Suspicious Origins:

Suspicious Origins Perry Glasser, 1983 *Profile of the Urban Fire Problem in the United States*, **Big Data Analytics in Cybersecurity** Onur Savas, Julia Deng, 2017-09-18 Big data is presenting challenges to cybersecurity For an example the Internet of Things IoT will reportedly soon generate a staggering 400 zettabytes ZB of data a year Self driving cars are predicted to churn out 4000 GB of data per hour of driving Big data analytics as an emerging analytical technology offers the capability to collect store process and visualize these vast amounts of data Big Data Analytics in Cybersecurity examines security challenges surrounding big data and provides actionable insights that can be used to improve the current practices of network operators and administrators Applying big data analytics in cybersecurity is critical By exploiting data from the networks and computers analysts can discover useful network information from data Decision makers can make more informative decisions by using this analysis including what actions need to be performed and improvement recommendations to policies guidelines procedures tools and other aspects of the network processes Bringing together experts from academia government laboratories and industry the book provides insight to both new and more experienced security professionals as well as data analytics professionals who have varying levels of cybersecurity expertise It covers a wide range of topics in cybersecurity which include Network forensics Threat analysis Vulnerability assessment Visualization Cyber training In addition emerging security domains such as the IoT cloud computing fog computing mobile computing and cyber social networks are examined The book first focuses on how big data analytics can be used in different aspects of cybersecurity including network forensics root cause analysis and security training Next it discusses big data challenges and solutions in such emerging cybersecurity domains as fog computing IoT and mobile app security The book concludes by presenting the tools and datasets for future cybersecurity research [The Flame Within](#) Wayne Mutza, 2013-04-15 A former City of Milwaukee firefighter the author writes his memoir with candor depth spice and emotional insight He lays out the tumultuous events that led him as a youth into the profession and the wealth of eye opening experiences along the way He plumbs the character of the firefighters and paramedics who answer the call for rescue but also the character of those who make the call the rescuer and the rescued The author keeps the reader close with vivid details of fighting fire and dealing with the anguish of loss and destruction He pulls no punches he also describes the promotion process the politics in stations and in the service as a whole the struggle of teaching young firefighters and the heavy price of dedication The book fully displays the humanity of members of the fire service and the flavor of fire service tradition **Intelligence and Strategic Surprises** Ariel Levite, 1987 **Tales from the City of Destiny** Bethany Maines, 2018-01-05 Think you're alone in this city Think again Goblins faeries vampires and werewolves are all clawing for their piece of the American dream in Tacoma Washington Ariana Grace is not just your average antiques dealer This half faery can sell you all the best assets a great sense of humor a new memory or just the right amount of luck If your problem seems impossible if no one else can help then Ariana

Grace might have just the right asset for you But be warned magic has a mind of it s own everything may not go as you planned The Dragon Incident Spells of Murder and The Devil s Invitational have all been collected into one volume featuring five additional tales that reveal more about your favorite characters Follow Ariana through 8 tales of mystery murder and adventure as she shows us just what s lurking in Tacoma s alley s pool halls and brothels *Convergence Of Artificial Intelligence And Blockchain Technologies, The: Challenges And Opportunities* Sam Goundar,G Suseendran,R Anandan,2022-05-18 This book covers the growing convergence between Blockchain and Artificial Intelligence for Big Data Multi Agent systems the Internet of Things and 5G technologies Using real case studies and project outcomes it illustrates the intricate details of blockchain in these real life scenarios The contributions from this volume bring a state of the art assessment of these rapidly evolving trends in a creative way and provide a key resource for all those involved in the study and practice of AI and Blockchain *Arson in the United States* , *Frozen End* F. H. Nader,2009-04 His encounter with a strikingly beautiful woman sets off a chain of events that lead professor Sam Baradi to track down the people responsible for the collapse of economies and markets The accumulation of seemingly unrelated events like the meltdown of financial markets the flare up of hostilities in Gaza the tsunami of Internet misinformation and the flood of anti Semitic gossip threatens to bring the world to a frozen end Thrust in the middle of this mayhem Sam s adventures take him from the splendors of Boston s waterfront to the snow capped Swiss Alps and the stunning Mediterranean beaches as he tries to prevent a nefarious group from pushing mankind past a threshold where an irreversible shift in power would occur Book Review A suave intelligent technology analyst combines forces with a beautiful government attorney to combat international terrorism Sam Baradi has it all Ivy League degrees tenure at Cornell University quite a feat at age 28 a moneyed international pedigree and to top it off killer good looks So he s excited to meet his match one night at a bar the stunning Samantha Holzman whose interests and talents eerily match his own They quickly discover that they both deal in high level national security issues and as they learn the hard way both their families are somehow involved Meanwhile halfway across the world in a hotbed of Middle Eastern terrorism a dangerous Islamic sect is plotting an ultimate coup they plan to undermine the American financial system which will weaken every major market so they can snatch up companies and assets at basement level prices Unfortunately the terrorist organization plans to do this via hacking influential financiers computers an area in which Sam is supremely skilled This sets a stage for high tech high stakes global battle that pits the budding couple against a series of devious enemies All the elements of a good thriller are present and accounted for The old world wealth and leading protagonists good looks combined with an eager sense of character development add to the action What Nader does well is paint pictures of evil both individual and societal The leader of the terrorist group is a slithering deviant eyed tyrant and he oozes malice Kirkus Discoveries **Voyage of the Shadowmoon** Sean McMullen,2010-09-01 The renowned author of the Greatwinter novels delivers a brilliantly inventive marvelously plotted sea faring fantasy that

surpasses genre expectations Kirkus starred review The Shadowmoon is a small wooden schooner whose passengers and crew are much more than they seem Ferran the Shadowmoon's lusty captain who dreams of power Roval the warrior sorcerer Velandar and Terikel priestesses of a nearly extinct sect and the chivalrous vampyre Laron who has been trapped in a fourteen year old body for 700 years They sail the coast gathering useful information passing as simple traders But when they witness the awful power of Silverdeath an uncontrollable doomsday weapon of awesome power they realize they must act But every single king emperor and despot covets Silverdeath's power It will take all of their wits and more than a little luck if they hope to prevent one of these power hungry fools from destroying the world Their only advantage The Shadowmoon While it seems to be a humble trading vessel it is actually one of the most sophisticated ships in the world one that allows them to travel to places where no others would dare The crew must now hope it will be enough to save them all before Silverdeath rains destruction across their entire world *Rethinking Modern Polish Identities* Agnieszka

Pasieka, Paweł Rodak, 2023 A critical examination of the category of Polishness that is the formation redefinition and performance of various kinds of Polish identities from a wide range of disciplinary perspectives Inspired by new research in the humanities and social sciences as well as recent scholarship on national identities this volume offers a rigorous examination of the idea of Polishness Offering a diversity of case studies and methodological theoretical approaches it demonstrates a profound connection between national and transnational processes and places the Polish case in a broader context This broader context stretches from a larger Eastern European one a usual frame of comparison to the overseas immigrant communities The authors renowned scholars from Europe and the United States thus demonstrate that an understanding of modern Polish identity means crossing not only historical but also geographical boundaries Consequently the narrative on Polish identity that unfolds in the volume is a personalized and multivocal one that presents the perspectives of a wide range of subjects peasants workers migrants ethnic and sexual minorities that is all those actors who have been absent in grand national narratives As such the examination of Polishness sheds light on the identity question more broadly emphasizing the interplay of pluralizing and homogenizing tendencies and fostering a reflection on national identity as encompassing both sameness and difference **Initiatives in Drug Interdiction** United States. Congress. House.

Committee on Government Operations. Government Information, Justice, and Agriculture Subcommittee, 1986 **The Coming of the Frontier** Press Barbara Cloud, 2008-10-22 Western expansion and journalism have had a symbiotic relationship By examining this relationship along its entire timeline this book argues that newspapers played a crucial role in pushing aside both wildlife and Native Americans to make room for the settlers who would become their readers Slavery, Memory and Identity Douglas Hamilton, Kate Hodgson, Joel Quirk, 2015-10-06 This is the first book to explore national representations of slavery in an international comparative perspective Contributions span a wide geographical range covering Europe North America West and South Africa the Indian Ocean and Asia Class, Culture and Suburban Anxieties

in the Victorian Era Lara Baker Whelan, 2011-12-20 This book demonstrates how representations of the Victorian suburb in mid to late nineteenth century British writing occasioned a literary sub genre unique to this period one that attempted to reassure readers that the suburb was a place where outsiders could be controlled and where middle class values could be enforced Whelan explores the dissonance created by the differences between the suburban ideal and suburban realities recognizing the persistence of that ideal in the face of abundant evidence that it was hardly ever realized She discusses evidence from primary and secondary sources about perceptions and realities of suburban living showing what it meant to live in a real Victorian suburb The book also demonstrates how the suburban ideal with its elements of privacy cleanliness *rus in urbe* and respectability in its relation to culturally embedded ideas about the Beautiful and Picturesque gained such a strong foothold in the Victorian middle class that contemplating its failure caused intense anxiety Whelan goes on to trace the ways in which this anxiety is represented in literature *The Oxford Dictionary of Philosophy* Simon

Blackburn, 2016-02-25 This bestselling dictionary is written by one of the leading philosophers of our time and it is widely recognized as the best dictionary of its kind Comprehensive and authoritative it covers every aspect of philosophy from Aristotle to Zen With clear and concise definitions it provides lively and accessible coverage of not only Western philosophical traditions but also themes from Chinese Indian Islamic and Jewish philosophy Entries include over 400 biographies of famous and influential philosophers in depth analysis of philosophical terms and concepts and a chronology of philosophical events stretching from 10 000 BC to the present day New entries on philosophy of economics social theory neuroscience philosophy of the mind and moral conceptions bring the third edition of this dictionary fully up to date Fully cross referenced and containing over 3 300 alphabetical entries it is the ideal introduction to philosophy for anyone with an interest in the subject and it is an indispensable work of reference for students and teachers *VEILED VOICES* Dr.

Jawairriya Abdallah-Shahid, 2010-03-12 *Veiled Voices* Muhajabat in Secular Schools is based on ethnographic research that examines questions and dispels assumptions regarding American Muslim females that wear the Islamic headscarf hijab and attend secular schools Prior to sharing the voice of the six females focused upon in this study Dr Jawairriya Abdallah Shahid provides a thorough explanation of what Islam Sunnah and Shariah teach regarding hijab What is unique about this work is the thorough explanation provided to readers regarding Islam s teachings pertaining to hijab This allows readers to gain insight and understanding not usually provided when this subject is discussed The purpose of sharing Islam s hijab perspective is to introduce the reader to the many variables and possibilities that encompasses why some Muslim females veil An analysis of the social and psychological effects of difference forces readers to confront their own biases and misunderstandings regarding Muslim females that wear hijab and provides an opportunity for the reexamination of these views after reading and understanding the in depth information provided The challenges discrimination joys and tribulations faced by the muhajabat are shared by them and displays an array of experiences that are not homogeneous The commonality

of their experiences is rooted in their ability to continue in their efforts to complete their education The final chapter makes an important suggestion regarding society's outlook regarding Muslim females that wear hijab and offers relevant research findings pertaining to muhajabat

Knowledge and Ideology Michael Morris, 2016-11-10 Ideology critique generally seeks to undermine selected theories and beliefs by demonstrating their partisan origins and their insidious social functions This approach rightly reveals the socially implicated nature of much purported knowledge but also brackets or bypasses its cognitive properties In contrast Michael Morris argues that it is possible to integrate the social and epistemic dimensions of belief in a way that preserves the cognitive and adjudicatory capacities of reason while acknowledging that reason itself is inevitably social historical and interested Drawing upon insights from Hegel Lukács Mannheim and Habermas he interprets and reconstructs Marx's critique of ideology as a positive theory of knowledge one that reconciles the inherently interested and inextricably situated nature of thought with more traditional conceptions of rational adjudication normativity and truth His wide ranging examination of the social and epistemic dimensions of ideology will interest readers in political philosophy and political theory

Feminism Confronts Homo Economicus Martha Fineman, Terence Dougherty, 2005 Drawing on the latest thinking in the fields of feminist legal theory critical legal studies and feminist economics the essays critique the notion that legal and policy decision should be made solely through the lens of economics
