

Positive Affirmations for Self-Esteem

1. I will show kindness to myself today.
2. I deserve good things in my life.
3. I give myself permission to feel my emotions.
4. I'm worthy of being loved.
5. I surround myself with people who lift me up.
6. I accept the natural ups and downs of life.
7. My thoughts don't define me. They come & go in waves.
8. I am growing and changing each day.
9. I'm the adult that younger me would feel safe around.
10. I can do hard things, even if I'm uncomfortable.
11. I'm strong, even when I'm scared.
12. I accept my body for what it looks like right now.
13. I am proud of myself for being here.
14. My needs are important, too.
15. I'm good enough, strong enough, brave enough, capable enough, and smart enough.
16. I'll talk to myself like I would a friend.
17. I deserve to take up space.
18. I provide value in this conversation.
19. I deserve the compliments that come my way.
20. I got through the tough times I thought I wouldn't.
21. I deserve respect – from myself and others.
22. I have a lot of good qualities and things to offer.
23. I can't control events that occur to me, but I can control how I respond to them.
24. I am trying my best.
25. It's okay if I'm not feeling okay.
26. I did a great job!
27. I allow myself to make mistakes. Mistakes are learning opportunities!
28. I accept my flaws.
29. I'm putting my mental and physical health first.
30. There's only one me. And that's pretty cool!
31. I'm able to face the obstacles of life.
32. My voice matters. I deserve to be heard and seen.
33. My friends, family, and colleagues like spending time with me.
34. I am worthy of recognition. And I will recognize my own achievements!
35. Perfection doesn't exist. I don't need to be "perfect" to love myself for who I am.
36. The world is a great place because I'm in it.

Sustaining Affirmation

Nicholas Mag

Sustaining Affirmation:

Sustaining Affirmation Stephen K. White, 2021-05-11 In light of many recent critiques of Western modernity and its conceptual foundations the problem of adequately justifying our most basic moral and political values looms large Without recourse to traditional ontological or metaphysical foundations how can one affirm or sustain a commitment to fundamentals The answer according to Stephen White lies in a turn to weak ontology an approach that allows for ultimate commitments but at the same time acknowledges their historical contestable character This turn White suggests is already underway His book traces its emergence in a variety of quarters in political thought today and offers a clear and compelling account of what this might mean for our late modern self understanding As he elaborates the idea of weak ontology and the broad criteria behind it White shows how these are already at work in the thought of contemporary writers of seemingly very different perspectives George Kateb Judith Butler Charles Taylor and William Connolly Among these thinkers often thought to be at odds he exposes the commonalities that emerge around the idea of weak ontology In its identification of a critical turn in political theory and its nuanced explanation of that turn his book both demonstrates and underscores the strengths of weak ontology

The Politics of Moralizing Jane Bennett, Michael J. Shapiro, 2013-09-13 The Politics of Moralizing issues a stern warning about the risks of speaking writing and thinking in a manner too confident about one's own judgments and asks Can a clear line be drawn between dogmatism and simple certainty and indignation Bennett and Shapiro enter the debate by questioning what has become a popular even pervasive cultural narrative told by both the left and the right the story of the West's moral decline degeneration or confusion Contributors explore the dynamics and dilemmas of moralizing by advocates of patriotism environmental protection and women's rights while arguing that the current discourse gives free license to self aggrandizement cruelty vengeance and punitiveness and a generalized resistance to or abjection of diversity **Derrida and Foucault** Paul Rekret, 2017-09-20 Derrida and Foucault offers a major contribution to the interpretation of these two highly influential thinkers By tracing the moments where Derrida and Foucault's arguments converge but also where they deviate this book fundamentally recasts our understanding not only of these two philosophers but of the political more broadly Organised thematically around questions of epistemology ethics and politics this is the only work to bring Derrida and Foucault's whole oeuvres into dialogue with one another This book frames a dialogue not only between their works of the 1960s and 1970s but also their works that deal with political questions around liberalism capitalism and democracy This book offers the first substantial critical assessment of Derrida and Foucault's political work and also situates these crucial thinkers in contemporary debates in political theory **Affirmation Power: Harnessing the Energy of Positive**

Thinking KALPESH KHATRI, In a world where stress and negativity often overshadow our daily lives the power of positive thinking emerges as a beacon of hope and transformation Affirmation Power Harnessing the Energy of Positive Thinking is designed to guide you on a transformative journey through the profound impact of affirmations on your life This book offers a

1432 Correct Affirmations to Retirement: How to Navigate the Transition from Work to Leisure

Nicholas Mag, The Miracle In this book Nicholas presents you a practical unique subliminal very simple detailed method of how to Retirement How to Navigate the Transition from Work to Leisure You will feel the effects immediately and the results will appear very quickly So it was in my case You will not achieve fulfillment and happiness until YOU become the architect of

your own reality Imagine that with a few moments each day you could begin the powerful transformation toward complete control of your own life and well being through this unique subliminal method combined with positive affirmations The order of words is extremely important for every book written by Nicholas These are arranged to be traversed in a certain way so as to eliminate certain blockages in the human being blockages that are bringing disease or failure on various plans You don't need a big chunk of your time or expensive programs Everything is extremely simple Health money prosperity abundance safety stability sociability charisma sexual vitality erotic attraction will optimism perseverance self confidence tenacity courage love loving relationships self control self esteem enthusiasm refinement intuition detachment intelligence mental calm power of concentration exceptional memory aspiration transcendence wisdom compassion You have the ability to unlock your full inner potential and achieve your ultimate goals This is the age old secret of the financial elite world class scholars and Olympic champions For example when you watch the Olympics you'll find one consistency in all of the champions Each one closes their eyes for a moment and clearly affirms visualizes themselves completing the event flawlessly just before starting Then they win gold medals and become champions That's merely one example of how the real power of mind can elevate you above any of life's challenges By reading this book you will feel totally that life deserves to be lived and enjoyed every moment and that everything that you propose for yourself becomes easy for you to fulfill Nicholas will guide you to touch your longed for dream and will make you see life from a new perspective full of freshness and success This book helps you step by step in a natural way in just 3 minutes a day to change your misguided way of thinking and to Retirement How to Navigate the Transition from Work to Leisure NOTE For good Nicholas keep the price of the book as lower as he can even if it is a hard work behind this project A significant portion of the earnings from the sale of the book are used for these purposes for charity volunteer projects nature restoration and other inspired ideas to do good where it is needed If you can not afford to buy the book please contact Nicholas and he will give you a free copy You also have a bonus in the pages of the book that makes you live your success by doing a seemingly trivial thing You will feel the difference Yes The Miracle is possible Get Your Copy Now

The New Testament and Bioethics R. Dennis Macaleer, 2014-01-01 Beauchamp and Childress's Principles of Biomedical Ethics is a well accepted approach to contemporary bioethics Those principles are based on what Beauchamp and Childress call the common morality This book employs New Testament theological themes to enhance the meaning of those principles of bioethics The primary New Testament text for this study is the twin commands from Jesus to love God and love one's neighbor The three theological themes developed from this study the image of God the covenant and the pursuit of healing are deeply embedded in the New Testament and in the ministry of Jesus Three contemporary bioethics principles are used for this dissertation based on The Belmont Report They are the principles of respect for persons justice and beneficence In each case the theological themes are shown to enhance the meaning of these bioethics principles Each of the three principles as understood through the three theological themes is applied to a current

bioethics issue to demonstrate the efficacy of this approach The three current issues addressed are the withdrawal or withholding of life sustaining treatment the distribution of health care in the United States and the use of palliative care

The Kantian Imperative Paul Saurette,2005-01-01 In this book the author challenges this interpretation by arguing that Kant's imperative is actually based on a problematic appeal to common sense and that it is premised on and seeks to further cultivate and intensify the feeling of humiliation in every moral subject Discerning the influence of this model on historical and contemporary political thought and philosophy the author explores its particular impact on the work of two contemporary thinkers Charles Taylor and Jürgen Habermas The author also shows that an analysis of the Kantian imperative allows a better understanding of specific current political issues such as the U S military scandal at Abu Ghraib in Iraq and of broader ones such as post 9 11 foreign policy This book thus demonstrates that Kant's moral philosophy and political theory are as relevant today as at any other time in history Half t p

Imagination in Politics Mihaela Czobor-Lupp,2014-10-15 Imagination is a complex and ambiguous culture making power which while central to politics is a rather marginal concept in contemporary political theory By drawing on works of modern and contemporary Continental political philosophers this book addresses how imagination can be both a source of freedom and domination in liberal democratic politics and argues for a benign public employment of images and narratives in a global world of diverse cultures The challenge is not to keep contemporary politics clear of images but to better distinguish between benign and malign uses of creativity in the public realm This distinction is important because the language employed by the participants in the complex cultural dialogue that characterizes modern plural societies is constituted by metaphors and myths which form their perceptions and sensibilities The embedment of communicative practices in a society's imaginary brings an ambivalent psychological and emotional potential into democratic politics Modern liberal democracies can shift the public employment of imagination either in a direction that increases the autonomous capacity of individuals to engage culture and language in a creative and interactive manner in the construction of their identities or in a direction that increases fascination with images and myths and consequently the escapist desire to pull these out of the living dialogue with others Turning the public work of creativity in the first direction requires a conscious change in the modern social imaginary This can be achieved through the aesthetic cultivation of an ethical productive imagination both analogical and explorative both empathic and reflective While capable of creatively giving utopian impetus to politics this imagination would also stir the individuals responsiveness to the particularity of others and to their capacity to be equal and free partners in the making of a common world An important avenue in achieving this objective in modern liberal democracies will be provided by the capacity of literary works to open up public spaces of dialogue There the renewal of the metaphors and myths that frame individual and collective identities in a society can have transformative effects that increase the individuals ability for cross cultural understanding

The Politics of Practical Reason Mark Ryan,2011-06-09 Ought we conceive of theological ethics as an activity that draws from a

community's vision of human goodness and that has implications for the kind of person each of us is to be. Or can students of the discipline map the ethical implications of what Christians confess about God themselves and the world while remaining indifferent to these claims? Habituated by modern moral theories such as consequentialism and deontology, Mark Ryan argues we too often assume that Christian ethics makes no claim on the character of its students and teachers. It is rather like yet another department store within the shopping mall of ideas and ideologies to which advanced education provides access. By arguing that theological ethics is an activity by nature political, the author endeavors to show us that to do Christian ethics is to be habituated into ways of talking and seeing that put us on a path toward the good. The author thus affirms the claim that theological ethics is a life-changing practice. But why is it so? This book endeavors to display a philosophical basis for this claim by articulating the political character of practical reason. Through rigorous conversation with G. E. M. Anscombe, Charles Taylor, Stanley Hauerwas, Alasdair MacIntyre, and Jeffrey Stout, Ryan provides an account of practical reasoning that enables us to rightly conceive theological ethics as a discipline that ought to change our lives.

Isaiah Berlin and the Politics of Freedom Bruce David Baum, Robert Nichols, 2013. Since his death in 1997, Isaiah Berlin's writings have generated continual interest among scholars and educated readers, especially in regard to his ideas about liberalism, value pluralism, and positive and negative liberty. Most books on Berlin have examined his general political theory, but this volume uses a contemporary perspective to focus specifically on his ideas about freedom and liberty. *Isaiah Berlin and the Politics of Freedom* brings together an integrated collection of essays by noted and emerging political theorists that commemorate in a critical spirit the recent 50th anniversary of Isaiah Berlin's famous lecture and essay "Two Concepts of Liberty." The contributors use Berlin's essay as an occasion to rethink the larger politics of freedom from a twenty-first-century standpoint, bringing Berlin's ideas into conversation with current political problems and perspectives rooted in postcolonial theory, feminist theory, democratic theory, and critical social theory. The editors begin by surveying the influence of Berlin's essay and the range of debates about freedom that it has inspired. Contributors' chapters then offer various analyses, such as competing ways to contextualize Berlin's essay, how to reconsider Berlin's ideas in light of struggles over national self-determination, European colonialism, and racism, and how to view Berlin's controversial distinction between so-called negative liberty and positive liberty. By relating Berlin's thinking about freedom to competing contemporary views of the politics of freedom, this book will be significant for both scholars of Berlin as well as people who are interested in larger debates about the meaning and conditions of freedom.

Transform Your Life: Artful Affirmations: Creative Paths to Embrace Your Value F.G. Cardin, Unlock your inner artist and embrace your true value. *Artful Affirmations: Creative Paths to Embrace Your Value* combines the transformative power of affirmations with the expressive joy of art. This book provides practical exercises, inspiring prompts, and creative techniques to help you cultivate self-compassion, build confidence, and celebrate your unique worth.

Theology, Political Theory, and Pluralism Kristen Deede Johnson, 2007-01-25. How can we live together in the midst of our differences? This is one of the most

pressing questions of our time Tolerance has been the bedrock of political liberalism while proponents of agonistic political thought and radical democracy have sought an answer that allows a deeper celebration of difference Kristen Deede Johnson describes the move from tolerance to difference and the accompanying move from epistemology to ontology within political theory Building on this ontological turn in search of a theological answer to the question she puts Augustine into conversation with recent political theorists and theologians This theological option enables the Church to envision a way to engage with contemporary political society without losing its own embodied story and practices It contributes to our broader political imagination by offering a picture of rich engagement between the many different particularities that constitute a pluralist society

Success After Tenure Vicki L. Baker, Laura Gail Lunsford, Gretchen Neisler, Meghan J. Pifer, Aimee LaPointe Terosky, 2023-07-03 This book brings together leading practitioners and scholars engaged in professional development programming for and research on mid career faculty members The chapters focus on key areas of career development and advancement that can enhance both individual growth and institutional change to better support mid career faculties The mid career stage is the longest segment of the faculty career and it contains the largest cohort of faculty Also mid career faculty are tasked with being the next generation of faculty leaders and mentors on their respective campuses with little to no supports to do so effectively at a time when higher education continues to face unprecedented challenges while managing continued goal of diversifying both the student and faculty bodies The stories examples data and resources shared in this book will provide inspiration and reality checks to the administrators faculty developers and department chairs charged with better supporting their faculties as they engage in academic work Current and prospective faculty members will learn about trends in mid career faculty development resources see examples of how to create such supports when they are lacking on their campuses and gain insights on how to strategically advance their own careers based on the realities of the professoriate The book features a variety of institution types community colleges regional comprehensive institutions liberal arts colleges public research universities ivy league institutions international institutions and those with targeted missions such as HSI MSI and Jesuit Topics include faculty development for formal and informal leadership roles strategies to support professional growth renewal time and people management teaching and learning as a form of scholarship the role of learning communities and networks as a source of support and professional revitalization global engagement to support scholarship and teaching strategies to recruit retain and promote underrepresented faculty populations the policy practice connection and gender differences related to key mid career outcomes While the authors acknowledge that the challenges facing the mid career stage are numerous and varying they offer a counter narrative by looking at ways that faculty and or institutions can assert themselves to find opportunities within challenging contexts They suggest that these challenges highlight priority mentoring areas and support the creation of new and innovative faculty development supports at institutional departmental and individual levels

Transnational Crime in the Americas Tom J.

Farer,2000 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company Expecting Armageddon

Jon R. Stone,2013-09-05 The expectation of an end to time and the yearning for a millennial paradise have been recurring themes in Western religious thought But when we speak of expectation of the world s end we are mindful of the fact that generation after generation of millenarians have been disappointed Their endtime hopes and prophecies have not come true What happens one might ask when prophecies fail Does failure spell the end of the very movements that embrace such expectations The aim of this anthology is to gather together in one volume the essential research from the fields of sociology and psychology that seeks to answer this intriguing question as first raised by Festinger in his 1956 work When Prophecy Fails Cross cultural and comparative this collection chronicles forty years of research into failed prophecy and response to the attending cognitive dissonance it produces that is at once timely and informative Secular Powers Julie E.

Cooper,2024-05-31 Secularism is usually thought to contain the project of self deification in which humans attack God s authority in order to take his place freed from all constraints Julie E Cooper overturns this conception through an incisive analysis of the early modern justifications for secular politics While she agrees that secularism is a means of empowerment she argues that we have misunderstood the sources of secular empowerment and the kinds of strength to which it aspires Contemporary understandings of secularism Cooper contends have been shaped by a limited understanding of it as a shift from vulnerability to power But the works of the foundational thinkers of secularism tell a different story Analyzing the writings of Hobbes Spinoza and Rousseau at the moment of secularity s inception she shows that all three understood that acknowledging one s limitations was a condition of successful self rule And while all three invited humans to collectively build and sustain a political world their invitations did not amount to self deification Cooper establishes that secular politics as originally conceived does not require a choice between power and vulnerability Rather it challenges us today as then to reconcile them both as essential components of our humanity The Ethos of a Late-Modern Citizen Stephen K.

White,2009-03-31 White contends that Western democracies face novel challenges demanding our reexamination of the role of citizens He argues that the intense focus in the past three decades on finding general principles of justice for diversity rich societies needs to be complemented by an exploration of an ethos to adequately sustain any such principles Sustainable Happiness Joe Loizzo,2012 Today s greatest health challenges the so called diseases of civilization depression trauma obesity cancer are now known in large part to reflect our inability to tame stress reflexes gone wild and to empower instead the peaceful healing and sociable part of our nature that adapts us to civilized life The same can be said of the economic challenges posed by the stress reactive cycles of boom and bust driven by addictive greed and compulsive panic As current research opens up new horizons of stress cessation empathic intelligence peak performance and shared happiness it has also encountered Asian methods of self healing and interdependence more effective and teachable than any known in the West Sustainable Happiness is the first book to make Asia s most rigorous and complete system of contemplative living hidden for

centuries in Tibet accessible to help us all on our shared journey towards sustainable well being altruism inspiration and happiness *Integrative Governance: Generating Sustainable Responses to Global Crises* Margaret Stout, Jeannine M. Love, 2018-07-20 Dominant governance theories are drawn primarily from Euro American sources including emergent theories of network and collaborative governance The authors contest this narrow view and seek a more globally inclusive and transdisciplinary perspective arguing such an approach is more fruitful in addressing the wicked problems of sustainability including social economic and environmental crises This book thus offers and affirms an innovative governance approach that may hold more promise as a universal framework that is not colonizing in nature due to its grounding in relational process assumptions and practices Using a comprehensive Governance Typology that encompasses ontological assumptions psychosocial theory epistemological concepts belief systems ethical concepts political theory economic theory and administrative theory the authors delve deeply into underlying philosophical commitments and carry them into practice through an approach they call Integrative Governance The authors consider ways this approach to radical self governance is already being implemented in the prefigurative politics of contemporary social movements and they invite scholars and activists to imagine governance in contexts of social economic and environmental interconnectedness to use the ideal type as an evaluative tool against which to measure practice and to pursue paradigmatic change through collaborative praxis

Sustainable Happiness Richard Haycock, 2017-12-06 If you take control of the way you feel about all subjects you will profoundly take control of all aspects of your life Emotions dont just happen nor are they inflicted on us by life or others it just appears that way Sustainable Happiness is designed to give you this control This is achieved by painting a unique psychological picture relating to how feelings are thought generated within all physical experience Thus giving you a self empowered way of attaining sustaining and increasing your own happiness whilst simultaneously building insight and understanding of other peoples actions and behaviours With this empowered understanding of emotion backed up with practical skills you will walk forward shining a continuously brightening inner light Emotionally responsible individuals shape a happy healthy society hence anyone wishing to find peace within themselves adds to social peace by default this is far reaching Happiness is a life skill you can develop given the desire to do so There is nothing more important to us all Sustainable Happiness presents a powerful and direct how to life manual geared towards anyone who wishes to take control of their life thus feel vibrant and thrive in a way unique unto themselves
