Surrealist Look An Erotics Of Encounter:

The Surrealist Look Mary Ann Caws,1997 The emotional charge Surrealism extended to the objects of its encounter makes itself felt as at least philosophically erotic This charged look determines the atmosphere around the Surrealist text and its encounters in the world of art and the world it made into art In this attempt to make sense of the way Surrealism sees conceals poses and stares at its own self and the selves of others the author examines the decors games portraits transformations and mirrorings that establish Surrealism s links to Baroque forms of representation *Epimethean Imaginings* Raymond Tallis,2014-09-11 These essays written in the spirit of Goethe s Epimetheus who traces the quick deed to the dim realm of form combining possibilities display the depth and breadth of Tallis s fascination with our lives Whether discussing philosophical hardy perennials like time or a mundane artefact like ink Tallis challenges us to think differently about who we are and why we are The first part of the book Analysis dives into the deep end to explore some of the big questions in philosophy perception knowledge and belief time the relationship between mathematics and reality and probability and causation The middle section Tetchy Interludes takes a wry look at some aspects of contemporary art stupidity including the author s own and Christmas The third part Celebration is more experimental in both its subject matter and treatment It celebrates the complexity of ordinary everyday consciousness by contemplating the miracle of speech artefacts that have transformed our lives and what they reveal about our cognition such as the wheel the sail and ink and snapshots of the author s own consciousness on an ordinary day of past consciousness as captured in historical memory Notwithstanding their diversity in theme and style these essays share the common aim of discovering and celebrating the submerged riches in the quick deeds of our everyday lives and perceptions **Robert Rauschenberg and Surrealism** Gavin Parkinson,2023-03-23 The art of Robert Rauschenberg 1925 2008 is usually viewed as quite distinct from Surrealism a movement which the artist himself displayed some hostility towards However Rauschenberg had a very positive reception among Surrealists particularly across the period 1959 69 In the face of Rauschenberg s avowals of his own literalism and insistence on his art as facts this book gathers generous evidence of the poetic metaphorical allusive associative and connotative dimensions of the artist s oeuvre as identified by Surrealists and thus extrapolates new readings from Rauschenberg s key works on that basis By viewing Rauschenberg s art against the expansion of the cultural influence of the United States in Europe in the period after the Second World War and the increasingly politicized activities of the Surrealists in the era of the Algerian War of Independence 1954 62 Robert Rauschenberg and Surrealism shows how poetic inference of the artist s work was turned towards political interpretation By analysing Rauschenberg s art in the context of Surrealism and drawing from it new interpretations and perspectives this volume simultaneously situates the Surrealist movement in 1960s American art criticism and history Screening the City Tony Fitzmaurice,Mark Shiel,2003 In this provocative collection of essays a diverse selection of films are examined in terms of the relationship between cinema and the changing

urban experience in Europe and the United States since the early 20th century *Re-envisioning the Contemporary Art Canon* Ruth E Iskin, 2016-12-08 *Re envisioning the Contemporary Art Canon Perspectives in a Global World* seeks to dissect and interrogate the nature of the present day art field which has experienced dramatic shifts in the past 50 years In discussions of the canon of art history the notion of inclusiveness both at the level of rhetoric and as a desired practice is on the rise and gradually replacing talk of exclusion which dominated critiques of the canon up until two decades ago The art field has dramatically if insufficiently changed in the half century since the first protests and critiques of the exclusion of others from the art canon With increased globalization and shifting geopolitics the art field is expanding beyond its Euro American focus as is particularly evident in the large scale international biennales now held all over the globe Are canons and counter canons still relevant Can they be re envisioned rather than merely revised Following an introduction that discusses these issues thirteen newly commissioned essays present case studies of consecration in the contemporary art field and three commissioned discussions present diverse positions on issues of the canon and consecration processes today This volume will be of interest to instructors and students of contemporary art art history and museum and curatorial studies

New York School Collaborations M. Silverberg, 2013-06-05 Ranging from conceptual theater to visual poetry the New York School explored the possibilities of collaboration like no other group of American poets New York School Collaborations gathers essays from a diverse group of scholars on the alliances and artistic co productions of New York School poets painters musicians and film makers **The Exquisite Corpse** Kanta Kochhar-Lindgren, Davis Schneiderman, Tom Denlinger, 2009-12-01 This work addresses historical and contemporary manifestations of poems drawings collages and performance works that employ the ritual of the cadaver exquis **Manifesto** Mary Ann Caws, The first anthology of its kind Manifesto features over two hundred artistic and cultural manifestos from a wide range of countries The manifesto a public statement that sets forth the tenets of a forthcoming existing or potential movement or ism or that plays on the idea of one became in various modernisms a crucial and forceful vehicle for artists writers and other intellectuals to express their ideas about the direction of aesthetics and society Included in this collection are texts ranging from Kurt Schwitters's Cow Manifesto to those written in the name of well known movements imagism cubism surrealism symbolism vorticism projectivism and less well known ones lettrism acmeism concretism rayonism Also covered are expressionist Dada and futurist movements from French Italian Russian Spanish and Latin American perspectives as well as local movements such as Brazilian hallucinism Influential startling unsettling amusing and continually engaging these modernist manifestos give voice to a fascinating array of ideas and opinions that will prove invaluable to scholars and students of nineteenth and twentieth century art literature and culture **Scissors, Paper, Stone** Martha Langford, 2007-06-27 Finalist Raymond Klibansky Book Prize Humanities and Social Sciences Federation of Canada 2008 Making a connection between photography and memory is almost automatic Should it be In Scissors Paper Stone Martha Langford explores the nature of memory and art

She challenges the conventional emphasis on the camera as a tool of perception by arguing that photographic works are products of the mind picturing memory is first and foremost the expression of a mental process Langford organizes the book around the conceit of the child's game scissors paper stone using it to ground her discussion of the tensions between remembering and forgetting the intersection of memory and imagination and the relationship between memory and history Scissors Paper Stone explores the great variety of photographic art produced by Canadian artists as expressions of memory Their work including images by Carl Beam Carole Cond and Karl Beveridge Donigan Cumming Stan Denniston Robert Houle Robert Minden Michael Snow Diana Thorneycroft Jeff Wall and Jin me Yoon is presented as part of a rich interdisciplinary study of contemporary photography and how it has shaped modern memory *J.G. Ballard* Andrzej Gasiorek, 2024-07-30

This book offers a comprehensive account of the work of J G Ballard regarded by several critics as one of the most significant fiction writers of recent times Ballard's early science fiction writing earned him plaudits as one of the most innovative and individual voices in the field but his development as a writer has taken him far beyond the confines of any single genre This book traces Ballard's career from his early science fiction short stories and novels to his most recent work particularly his timely reflections on the role of violence in contemporary social life It argues that Ballard's writing is characterised by a distinctive vision of the post war world and its possible futures and suggests that his far reaching analyses of the present age make him one of the indispensable commentators of our time *Women Together/Women Apart* Tirza True Latimer, 2005-08-24

What does it mean to look like a lesbian Though it remains impossible to conjure a definitive image that captures the breadth of this highly nuanced term today at least we are able to consider an array of visual representations that have been put into circulation by lesbians themselves over the last six or seven decades In the early twentieth century though no notion of lesbianism as a coherent social or cultural identity yet existed In *Women Together Women Apart* Tirza True Latimer explores the revolutionary period between World War I and World War II when lesbian artists working in Paris began to shape the first visual models that gave lesbians a collective sense of identity and allowed them to recognize each other Flocking to Paris from around the world artists and performers such as Romaine Brooks Claude Cahun Marcel Moore and Suzy Solidor used portraiture to theorize and visualize a new breed of feminine subject The book focuses on problems of feminine and lesbian self representation at a time and place where the rights of women to political professional economic domestic and sexual autonomy had yet to be acknowledged by the law Under such circumstances same sex solidarity and relative independence from men held important political implications Combining gender theory with visual cultural and historical analysis Latimer draws a vivid picture of the impact of sexual politics on the cultural life of Paris during this key period The book also illuminates the far reaching consequences of lesbian portraiture on contemporary constructions of lesbian identity ***The Drowned Muse*** Anne-Gaëlle Saliot, 2015

The Drowned Muse is a study of the extraordinary destiny in the history of European culture of an object which could seem at first glance quite ordinary in the history of European

culture It tells the story of a mask the cast of a young girl s face entitled L Inconnue de la Seine the Unknown Woman of the Seine and its subsequent metamorphoses as a cultural figure Legend has it that the Inconnue drowned herself in Paris at the end of the nineteenth century The forensic scientist tending to her unidentified corpse at the Paris Morgue was supposedly so struck by her allure that he captured in plaster the contours of her face This unknown girl also called The Mona Lisa of Suicide has since become the object of an obsessive interest that started in the late 1890s reached its peak in the 1930s and continues to reverberate today Aby Warburg defines art history as a ghost story for grown ups This study is similarly a ghost story for grown ups narrating the aura of a cultural object that crosses temporal geographical and linguistic frontiers It views the Inconnue as a symptomatic expression of a modern world haunted by the earlier modernity of the nineteenth century It also investigates how the mask s metamorphoses reflect major shifts in the cultural history of the last two centuries

approaching the Iconnue as an entry point to understand a phenomenon characteristic of 20th and 21st century modernity the translatability of media Doing so this study mobilizes discourses surrounding the Inconnue casting them as points of negotiation through which we may consider the modern age *Art and Aesthetics at Work* A. Carr,P. Hancock,2003-04-15

Over the last decade or so aesthetic and art theory has played an increasingly significant role in the way work and its organization has come to be understood Bringing together the work of an international spectrum of academics this collection contributes in an overall more critical vein to such emerging debates Combining both empirical and theoretical material each chapter re evaluates the emerging relationship between art aesthetics and work exploring its potential as both a medium of critical analysis and as a site of conflict and resistance *Charles Henri Ford: Between Modernism and Postmodernism*

Alexander Howard,2017-05-18 The first American surrealist poet a prolific literary editor and a seminal influence on the New York School of poetry Charles Henri Ford was a key figure in the transition from late modernist to postmodern culture in America Charles Henri Ford Between Modernism and Postmodernism is the first book length scholarly study of this important literary figure Drawing on new archival research including explorations of Ford s correspondence with the likes of Ezra Pound Gertrude Stein William Carlos Williams Parker Tyler and many others the book explores the full impact of Ford s contribution to 20th century American literary culture *Gendered Spaces in Argentine Women's Literature* M.

Sierra,2012-05-07 Addressing the issue of how gendered spatial relations impact the production of literary works this book discusses gender implications of spatial categories the notions of home and away placement and displacement dwelling and travel location and dislocation and the quest for place in women s writing from Argentina from 1920 to the present

Danger in the Path of Chic Lucy Moyse Ferreira,2021-12-02 During the interwar years a proliferation of violence encroached upon the glossy idealistic world of fashion from the curiously common appearance of dismembered heads in fashion illustration to seemingly torturous techniques and devices advertised by beauty imagery even extending to garments designed to look assaulted and destroyed *Danger in the Path of Chic* brings this disturbing imagery to light for the first time

proposing new directions for historians of fashion violence and culture in the interwar years Concentrating on London Paris and New York as fashion centres and political allies the volume explores why horror manifested itself in this way at this time and in a sphere that is usually perceived as being built on fantasy and escape In doing so *Danger in the Path of Chic* situates fashion within the very real social psychological economic and political traumas of the period **Robert Motherwell** Mary Ann Caws,2003 Robert Motherwell was by far the most intellectual and articulate of the Abstract Expressionists This book written by a friend of the artist the well known writer and critic Mary Ann Caws examines Motherwell s way of thinking and writing in relation to his paintings The artist American by birth yet simultaneously American and European in his way of visualizing and vocalizing artistic and philosophical traditions always worked between these two poles and it is this tension that imbues his work with its particular intensity The author bases her analysis of Motherwell on the artist s own writings and readings as well as on extensive conversations and interviews with him She considers his work and interests in relation to those of other Abstract Expressionists as well as to the work of the Surrealists Her book highlights his deep attraction to France and French literature and art and his concern with the idea of elegy and the tragedy of the Spanish Civil War His singularly American spirit provided him with a manner of painting and thinking unique among the Abstract Expressionists as well as with a distinctive and highly personal filter through which to interpret his fascination with European literature and history **The Apothecary's Chest** Fabienne Collignon,Konstantina Georganta,Anne-Marie Millim,2009-03-26 The Apothecary s Chest *Magic Art and Medication* was a one day symposium held at the University of Glasgow on November 24 2007 The symposium called for a discussion on the evolution of the notions of mysticism knowledge and superstition in the way they are intertwined in both science and the literary imagination in the figure of healers such as the apothecary the alchemist the shaman There were three main areas of interest The first involved traditional perceptions of physicians who combined knowledge and superstition and thus bordered in their practices on the sphere of the occult The second theme evolving from the first proposed an inquiry of the overlapping interests and processes of science magic and prophecy as well as of the implications and consequences of a privileged access to medical knowledge while the third subject of discussion concentrated on the development of the symbolism of the healer in literature history philosophy of science anthropology theology film and art The twelve papers included in this volume papers presented by doctoral candidates and young scholars from across a range of geographical regions and disciplines result in a collection of approaches to an investigative field with topics ranging from mystical traits of mundane materials to the origins of the occult and gender struggles The thirteenth and final essay included in the volume Professor Bill Herbert s *From Mere Bellies to the Bad Shaman* is an exploration of the modern role of the contemporary poet in the form of an extended conversation initiated at the closing of the conference when Professor Herbert was asked to combine a poetry reading with a few observations on the relationship between the poet and the shaman **Henry Miller** James M. Decker,Indrek Menniste,2016-10-20 Scholarly responses to Henry Miller s works

have never been numerous and for many years Miller was not a fashionable writer for literary studies In fact there exist only three collections of essays concerning Henry Miller s oeuvre Since these books appeared a new generation of international Miller scholars has emerged one that is re energizing critical readings of this important American Modernist Henry Miller New Perspectives presents new essays on carefully chosen themes within Miller and his intellectual heritage to form the most authoritative collection ever published on this author **Rethinking the Vanguard** John W. Maerhofer, 2009-05-27 How has political revolution figured into the development of avant garde cultural production Is the vanguard an antiquated concept or does its influence still resonate in the 21st century Focusing closely on the convergence of aesthetics and politics that materialized in the early part of the twentieth century this study offers a re interpretation of the historical avant garde from 1917 to 1962 a turbulent period in intellectual history which marked the apex crisis and decline of vanguardist authority Moving from the impact of the Bolshevik Revolution to the anti imperialist and decolonizing movements in the Third World to the emergence of neo vanguardism in the wake of postmodernity this study opens the way for understanding the transformation of vanguardist cultural paradigms from a global perspective the implications of which also reveal its relevance and application to the contemporary period
