## **Surprising Pope Understanding The Thought Of John Paul II:**

**The Surprising Pope** Maciej Zięba, 2000-01-01 On the wave of Pope John Paul II's recent extraordinary journeys to places such as Cuba and Israel comes this new accessible survey of his teachings from one of his closest associates Father Maciej Zieba a Pole who came back to Catholicism after studies in physics and activist efforts with Solidarnosc was ordained as a Dominican priest Young media savvy and down to earth as well as erudite and profound Father Zieba has become known in Poland as an engaging interpreter of the Pope's teachings Published here in English are eleven conversations originally interviews conducted for a series of programs on Polish television on the most important points of John Paul II's teachings Journalist Adam Pawłowicz represents the reader in dialogue with Zieba who not only clarifies these teachings but also confronts contemporary critiques Tackling such complex issues as freedom democracy ecumenicalism and sexuality with grace and equanimity The Surprising Pope is a major contribution to our understanding of the papacy of John Paul II

**Theories of Justice** Stephanie Mar Brettman, 2015-04-30 What is justice How do we know justice How is justice cultivated in society These are the three questions that guide this critical dialogue with two representatives of the Catholic and Protestant traditions Karl Barth and Karol Wojtyła John Paul II Though the two thought leaders are shaped within divergent theological traditions and historical contexts they both appeal to Christian anthropology as a starting point for justice Their explorations into the nature of humanity yield robust new theories of justice that remain relevant for our contemporary era The third interlocutor our female author brings her own voice fully into the dialogue in the third part of the book in order to address the shortcomings in their theories and build upon their insights all the while seeking theories of humanity and social justice that result in justice for all persons

**The End and the Beginning** George Weigel, 2011-11-01 As March gave way to April in the spring of 2005 and the world kept vigil outside the apostolic palace in Rome the pontificate of Pope John Paul II then drawing to a poignant end was already being described as one of the most consequential in two millennia of Christian history With these words world renowned author and NBC Vatican analyst George Weigel begins his long awaited sequel to the international bestseller Witness to Hope The Biography of Pope John Paul II More than ten years in the making The End and the Beginning Pope John Paul II The Victory of Freedom the Last Years the Legacy tells the dramatic story of the Pope's battle with communism in light of new and recently disclosed information and brings to a close Weigel's landmark portrait of a man who not only left an indelible mark on the Catholic Church but also changed the course of world history When he was elected pope in the fall of 1978 few people had ever heard of the charismatic Karol Wojtyła But in a very short time he would ignite a revolution of conscience in his native Poland that would ultimately lead to the collapse of European communism and death of the Soviet Union What even fewer people knew was that the KGB the Polish Secret Police and the East German Stasi had been waging a dangerous decades long war against Wojtyła and the Vatican itself Weigel with unprecedented access to many Soviet era documents chronicles John Paul's struggle against the dark forces of communism Moreover Weigel recounts

the tumultuous last years of John Paul's life as he dealt with a crippling illness as well as the new world disorder and revelations about corruption within the Catholic Church Weigel's thought provoking biography of John Paul II concludes with a probing and passionate assessment of a man who lived his life as a witness to hope in service to the Christian ideals he embraced

**A Free Society Reader** Michael Novak, William Brailsford, Cornelis Heesters, 2000-09-06 A Free Society Reader rises to the challenge of freedom in the twenty first century offering thoughts and insights with significant implications for citizens of today's brand new world Our era's most prominent figures in the fields of Christianity and liberty speak about Pope John Paul II's vision of a free society conceptualize Christianity and political economy debate issues of democracy and the free society and question the role of culture Together for the first time in one volume these preeminent thinkers provide inspiration and insight to scholars students and general readers charting the enormous changes the new millennium has seen

*Human Nature and the Discipline of Economics* Patricia Donohue-White, 2002-01-01 Foundations of Economic Personalism is a series of three book length monographs each closely examining a significant dimension of the Center for Economic Personalism's unique synthesis of Christian personalism and free economic market theory In the aftermath of the momentous geo political and economic changes of the late 1980s a small group of Christian social ethicists began to converse with free market economists over the morality of market activity This interdisciplinary exchange eventually led to the founding of a new academic subdiscipline under the rubric of economic personalism These scholars attempt to integrate economic theory history and methodology with Christian personalism's stress upon human dignity humane social structures and social justice This second volume in the series surveys the anthropological foundations to the disciplines of economics and moral theology The first part of the book presents an overview of the German French and Polish branches of personalist thought Particular attention is given to theological anthropology especially as it is developed by such thinkers as Emmanuel Mounier Max Scheler Gabriel Marcel Karol Wojtyla and Emil Brunner Part two surveys models of human nature that have been espoused by various schools of free market thought including mainstream neoclassical economics In conclusion the authors demonstrate how an expanded understanding of human nature can augment the ability of economic science to model and predict human behavior

Modern Catholic Social Teaching Kenneth R. Himes, 2018-01-02 Including contributions from twenty two leading moral theologians this volume is the most thorough assessment of modern Roman Catholic social teaching available In addition to interrogations of the major documents it provides insight into the biblical and philosophical foundations of Catholic social teaching addresses the doctrinal issues that arise in such a context and explores the social thought leading up to the modern era which is generally accepted as beginning in 1891 with the publication of Pope Leo XIII's *Rerum Novarum* The book also includes a review of how Catholic social teaching has been received in the United States and offers an informed look at the shortcomings and questions that future generations must address This second edition includes revised and updated essays as well as two new commentaries

one on Pope Benedict XVI's encyclical *Caritas in Veritate* and one on Pope Francis's encyclical *Laudato Si'*. An outstanding reference work for anyone interested in studying and understanding the key documents that make up the central corpus of modern Catholic social teaching.

**Meaninglessness** M. A. Casey, 2002-01-01 What would the world be like if we no longer needed meaning? Australian sociologist Michael Casey's revealing work charts the collapse of the metaphysical world and the innate human need for meaning. With the decline of Christianity and the demise of secular universalism in the West, the meaning and value of metaphysical culture has been replaced by an entirely new post-metaphysical world. In *Meaninglessness*, Casey revisits the social theory of Nietzsche, Freud, and Rorty in order to conceive how this post-metaphysical culture may take shape in the third millennium. Framing questions of enduring significance to contemporary social and political theory in a new methodological light, this work will appeal to scholars and general readers interested in sociology, postmodernism, cultural studies, political theory, and philosophy.

**Papal Economics** Maciej Zieba, 2023-07-18 Papal Economics corrects the record about one of the most important but least understood authorities on capitalism and democracy: the Catholic Church. Maciej Zieba, OP, a leading interpreter of the thought of Pope John Paul II, takes readers on an enlightening tour through the Catholic Church's social teaching on economics and governance. Examining papal pronouncements from the late nineteenth century to the present, Zieba shows that the Church displays a profound understanding of democracy and support for free markets. But this praise is not unqualified: a major reason why secular commentators of all stripes misinterpret Catholic social teaching. Updated with a brand new afterword explaining the controversial economic teachings of Pope Francis, *Papal Economics* is the essential book for understanding the proper path forward.

**Freedom of Conscience in (Post)Soviet Space** Julie K. deGraffenried, Michael Long, Xenia Dennen, 2025-08-15 *Freedom of Conscience in Post-Soviet Space* is a collection of original essays edited by Julie K. deGraffenried, Michael Long, and Xenia Dennen. Inspired by the work of Michael Bourdeaux, the holdings of the Keston Archive, and continuing questions of freedom of conscience, ranging from England to Siberia and moving chronologically from 1917 to the twenty-first century, this book reveals the unique organization and methodology behind the Keston's collection of materials and the ways those in the West thought about religion and communism during the Cold War, including the connection between religious liberty and human rights. The essays demonstrate the depth and breadth of current research on religion in communist and postcommunist contexts, a much-needed corrective to contemporary political uses of religious freedom. Bourdeaux's activism and preservation of materials influenced many fields of study as reflected by contributing authors in varied disciplines: history, theology, sociology, languages, and literature. A preface by the theologian and former Archbishop of Canterbury, Rowan Williams, comments on Michael Bourdeaux's life and significance.

**Beyond Self-interest** Gregory R. Beabout, 2002-01-01 *Foundations of Economic Personalism* is a series of three book-length monographs each closely examining a significant dimension of the Center for Economic Personalism's unique synthesis of Christian personalism and free economic market.

theory In the aftermath of the momentous geo political and economic changes of the late 1980s a small group of Christian social ethicists began to converse with free market economists over the morality of market activity This interdisciplinary exchange eventually led to the founding of a new academic subdiscipline under the rubric of economic personalism These scholars attempt to integrate economic theory history and methodology with Christian personalism s stress upon human dignity humane social structures and social justice This volume presents the methodological and theoretical foundations for economic personalism through a detailed investigation of human action from two different yet complementary perspectives from the personalist perspective of Karol Wojtyla in the *Acting Person* 1969 and the free market perspective of Ludwig von Mises in *Human Action* 1949 By comparing and contrasting the viewpoints of Wojtyla and Mises the authors develop a comprehensive praxeology i e a theory of human action capable of analyzing human action from moral and economic perspectives Beyond Self Interest illustrates how a unified praxeology could encourage more sustained analysis of the moral dimensions of economic activity while simultaneously softening the utilitarian prejudice of contemporary economic analysis

**Society as a Department Store** Ryszard Legutko, 2002-01-01 In *Society as a Department Store* Ryszard Legutko wrestles with the emancipatory ideology promulgated by postmodernists libertarians and liberal thinkers Legutko argues that modern Western liberals have embraced a revolutionary ethic they have turned their backs on their own cultural heritage and used its political and ideological apparatus to destroy classical metaphysics and epistemology The book considers the paradoxical implications of this state of affairs for Eastern European intellectuals arguing that with the triumph of liberalism over communism these intellectuals feel compelled to digest an ideology that shares many elements with the oppressive system from which they just liberated themselves Based on hubris rather than genuine humane concerns Legutko mourns not simply the loss of faith in classical Western culture but the way in which that loss is becoming a central point of identity

*The Free Person and the Free Economy* Anthony J. Santelli, 2002-01-01 *Foundations of Economic Personalism* is a series of three book length monographs each closely examining a significant dimension of the Center for Economic Personalism s unique synthesis of Christian personalism and free economic market theory In the aftermath of the momentous geo political and economic changes of the late 1980s a small group of Christian social ethicists began to converse with free market economists over the morality of market activity This interdisciplinary exchange eventually led to the founding of a new academic subdiscipline under the rubric of economic personalism These scholars attempt to integrate economic theory history and methodology with Christian personalism s stress upon human dignity humane social structures and social justice This final volume in the series systematically applies the praxeological from the first volume and theoretical from the second volume foundations of the personalist tradition to free market economic theory Unlike the previous two this work defends economic liberty in theologically sensitive terms that reference the personalist tradition without compromising the disciplinary integrity of either economics or social ethics

*Boston's Cardinal* Bernard F. Law, 2002-01-01 *Boston s Cardinal*

a portrait of one of the most respected and influential leaders of the Catholic Church provides a unique view of the Church in the modern world Ever since the 1960s when he spoke out courageously for racial justice as a young priest in Mississippi Bernard Law has witnessed and participated in many of the struggles and events that have shaped American and Church history An unusual childhood spent mainly in Latin America and the Caribbean prepared him for a vocation that has been marked from the beginning by outreach across racial religious and national boundaries A gifted writer Law recorded his reflections in the columns speeches and homilies that are assembled here The book thus provides valuable insight into the man whom many consider to be the quintessential post Vatican II bishop and into the role of the Catholic hierarchy in a time of social political and ecclesiastical turbulence With the growing salience of religion in American public life these writings on such topics as being Catholic and American the Gulf War urban violence Northern Ireland relations with Cuba welfare and affordable housing will be of interest to all who are concerned with advancing religiously grounded moral viewpoints in a pluralistic society

**With the Grain of the Universe** Stanley Hauerwas, 2013-06-15 This major work by one of the world's top theologians offers a provocative and closely argued perspective on natural theology Stanley Hauerwas shows how natural theology divorced from a confessional doctrine of God inevitably distorts our understanding of God's character and the world in which we live This critically acclaimed book winner of a Christianity Today Book Award is now in paper It includes a new afterword that sets the book in contemporary context and responds to critics

Inarticulate Speech of the Heart Larry J McCloskey, 2021-01-07 For 40 years Larry McCloskey has had the privilege of working with persons with disabilities He applied for a job which grew into a profession which because of the people became a welcomed vocation The people in this account might be regarded as common or even unexceptional by modern celebrity culture but to the examining mind they are really quite astonishing Here Larry reveals that the most spectacular lives those that can best instruct us on how to live life well regardless of circumstance tend to pass quietly and unnoticed by the distracted majority Inarticulate Speech of the Heart winner of the Word Guild Best Manuscript Award exposes the deeper meaning in people's lives beyond the material world restrictions and trendy nihilistic thinking Character Larry asserts is determined by how we play the cards we have been dealt and in this book he attempts to articulate what can only be characterized as the inarticulate speech of its characters perfect but wounded hearts Prepare to be astonished and affected profoundly Winner of the 2020 Word Guild Best New Manuscript Award

Jewish prayer Burton answers these questions and many others in *Abba Isn't Daddy and Other Biblical Surprises* What Catholics Really Need to Know about Scripture Study The book will satisfy your curiosity about biblical subjects you've heard of and passages you've wondered about but never really pondered deeply nor understood Burton a renowned scripture introduces you to basic principles of scripture study and aids in your exploration of intriguing questions about the life of Jesus In part 1 Burton examines the history of the Bible tools for scripture study and the importance of archaeological cultural and linguistic discoveries for understanding the Bible He also offers a fascinating explanation of how the geography of Israel played a crucial role in the Bible's content and development In part 2 Burton addresses interesting questions related to the origin and meaning of topics in the New Testament *Abba Isn't Daddy and Other Biblical Surprises* is a perfect resource to encourage you to learn the principles of scripture study and undertake a deeper reading of the Bible [This Remarkable Gift](#) Maurice Shinnick, 1997-10-01 This book should be read by every bishop priest and lay pastor in the Catholic Church as well as every gay or lesbian person who has concluded that being happily gay and Catholic is not possible The author provides an extremely accessible guide to Catholic teaching social theory and gay and lesbian theology which will enable every reader to truly appreciate the remarkable gift of being gay and Catholic Elizabeth Stuart Senior Lecturer in Theology University of Glamorgan Wales For generations gays and lesbians from Catholic backgrounds have struggled to reconcile their sexual orientation with their Church's rigid anti homosexual stance Some leave the Church in despair while others suppress their sexuality in order to remain in the Church Maurice Shinnick argues that homosexuality should be seen as a gift from God rather than a curse He shows how attitudes to homosexuality have developed in different Christian denominations around the world and offers a careful re-reading of Catholic teaching This Remarkable Gift calls for a genuine dialogue between the Church and gay and lesbian people and offers a guide to the paths such a dialogue could follow

**Intelligence and Surprise Attack** Erik J. Dahl, 2013-07-19 How can the United States avoid a future surprise attack on the scale of 9/11 or Pearl Harbor in an era when such devastating attacks can come not only from nation states but also from terrorist groups or cyber enemies Intelligence and Surprise Attack examines why surprise attacks often succeed even though in most cases warnings had been available beforehand Erik J Dahl challenges the conventional wisdom about intelligence failure which holds that attacks succeed because important warnings get lost amid noise or because intelligence officials lack the imagination and collaboration to connect the dots of available information Comparing cases of intelligence failure with intelligence success Dahl finds that the key to success is not more imagination or better analysis but better acquisition of precise tactical level intelligence combined with the presence of decision makers who are willing to listen to and act on the warnings they receive from their intelligence staff The book offers a new understanding of classic cases of conventional and terrorist attacks such as Pearl Harbor the Battle of Midway and the bombings of US embassies in Kenya and Tanzania The book also presents a comprehensive analysis of the intelligence picture before the 9/11 attacks making use of new

information available since the publication of the 9 11 Commission Report and challenging some of that report s findings
