Staying True Jenny Sanford, 2010-02-05 BONUS This edition contains a Staying True discussion guide In this candid and compelling memoir the first lady of South Carolina reveals the private ordeal behind her very public betrayal and offers inspiration for anyone struggling to keep faith during life's most trying times She's been a successful investment banker a mother of four and the campaign manager for one of American politics rising stars her husband Mark Sanford of South Carolina once widely hailed as a possible candidate for president in 2012 Yet to most Americans Jenny Sanford is best known for the one role she refused to play that of conventional political spouse standing silently by while her husband went before the media and confessed his infidelity Instead she stayed true to herself to her faith and to her highest ideals of parenthood and public service She chose to let Mark Sanford deal with the embarrassment and political fallout from his own actions while focusing her own efforts privately on raising their children to be men of character even in the face of the lies their father has told In *Staying True* Jenny Sanford recalls her shock and anguish upon discovering that her husband was having an affair with a woman in Argentina and the further pain when she learned just a day ahead of most Americans that he had not ended the affair when she believed he had She reveals the source of her determination to be honest and forthright instead of the victim in the tabloid passion play that gripped the nation in June 2009 But her story neither begins nor ends with Mark Sanford's astounding fall from grace Writing with uncommon candor from a deep well of spiritual strength Sanford shares personal stories and life lessons from before and after she stepped into the public realm She recounts the many stresses as well as the myriad joys that she experienced on a daily basis while living in the governmental spotlight Just try keeping four young boys out of mischief in the governor's mansion And she describes the many ways that the seductions of power can drive apart even the most committed couples At every step along her journey Jenny Sanford has made choices She gave up her career moved far from her home state of Illinois even changed her religious practices Every choice was a glad concession to harmonious married life and in some cases to the support of her husband's political aspirations But the one thing she never gave up was her sense of self her inner moral compass Her remarkable poise and decency make her a role model for men and women alike Her story will empower anyone who has fought to maintain independence and integrity

Kalaugher, 2025-05-15 A healthier future starts with seeing the human causes of wildlife diseases When new diseases spread news reports often focus on wildlife culprits rodents monkeys and mpox bats and COVID 19 waterfowl and avian flu or mosquitoes and Zika But in this urgent and engaging book we see it often works the other way around humans have caused diseases in other animals countless times through travel and transport the changes we impose on our environment and global warming With science journalist Liz Kalaugher as our guide we meet the wildlife we have harmed and the experts now studying the crosscurrents between humans other animals and health Herds of buffalo in Kenya cloned ferrets in Colorado and frogs shipped worldwide as living pregnancy tests for humans all help Kalaugher dive into the murky backstories behind wildlife epidemics past and present We learn that military conflict likely contributed to the spread of rinderpest or cattle plague throughout Africa devastating pastoral communities That crowded poultry farms may create virulent new forms of bird flu that spill back into the wild And that West Nile virus which affects not only birds and humans but other animals including horses skunks and squirrels is spreading as global temperatures rise Expanding today s discussions of environmental protection to include illness and its impact Kalaugher both sounds the alarm and explores ways to stop the emergence and spread of wildlife diseases These solutions start with a simple lesson when we protect other animals we protect ourselves Queens of Academe Karen W. Tice, 2012-03-09 Universities are unlikely venues for grading bodies beauty poise and style Nonetheless thousands of college women have sought not only college diplomas but campus beauty

titles and tiaras throughout the twentieth century and the cultural power of beauty pageants continues into the twenty first In *Queens of Academe* Karen W Tice asks how and why does higher education remain in the beauty and body business and with what effects on student bodies and identities Drawing on archival research and interviews as well as hundreds of hours observing college pageants on predominantly black and white campuses Tice argues the pageants help to illuminate the shifting iterations of class race religion culture sexuality and gender braided into campus rituals and student life Moving beyond a binary of objectification versus empowerment Tice offers a nuanced analysis of the making of idealized collegiate masculinities and femininities and the stylization of higher education itself

Cheerful Money Tad Friend, 2009-09-02

From longtime New Yorker writer and author of *In the Early Times* Tad Friend's side splittingly funny *Cheerful Money* is both a gorgeously written family memoir and a sharp cultural study of the decline of the American WASP Mary Karr Tad Friend's family is nothing if not illustrious his father was president of College and at Smith his mother came in second in a poetry contest judged by W H Auden to Sylvia Plath For centuries Wasps like his ancestors dominated American life But then in the 60s their fortunes began to fall As a young man Tad noticed that his family tree for all its glories was full of alcoholics depressives and reckless eccentrics Yet his identity had already been shaped by the family's age old traditions and expectations Part memoir part family history and part cultural study of the long swoon of the American Wasp *Cheerful Money* is a captivating examination of a cultural crack up and a man trying to escape its wreckage
