**Survival and
Disembodied Existence**

Terence Penelhum

Survival And Disembodied Existence

Richard Bailey

Survival And Disembodied Existence:

Survival and Disembodied Existence Terence Penelhum, 1970 The book examines the conceptual difficulties that are raised by the belief that all or some persons survive death Two versions of the belief are considered the belief in disembodied personal survival and the belief in bodily resurrection In each case two questions are raised Can we give intelligible content to supposed accounts of the form of life such a survivor might lead Can we give intelligible content to the claim that such a being is identical with one of ourselves The author argues that it is only with regard to the second question that intractable difficulties of logic arise but he suggests that these difficulties defeat the belief in disembodied survival altogether thus leaving the belief in bodily resurrection with a very puzzling status In the course of the argument the themes of disembodied perception spirit agency and reincarnation are discussed and recent philosophical discussions of some of the puzzles of personal identity are considered front flap

Making Sense of Survival After Death and Disembodied Existence David P. Hoover, 1974

Reason in the Service of Faith Paul Helm, 2023-03-01 Paul Helm is a distinguished philosopher with particular interests in the philosophy of religion His work covers some of the most important aspects of the field as it has developed in the last thirty years with particular contributions to metaphysics religious epistemology and philosophical theology In celebration of Helm's life's work *Reason in the Service of Faith* brings together a range of his essays which reflect these central concerns of his thought Over thirty of Helm's selected essays and four unpublished articles are gathered into five parts Metaphilosophical Issues Action Change and Personal Identity Epistemology God and Creation Providence and Prayer The volume is prefaced with a short editorial introduction and ends with an extensive bibliography of Helm's published works Demonstrating the important connection between Helm's theological and philosophical interests across his body of work this collection is a remarkable resource for scholars of religion philosophy and theology

Immortality Paul Edwards, 2009-12-02 Is there life after death or do we simply cease to exist Renowned scholar Paul Edwards has compiled *Immortality* a superb group of philosophical selections featuring the work of both classical and contemporary authors who address the topics of immortality soul and body transmigration materialism epiphenomenalism physical research and parapsychology reincarnation disembodied existence and much more In addition to a 70 page editorial introduction offering an in depth discussion of the forms which belief in immortality has taken this volume includes selections from Thomas Aquinas A J Ayer Paul and Linda Badham John Beloff C D Broad Joseph Butler Rene Descartes C J Ducasse Paul Edwards Hugh Elliot Antony Flew John Foster Peter Geach John Hick John Hospers David Hume William James Raynor Johnson Immanuel Kant John Locke Lucretius Donald MacKay John Stuart Mill Derek Parfit Plato H H Price Joseph Priestley Thomas Reid Tertullian Peter van Inwagen and Voltaire Also included is a detailed annotated bibliography

Eccentricity in Anthropology Stephen R. Milford, 2019-06-07 *Eccentricity in Anthropology* brings into conversation a constructive critical interpretation of David Kelsey's *Eccentric Existence* with a central yet often overlooked debate in theological anthropology

the substantive relational imago Dei Milford's work explores new insights into human identity and dignity. In particular, he demonstrates the value of an alternate constructive of humanity in the image of God. This construction utilizes an interpretation of Kelsey's anthropological formula so as to describe human identity as part of the created order in terms of its myriad features which are externally rooted. Eccentricity in Anthropology demonstrates that an alternate approach to this debate is possible and that one can combine important aspects of both substantive and relational thinking. As such, Milford's work is an important contribution to studies in the doctrine of the imago Dei. Taking Eccentric Existence's invitation to act as a springboard for further debate seriously, it presents one possible fruitful use of Kelsey's work to address theological anthropological questions. In a very real sense, this book is both a discussion in systematic theology and at the same time a work in contemporary historical theology.

Death and Afterlife Stephen T. Davis, 2016-01-06 This book began as a series of papers at a conference called Death and Afterlife held in Claremont, California, in January 1987, under the auspices of the Department of Religion of the Claremont Graduate School. The responses to each paper and several comments are also included.

Death and Immortality R.W. Perrett, 2013-11-11 The research for this work was undertaken during my tenure of a Senior Tutorship in the Faculty of Arts and Music at the University of Otago, 1983-85. Versions of some of the chapters herein have already been accepted for publication in the form of journal articles in *Philosophy*, *Philosophy East and West*, *Sophia* and *Religious Studies*. My thanks to the editors and publishers concerned for permission to reuse this material. A number of people have assisted me in various ways. My greatest debt is to Graham Oddie, who supervised my doctoral research in this area and with whom I have had the benefit of innumerable discussions on these and other philosophical matters. I am very grateful for all I have learned from him. I would also like to thank Bob Durrant for commenting helpfully on Chapter 2, the late Jim Harvie both for his valuable suggestions particularly regarding the material of Chapter 4 and for his encouraging enthusiasm for the whole project. George Hughes for his extensive comments on the whole work and for various points of detail. Alan Musgrave, Charles Pigden and Bryan Wilson. Despite much good advice, however, I have some times preferred to go my own way, recalling Blake's proverb: 'If the fool would persist in his folly, he would become wise.' With regard to the typing of the manuscript, I am indebted to the word processor wizardry of Jane Tannahill and Christine Colbert.

A Sense of Presence Stephen H. Smith, 2016-09-15 Divided into five parts, *A Sense of Presence* explores the central thesis that the resurrection of Jesus could be explained as a psychological event involving one hallucination possibly occurring to Peter and a hysterical reaction by colleagues which convinced them that Jesus had appeared to them too. This approach is justified by showing that claims made by often impressionable people to have witnessed supernatural events in more recent times, such as visions of the Virgin Mary or weeping statues, have usually attracted a similar hysterical reaction involving large numbers. Some of these reactions take hold sufficiently strongly to facilitate the development of new sects or movements which persist even when their credibility is challenged. The remaining four parts set this thesis in context. Part 1 shows that

resurrection was already a widely accepted concept in the socio cultural world in which Jesus was born Part 2 deals with the New Testament accounts of the resurrection showing that they are often contradictory Part 4 presents and discusses the philosophical problems involved in a psycho physical person rising from the dead while Part 5 looks at the historical and theological issues associated with such an event The argument presented is not intended to be dogmatic but simply seeks to show that naturalistic alternative explanations to the one generally accepted by believers should be given far more attention than they usually receive A Sense of Presence invites readers to challenge the status quo and will appeal to those wishing to challenge generally accepted Christian views

Christian Theology Millard J. Erickson, 1998-08 A new edition of leading theologian Millard Erickson's classic text

The Myth of an Afterlife Michael Martin, Keith Augustine, 2015-03-12 Because every single one of us will die most of us would like to know what if anything awaits us afterward not to mention the fate of lost loved ones Given the nearly universal vested interest in deciding this question in favor of an afterlife it is no surprise that the vast majority of books on the topic affirm the reality of life after death without a backward glance But the evidence of our senses and the ever gaining strength of scientific evidence strongly suggest otherwise In *The Myth of an Afterlife The Case against Life after Death* Michael Martin and Keith Augustine collect a series of contributions that redress this imbalance in the literature by providing a strong comprehensive and up to date casebook of the chief arguments against an afterlife Divided into four separate sections this collection opens with a broad overview of the issues as contributors consider the strongest evidence of whether or not we survive death in particular the biological basis of all mental states and their grounding in brain activity that ceases to function at death Next contributors consider a host of conceptual and empirical difficulties that confront the various ways of surviving death from bodiless minds to bodily resurrection to any form of posthumous survival Then essayists turn to internal inconsistencies between traditional theological conceptions of an afterlife heaven hell karmic rebirth and widely held ethical principles central to the belief systems supporting those notions In the final section authors offer critical evaluations of the main types of evidence for an afterlife Fully interdisciplinary *The Myth of an Afterlife The Case against Life after Death* brings together a variety of fields of research to make that case including cognitiveneuroscience philosophy of mind personal identity philosophy of religion moralphilosophy psychical research and anomalistic psychology As the definitive casebook of arguments against life after death this collection is required reading for any instructor researcher and student of philosophy religious studies or theology It is sure to raise provocative issues new to readers regardless of background from those who believe fervently in the reality of an afterlife to those who do not or are undecided on the matter

Evil and the Retributive Hypothesis G. C. Nayak, 1993-01-01 The book devotes itself mainly to critical examination of a system of belief viz the theistic belief The problems of retributive justice survival personal identity meaning of religious language etc come under the purview of discussion in course of this critical examination The book with its characteristically analytic and critical approach raises certain interesting issues and tackles them with a freshness of

insight thus making significant contribution to the world of philosophy in general and to the area of philosophy of religion in particular

New Testament Theology Philip Francis Esler, 2005 Esler's innovative proposal features a cutting edge combination of theology exegesis and social analysis He argues for new thinking about New Testament theology in light of the early social history of Christian communities His detailed analysis of Paul's letters to the Romans and 1 Corinthians validates his thesis and clarifies its significance for scholarship Using both the tradition of the communion of the saints and social scientific methods Esler brings the discipline of New Testament theology back to its theological core He argues that interpreters also need to take into account both the history of interpretation and the multitude of voices within the contemporary church

God, Freedom and Immortality Jonathan Harrison, 2018-12-21 Published in 1999 this text offers a comprehensive treatment of the Philosophy of Religion Its overall conclusions are that though there is no reason to suppose there is a God doing something that is not quite believing in god who as some mystics think neither exists nor does not exist may be valuable for some people

The Coherence of Theism Richard Swinburne, 2016-05-05 The Coherence of Theism investigates what it means and whether it is coherent to say that there is a God Richard Swinburne concludes that despite philosophical objections most traditional claims about God are coherent that is do not involve contradictions and although some of the most important claims are coherent only if the words by which they are expressed are being used in analogical senses this is the way in which theologians have usually claimed that they are being used When the first edition of this book was published in 1977 it was the first book in the new analytic tradition of philosophy of religion to discuss these issues Since that time there have been very many books and discussions devoted to them and this new substantially rewritten second edition takes account of these discussions and of new developments in philosophy generally over the past 40 years These discussions have concerned how to analyse the claim that God is omnipotent whether God can foreknow human free actions whether God is everlasting or timeless and what it is for God to be a necessary being On all these issues this new edition has new things to say

Where are the Dead? Peter Moore, 2016-09-13 Where are the dead What are they doing What kind of a process is dying What relationships exist among the dead themselves and between the dead and those in the world they have left behind Modern philosophers argue that the idea of disembodied survival to which many believers pay lip service is incoherent and that there can be evidence neither for nor against something incoherent By contrast this book argues the idea of an embodied survival albeit a form of embodiment differing from our present embodiment makes perfect sense in itself and fits much better with the alleged evidence for post mortem survival Exploring post mortem survival Where are the Dead uses a variety of empirical data alongside mythological legendary and purely fictional material to illustrate how the less familiar idea of embodied post mortem survival might actually work in some real afterlife environment By asking questions about the nature and whereabouts of the afterlife and about what it might be like to be dead the book explores themes nowadays relatively neglected even in disciplines explicitly concerned with ideas about death dying and life after death

Death and Eternal Life John Hick, 1994-01-01 In this cross cultural interdisciplinary study John Hick draws upon major world religions as well as biology psychology parapsychology anthropology and philosophy to explore the mystery of death He argues that scientific and philosophical objections to the idea of survival after death can be challenged and he claims that human inadequacy in facing suffering supports the basic religious argument for immortality

Philosophy of Religion Stuart Brown, 2014-05-01 With the entry level student in mind Stuart Brown guides the reader through three main topics whether or not there is life after death whether or not there is a powerful beneficent intelligence controlling the universe and the nature and appropriate defence of religious belief or faith Each chapter is linked to readings by commentators on religion and belief such as David Hume John Hick Richard Dawkins and William James Key features also include activities and exercises chapter summaries and guides to further reading

Reconstructing Empedocles' Thought Chiara Ferella, 2024-02-08 To understand Empedocles thought one must view his work as a unified whole of religion and physics Only a few interpreters however recognise rebirth as a positive doctrine within Empedocles physics and attempt to reconcile its details with the cosmological account This study shows how rebirth underlies Empedocles cosmic system being a structuring principle of his physics It reconstructs the proem to his physical poem and then shows that claims to disembodied existence individual identity and personal survival of death s prove central to his physics that knowledge of the cosmos is the path to escape rebirth that purifications are essential to comprehending the world and changing one s being and that the cosmic cycle with its ethical import is the ideal backdrop for Empedocles doctrine of rebirth This title is part of the Flip it Open Programme and may also be available Open Access Check our website Cambridge Core for details

Philosophy of Religion William Lane Craig, 2002 Philosophy of Religion is a combined anthology and guide intended for use as a textbook in courses on Philosophy of Religion It aims to bring to the student the very best of cutting edge work on important topics in the field Presenting a sympathetic view of the topics it treats Philosophy of Religion provides an ideal resource for studying the central questions raised by religious belief

Philosophy and Death Robert J. Stainton, Samantha Brennan, 2009-09-02 Philosophical reflection on death dates back to ancient times but death remains a most profound and puzzling topic Samantha Brennan and Robert Stainton have assembled a compelling selection of core readings from the philosophical literature on death The views of ancient writers such as Plato Epicurus and Lucretius are set alongside the work of contemporary figures such as Thomas Nagel John Perry and Judith Jarvis Thomson Brennan and Stainton divide the anthology into three parts Part I considers questions about the nature of death and our knowledge of it What does it mean to be dead Is it possible to survive death Is the end of life a mystery Part II asks how we should view death What if anything is so bad about dying If death is nothingness should it be feared or regretted Part III examines ethical questions related to killing particularly abortion euthanasia and suicide Is killing ever permissible Under what conditions or circumstances

As recognized, adventure as without difficulty as experience very nearly lesson, amusement, as skillfully as concord can be gotten by just checking out a books **Survival And Disembodied Existence** moreover it is not directly done, you could recognize even more on this life, regarding the world.

We allow you this proper as skillfully as easy quirk to get those all. We provide Survival And Disembodied Existence and numerous books collections from fictions to scientific research in any way. in the midst of them is this Survival And Disembodied Existence that can be your partner.

Survival And Disembodied Existence Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Survival And Disembodied Existence free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Survival And Disembodied Existence free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Survival And Disembodied Existence free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are

legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Survival And Disembodied Existence. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Survival And Disembodied Existence any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Survival And Disembodied Existence Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook's credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What's the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Survival And Disembodied Existence is one of the best books in our library for free trial. We provide a copy of Survival And Disembodied Existence in digital format, so the resources that you find are reliable. There are also many eBooks related to Survival And Disembodied Existence. Where to download Survival And Disembodied Existence online for free? Are you looking for Survival And Disembodied Existence PDF? This is definitely going to save you time and cash in something you should think about.
