New Women's Writing in Russia, Central and Eastern Europe

Rosalind Marsh, 2020-12-07 Since the late 1980s there has been an explosion of women's writing in Russia Central and Eastern Europe greater than in any other cultural period This book which contains contributions by scholars and writers from many different countries aims to address the gap in literature and debate that exists in relation to this subject We investigate why women's writing has become so prominent in post socialist countries and enquire whether writers regard their gender as a burden or on the contrary as empowering We explore the relationship in contemporary women's writing between gender class and nationality as well as issues of ethnicity and post colonialism *Women and Gender in Central and Eastern Europe, Russia, and Eurasia* Mary Zirin, Irina Livezeanu, Christine D. Worobec, June Pachuta Farris, 2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes Eseji, članci, pogledi Vladan Desnica, 1993 **Bibliografija Jugoslavije**, 1956 The Prose of Life Benjamin M. Sutcliffe, 2009-04-13 Both before and after the collapse of the Soviet Union everyday life and the domestic sphere served as an ideological battleground simultaneously threatening Stalinist control and challenging traditional Russian gender norms that had been shaken by the Second World War The Prose of Life examines how six female authors employed images of daily life to depict women's experience in Russian culture from the 1960s to the present By a term connoting both the everyday and its many petty problems is an enduring yet neglected theme in Russian literature its very ordinariness causes many critics to ignore it Benjamin Sutcliffe's study is the first sustained examination of how and why everyday life as a literary and philosophical category catalyzed the development of post Stalinist Russian women's prose particularly since the collapse of the Soviet Union A focus on the representation of everyday life in women's prose reveals that a first generation of female writers Natalia Baranskaia Irina Grekova both legitimated and limited their successors Liudmila Petrushevskaia Tatiana Tolstaia Liudmila Ulitskaia and Svetlana Vasilenko in their choice of literary topics The Prose of Life traces the development and intriguing ruptures of recent Russian women's prose becoming a must read for readers interested in Russian literature and gender studies 2009 Outstanding Academic Title Choice Magazine *Subversive Imaginations* Nadya Peterson, 2019-06-26 In response to the profound changes in Soviet society in recent years the author considers the demise of Soviet literature and the emergence of its Russian progeny through the prism of the writers engagement with fantasy Viewing the mutual

interaction of Soviet Russian literary output with aspects of the dominant culture such as ideology and politics Nadya Peterson traces the process of mainstream literary change in the context of broader social change She explores the subversive character of the fantastic orientation its Utopian and apocalyptic motifs and its dialogical relationship with socialist realism as it steadily gathered force in the latter Soviet decades The shattering of the mythic colossus did not put an end to these opposing forces but rather diverted them in various unexpected directions as the author explains in her concluding chapters on the new alternative literatures **Seasoned Socialism** Anastasia Lakhtikova,Angela

Brintlinger,Irina Glushchenko,2019-04-04 This essay anthology explores the intersection of gender food and culture in post 1960s Soviet life from personal cookbooks to gulag survival Seasoned Socialism considers the relationship between gender and food in late Soviet daily life specifically between 1964 and 1985 Political and economic conditions heavily influenced Soviet life and foodways during this period and an exploration of Soviet women s central role in the daily sustenance for their families as well as the obstacles they faced on this quest offers new insights into intergenerational and inter gender power dynamics of that time Seasoned Socialism considers gender construction and performance across a wide array of primary sources including poetry fiction film women s journals oral histories and interviews This collection provides fresh insight into how the Soviet government sought to influence both what citizens ate and how they thought about food **Rocznik**

orientalisticzny,2005 **A Tradition of Infringement** Carol Adlam,2017-12-02 The Russian literary world was shaken by the wide reaching reforms of the late Soviet period 1985 91 and the Soviet Union s subsequent collapse During this time the phenomenon of alternative literature emerged characterized by an emphasis on thematic structural and linguistic transgression of both Soviet era values and the enduring Russian tradition of civic engagement and moral edification through literature Through close textual analysis Adlam examines the relationship of this literary phenomenon to issues of gender and creative authority providing detailed discussion of several of the most significant women writers of the period among them Valeriia Narbikova Liudmila Petrushevskaja and Nina Sadur **Literary Biographies in The Lives of Remarkable**

People Series in Russia , Ludmilla A. Trigos,Carol Ueland,2022-03-14 The legendary Russian biography series The Lives of Remarkable People has played a significant role in Russian culture from its inception in 1890 until today The longest running biography series in world literature it spans three centuries and widely divergent political and cultural epochs Imperial Soviet and Post Soviet Russia The authors argue that the treatment of biographical figures in the series is a case study for continuities and changes in Russian national identity over time Biography in Russia and elsewhere remains a most influential literary genre and the distinctive approach and branding of the series has made it the economic engine of its publisher Molodaia gvardiia The centrality of biographies of major literary figures in the series reflects their heightened importance in Russian culture The contributors examine the ways that biographies of Russia s foremost writers shaped the literary canon while mirroring the political and social realities of both the subjects and their biographers times Starting with Alexander

Pushkin and ending with Joseph Brodsky the authors analyze the interplay of research and imagination in biographical narrative the changing perceptions of what constitutes literary greatness and the subversive possibilities of biography during eras of political censorship

A Cultural History of Serbia David A. Norris, 2024-03-05 This volume focuses on Serbia s need to manage change while preserving community identities a narrative that avoids the common depiction of Serbian culture as a hostile struggle between modernizers supporting foreign models and traditionalists advocating forms of national cultural patrimony Traditions only function if they are allowed to bend to the necessary modifications demanded by a community s changing historical circumstances Tradition and change are two sides of the same coin which Serbia in its many different incarnations has experienced over the centuries protecting its national heritage while borrowing and adapting intellectual and other trends from Byzantine Ottoman and Western sources Outside influences have been imposed as a direct result of foreign rule or through more friendly channels of communication leading to a complex relationship between autochthonous and alien elements in Serbian society and culture This book argues that the division between the national and international frameworks has often been a false dichotomy with outside features embedded in domestic symbolic capital and Serbian culture simultaneously determined on local national regional and global levels David A Norris s approach offers a new perspective to students academics and general readers interested in the history of Serbia s participation in the broad networks of cultural exchange

Critical Theory in Russia and the West Alastair Renfrew, Galin Tihanov, 2009-12-04 The traditional view that the rise of Western theoretical thought in the 1960s and 1970s could be traced back to the Soviet 1920s once accepted in Russia and the West alike because it directly associated the academic prestige of contemporary Western theory with the intellectual climate of post revolutionary Russia is increasingly challenged today With the gradual retreat in recent years of theory from the high ground of the Western humanities new work has emerged to suggest unexpected

parallels and to undermine others This book with contributions from some of the most visible specialists in the field re-examines the significant transfers cross fertilisations and synergies of cultural and literary theory between Russia and the West from the 1920s through to the present day It focuses primarily on those tendencies which have made the most significant contribution to critical theory over the last century and looks ahead at the theoretical paradigms that are most likely to shape the future dialogue between Russia and the West in the humanities **Ludmila Ulitskaya and the Art of**
