Kellner,2017-06-09 American Horror Show describes the last weeks of the 2016 election Trump's victory his transition and construction of a scandal ridden cabinet and administration to his inaugural speech and the first 30 days of his presidency The text uses a multidimensional analysis to explain Trump's victory including his mobilization of an authoritarian populist movement the use of fake news to attack Hillary Clinton the intervention of FBI Director James Comey 11 days before the election claiming that another investigation of Clinton's emails was underway and the intervention of Russian hacking of Democratic Party email and the use of this email against Clinton Questions are raised concerning relationships between the Russian hacking and attacks against Clinton and members of Trump's campaign The remarkable positive remarks from Trump concerning Putin followed by putting pro Putin Republicans in key posts of his administration raise questions about Trump administration relations and connections to Russia Finally the first 30 days of Trump's administration show that he is a rightwing billionaire and militarist who has carried out an extreme rightwing Republican agenda and is not a populist concerned about the working class **Superhero Thought Experiments** Chris Gavalier,Nathaniel Goldberg,2019-09-15

Examining the deep philosophical topics addressed in superhero comics authors Gavalier and Goldberg read plot lines for the complex thought experiments they contain and analyze their implications as if the comic authors were philosophers Reading superhero comic books through a philosophical lens reveals how they experiment with complex issues of morality metaphysics meaning and medium Given comics ubiquity and influence directly on especially young readers and indirectly on consumers of superhero movies and video games understanding these deeper meanings is in many ways essential to understanding contemporary popular culture The result is an entertaining and enlightening look at superhero dilemmas
