As many details of the Court's practice are to be found in that correspondence, a convenient method of making it available, notwithstanding the unavoidable delays in the publication of the *Pleadings*, would be of general utility. If the JIU's report, which looks at one of the Court's publications from a single vantage point (and one that is to be respected), leads the way to a more profound examination and to generally acceptable and implementable changes, within the limits of the existing Statute, it will have performed a useful service.

### U.S. LAW AND THE IRAN-CONTRA AFFAIR

In November 1986 the role of law in the Reagan administration's foreign policy came of age. The covert sale of military arms and spare parts to Iran during 1985 and 1986 and the allegedly illegal diversion of some of the profits from those sales to the Nicaraguan armed resistance (contras), and perhaps to other covert foreign operations of the Reagan administration, were first exposed.<sup>1</sup> Further revelations about the use of the staff of the National Security Council (NSC) to facilitate private and third-country financing and gunrunning to the contras flooded the media.<sup>2</sup> These disclosures triggered inquiries and investigations into a host of legal issues.<sup>3</sup> Many of the investigations will continue well into 1987.<sup>4</sup>

<sup>1</sup> Virtually every issue of the *New York Times* and the *Washington Post*, commencing Nov. 8, 1986 and continuing through December 1986, published front-page news reports on the unfolding Iran-contra affair. See also PRESIDENT'S SPECIAL REVIEW BOARD, THE TOWER COMMISSION REPORT 84, 480-507 (Bantam Books, Inc. & Times Books, Inc., 1987) [hereinafter TOWER REPORT].

<sup>2</sup> Press reports on these issues appeared regularly (and often daily) in the *New York Times* and the *Washington Post* beginning in November 1986 and continuing through April 1987. See also TOWER REPORT, *supra* note 1, at 55-61, 338-50, 450-79.

<sup>3</sup> In November 1986, the Senate Select Committee on Intelligence and the House Permanent Select Committee on Intelligence launched separate investigations. Wash. Post, Nov. 29, 1986, at A1, col. e; Wash. Post, Nov. 10, 1986, at A1, col. e. The Senate committee made its findings public on Jan. 29, 1987, in SENATE SELECT COMM. ON INTELLIGENCE, PRELIMINARY INQUIRY INTO THE SALE OF ARMS TO IRAN AND POSSIBLE DIVERSION OF FUNDS TO THE NICARAGUAN RESISTANCE, S. REP. NO. 7, 100th Cong., 1st Sess. (1987) [hereinafter SENATE INTELLIGENCE REP.]. The House Foreign Affairs Committee held four public hearings in addition to several closed ones in November and December 1986. For the public hearings, see *The Foreign Policy Implications of Arms Sales to Iran and the Contra Connection: Hearings Before the House Comm. on Foreign Affairs*, 99th Cong., 2d Sess. (1986) [hereinafter *House Hearings*]. The President's Special Review Board was established on Dec. 1, 1986, pursuant to Executive Order No. 12,575 (see TOWER REPORT, *supra* note 1, at 100) and reported its findings on Feb. 26, 1987 (see *id.*). On Dec. 4, 1986, the Attorney General applied to the U.S. Court of Appeals for the District of Columbia Circuit, Independent Counsel Division, pursuant to the Ethics in Government Act, 28 U.S.C. §592(c)(1) (1982), for the appointment of an independent counsel regarding Iranian arms shipments and diversion of funds. The Attorney General's application was approved shortly thereafter and Lawrence Walsh was appointed independent counsel on Dec. 19, 1986. See *House Hearings*, *supra*, at 293-98; Wash. from abroad for which they have sacrificed the welfare of the British people British governments Conservative Liberal and Labour alike have represented the tiny minority who own the means of production and have opposed the great majority who have to work for a living The ruling class s external focus has also damaged relations with other countries and helped to produce the two recurring types of war wars between rival empires and wars against national liberation     **Nazism, Fascism and the Working Class** Timothy W. Mason,1995-03-09 This collection of essays four of which are published in English for the first time represents the life s work of the historian Tim Mason one of the most original and perceptive scholars of National Socialism who pioneered its social and labour history His provocative articles and essays written between 1964 and 1990 exhibit a combination of empirical rigour and theoretical astuteness which made them landmarks in the definition and elaboration of major debates in the historiography of National Socialism These ten essays collect together Mason s most significant writings including discussions of the domestic origins of the Second World War the role of Hitler and the character of working class resistance as well as his pathbreaking study of women under National Socialism and examples of comparative work on fascism and Nazism A complete bibliography of his publications is also appended     **The English Catalogue of Books Published from January, 1835, to January, 1863** ,1864     Survey of International Affairs 1938 Oxford University Press,1985-04-01     *Turkish-American Relations, 1800-1952* Şuhnaz Yilmaz,2015-03-02 This book aims to take the reader on a journey along the intricate web of Turkish American relations It critically examines the process during which the relations evolved from those of strangers into an occasionally troubled yet resilient alliance Through the extensive use of Turkish American and British archival documents and numerous private paper and manuscript collections the book examines Turkish American relations from 1800 to 1952 starting with the earliest contacts and ending with the institutionalization of the alliance after Turkey s entry into NATO Its purpose is to provide a better understanding of the significant issues pertaining to Turkish American relations such as the impact of international developments on foreign policy decisions the role of key figures and organizations in shaping the relations the interaction of political economic cultural and military factors in policy formation and the importance of mutual perceptions in shaping actual relations The analysis also situates Turkish American relations in the larger context of diplomatic history through an evaluation of how the United States relations with Turkey fit into the general framework of American foreign policy and also through an examination of the conduct and changing priorities of Turkish foreign policy in this era Such a study not only enhances our knowledge of Turkish American relations for the period of 1800 1952 but also provides further insight into the relations during the Cold War and its aftermath     *Review of Current Information in the Treasury Department Library* United States. Department of the Treasury. Library,1953     **History and Theories of Working-Class Movements** Roy A. Ockert,1955     History and International Relations Martin Wight,2023-06-18 History and International Relations collects works by the late Professor Martin Wight 1913 1972 an historian and scholar of international relations Wight conducted research on many topics

including British colonial history European studies international institutions and the history of states systems and is nonetheless best known for his lectures about the political philosophy of international relations at the London School of Economics 1949 1961 and the University of Sussex 1961 1972 He is widely regarded as an intellectual ancestor and pathbreaker of the English School of international relations even though this term only gained currency nine years after his death The English School is usually construed as signifying an approach to the study of international relations more rooted in historical and humanistic learning than in the social sciences This volume encompasses works in four categories a standards of excellence in scholarship about history and international relations b European integration efforts since 1945 c British policy in the Middle East notably in relation to the 1956 Suez crisis and d European politics in the interwar period leading up to 1939 This last category features four chapters by Wight from the noteworthy Chatham House collection sponsored by the Royal Institute of International Affairs The World in March 1939 These chapters on Germany and Eastern Europe stand out as exceptionally thorough and discerning owing in part to their reliance on a wealth of primary and secondary sources This collection also includes Wight's reviews of works by Geoffrey Barraclough Marc Bloch Herbert Butterfield R G Collingwood Denis Mack Smith Sir Lewis Namier A J P Taylor Arnold J Toynbee Veronica Wedgwood and other historians The Creation of Qatar Rosemarie Said Zahlan, 2016-02-05 This book first published in 1979 was the first political and social history of Qatar Its main thrust is to provide the reader with a description and identification of the processes and forces that have contributed to change and continuity in Qatari society A concise and relevant history of the country from the latter part of the eighteenth century when the Utub settled Zubarah to the present day is provided Emphasis is placed not only on Qatar's internal development but also on its critical relationship with Bahrain and Saudi Arabia its closest neighbours and with Britain The study then proceeds to determine the inner logic of the Qatari political and social structure and how it has evolved over the years It is shown how the same society that exhibited great fortitude in the face of economic and political hardship could have an equally great capacity to adapt to new levels of prosperity **Culture and International Relations** Julie Reeves, 2004-07-29 This book contextually re-examines the history of international relations in order to explore how the discipline has imported and employed the concept of culture *Czechoslovakia between Stalin and Hitler* Igor Lukes, 1996-05-23 The Munich crisis of 1938 in which Great Britain and France decided to appease Hitler's demands to annex the Sudetenland has provoked a vast amount of historical writing The era has been thoroughly examined from the perspectives of Germans French and British political establishments But historians have had until now only a vague understanding of the roles played by the Soviet Union and Czechoslovakia the country whose very existence was at the very center of the crisis In *Czechoslovakia Between Stalin and Hitler* Igor Lukes explores this turbulent and tragic era from the new perspective of the Prague government itself At the center of this study is Edvard Benes a Czechoslovak foreign policy strategist and a major player in the political machinations of the era The work looks at the first two decades of Benes's

diplomacy and analyzes the Prague Government's attempts to secure the existence of the Republic of Czechoslovakia in the treacherous space between the millstones of the East and West. It studies Benes's relationship with Joseph Stalin, outlines the role assigned to Czechoslovak communists by the VIIth Congress of the Communist International in 1935 and dissects Prague's secret negotiations with Berlin and Benes's role in the famous Tukhachevsky affair. The work also brings evidence regarding the so-called partial mobilization of the Czechoslovak army in May 1938 and focuses on Stalin's strategic thinking on the eve of the World War II. Until the fall of the Berlin Wall, it was difficult for Western researchers to gain access to the rich archival collections of the East. Czechoslovakia Between Stalin and Hitler makes ample use of these secret archives both in Prague and in Russia. As a result, it is an accurate and original rendition of the events which eventually sparked the Second World War.
