Culturism John Kenneth Press, 2013-07 Culturism is the opposite of multiculturalism Multiculturalism says that western nations have no core culture our lands are just neutral spaces where random cultures assemble Culturism acknowledges that we have a core culture rooted in Athens and Jerusalem Culturism defies globalism Islamic nations and China do not believe in rights the relative separation of church and state democracy or free speech These are not universal values they are western values To protect them we must protect the West Like all other nations we have a right to have culturist economic and

immigration policies Culturism disarms those who abuse the word racist in order to stop discussion Pointing out that different ethnic groups have different levels of economic and educational achievement is not racist it is culturist Culturist profiling is not racist Racism is stupid But if cultural diversity is real discussing cultural diversity is rational and necessary Neither inherently conservative nor liberal culturism argues against invading other nations to spread Western values to nations that do not want them It also argues for the right of our schools to teach culturist pro western curriculum Stop the corrosive spread of multiculturalism and politically correct censorship Spread the words culturism and culturist today

The Naked Mole Rat and the Conservative Worldview Justin Bond, 2024-11-19 In *The Naked Mole Rat and the Conservative Worldview* Justin Bond offers a compelling exploration of conservative philosophy through economics game theory and cultural analysis This thought provoking work defends the power of ordinary people when guided by the right norms values and culture Bond skillfully weaves together historical events economic principles and behavioral studies to illuminate the conservative perspective Starting with the contrasting paths of the American French and English Revolutions he demonstrates how bottom up processes consistently outperform top down systems Through parables and real world examples from the free rider problem to imperfect competition he reveals why markets families and cultural traditions create more stable and prosperous societies than government planning The book tackles challenging topics like evolutionary psychology social status competitions and the impacts of welfare policies With clarity and intellectual honesty Bond examines why many conservative solutions work despite their counterintuitive nature exploring complex topics like the tragedy of the commons the evolution of cooperation and the importance of marriage and family structures Neither dogmatic nor partisan this book provides an accessible yet sophisticated defense of conservative thought It s essential reading for anyone interested in understanding why conservative principles emphasize bottom up solutions and cultural continuity rather than centralized planning If you enjoyed *The Righteous Mind* *Basic Economics* and *The World Until Yesterday* you ll love *The Naked Mole Rat and the Conservative Worldview*

The Family Emotional System Robert J. Noone,, Daniel V. Papero, 2015-10-30 *The Family Emotional System An Integrative Concept for Theory Science and Practice* presents an ongoing dialogue among scientists family investigators and clinicians related to a natural systems view of the family and human behavior that has been occurring over several decades The concept of the family as an emotional system as defined in Bowen theory is presented as the principal integrative concept underlying this dialogue and an effort to move toward a science of human behavior As a natural system the family forms the immediate and most important context for individual development and may

be the most central and important environment shaping brain development across the lifetime of the individual This book explains how the family system can serve as an integrative framework within which specific factual discoveries and hypotheses from many areas of science can be brought together and understood as various manifestations of a coherent whole The Family Emotional System provides understanding of what is entailed in conceptualizing the family as an emotional system a sense of the breadth and depth of knowledge the sciences are contributing to this effort and examples of how this theoretical framework contributes to family research and practice The richness and excitement occurring in the ongoing dialogue between scientists and Bowen family systems practitioners and researchers is captured along with the promise it holds for the study of human behavior
