Surrealists And Surrealism:

Surrealism and the Art of Crime Jonathan Paul Eburne, 2008 Corpses mark surrealism's path through the twentieth century providing material evidence of the violence in modern life Though the shifting group of poets artists and critics who made up the surrealist movement were witness to total war revolutionary violence and mass killing it was the tawdry reality of everyday crime that fascinated them Jonathan P Eburne shows us how this focus reveals the relationship between aesthetics and politics in the thought and artwork of the surrealists and establishes their movement as a useful platform for addressing the contemporary problem of violence both individual and political In a book strikingly illustrated with surrealist artworks and their sometimes gruesome source material Eburne addresses key individual works by both better known surrealist writers and artists including Andr Breton Louis Aragon Aim C saire Jacques Lacan Georges Bataille Max Ernst and Salvador Dal and lesser known figures such as Ren Crevel Simone Breton Leonora Carrington Benjamin P ret and Jules Monnerot For Eburne the art of crime denotes an array of cultural production including sensationalist journalism detective mysteries police blotters crime scene photos and documents of medical and legal opinion as well as the roman noir in particular the first crime novel of the American Chester Himes The surrealists collected and scrutinized such materials using them as the inspiration for the outpouring of political tracts pamphlets and artworks through which they sought to expose the forms of violence perpetrated in the name of the state its courts and respectable bourgeois values Concluding with the surrealists quarrel with the existentialists and their bitter condemnation of France's anticolonial wars **Surrealism and the Art of Crime** establishes surrealism as a vital element in the intellectual political and artistic history of the twentieth century

Historical Dictionary of Surrealism Keith Aspley, 2010-10-17 Organized and strictly disciplined until the death of its leader Andr Breton in 1966 Surrealism was a broad movement that attracted many adherents After Breton's death its membership entered a state of flux with people constantly being admitted and excluded and the latter often continuing to regard themselves as Surrealists The Surrealist movement was spread over many countries and different art forms including painting sculpture cinema photography music theater and literature P 4 of cover [History of the Surrealist Movement](#) Gérard Durozoi, 2002 Tracing the movement from its origins in the 1920s to its decline in the 1950s and 1960s Durozoi tells the history of Surrealism through its activities publications and reviews demonstrating its close ties to some of the most explosive political as well as creative debates of the twentieth century Unlike other histories which focus mainly on the pre World War II years of the movement in Paris Durozoi covers both a wider chronological and geographic range treating in detail the postwar years and Surrealism's colonization of Latin America the United States Japan Czechoslovakia Belgium Italy and North Africa Drawing on documentary and visual evidence including 1 000 photos many of them in color he illuminates all the intellectual and artistic aspects of the movement from literature and philosophy to painting photography and film All the Surrealist stars and their most important works are here Aragon Borges Breton Bu uel Cocteau Crevel Dal Desnos Ernst

Surrealism Nathalia Brodskaja, 2015-09-15 Surrealists appeared in the aftermath of World War I with a bang revolution of thought creativity and the wish to break away from the past and all that was left in ruins This refusal to integrate into the bourgeois society was also a leitmotiv of Dada artists and Andr Breton asserted that Dada does not produce perspective Surrealism emerged amidst such feeling Surrealists and Dada artists often changed from one movement to another They were united by their superior intellectualism and the common goal to break free from the norm Describing the Surrealists with their aversive resistance to the system the author brings a new approach which strives to be relative and truthful Provocation and cultural revolution aren't Surrealists after all just a direct product of creative individualism in this unsettled period

Sadism And Surrealism Candice Black, 2013-07-18 The Marquis de Sade 1740 1814 was one of the key figures identified by Andr Breton in his Surrealist Manifestos as inspirational to the whole Surrealist movement Sade's importance to the Surrealists and their close affiliates is reflected in the sheer volume of their art and writing dedicated to or inspired by his life philosophy and work Sadism And Surrealism is a detailed essay which documents this body of work in terms of both art and literature
