for his soul and new life forces him to explore many countries. He strives to find his place and even schemes with considerable luck until he finds his final destination. This novel follows the life of the young man from childhood to young adulthood. It is a very interesting story with numerous exciting adventures. These take the reader from Europe to Brazil to the United States. It can also be considered a social historical and political study as well as an adventure and search for an anchor where he can find safe heaven. Many facets of European life and culture a

Mission Creek Frank Bonham, 2018-10-01 A double dose of Western action from one of the genre's acknowledged masters. The first story The Rodeo Killer is a smoldering tale of the violent intersecting conflict between New Mexico cattle ranchers, cattle buyers and men breeding horses for the rodeo circuit. Greed, deceit, trickery and murder mix with romance and gripping examples of human and animal courage in this thrilling and dramatic tale. The title story Mission Creek references a waterway in the Red River region of Texas that serves as the background for the fiery tale of Ruel Starrett a man that worked against the odds his whole life to establish his own ranch. He finally gets his chance when he's offered a half interest in the Spade Ranch from a woman named Susanna Dahlhart. But she isn't all she appears. By the time Starrett learns what he's gotten into it may be too late to get himself out without a fight.
