Mozambique to Namibia Zimbabwe and South Africa the new technology of radio provided the liberation movements in exile with a platform to address their followers at home to propagate their ideologies and to counter the propaganda of the oppressive white minority regimes As the cheapest and most direct medium guerrilla radios transcended the boundaries imposed by the settler regimes and were widely listened to albeit within the realm of illegality Transnational in its approach the book explores the workings of these radios from their areas of broadcast in exile international solidarity to reception at home where listeners often huddled around their receivers to listen to the messages from the liberation movements often beyond the gaze of the state These radios shaped the nature of resistance campaigns that the liberation movements embarked upon in the various countries in the region

Education in Exile Sean Morrow,Brown Maaba,Loyiso Pulumani,2004 Charting the debates and difficulties surrounding the formation of the unique and self reliant Solomon Mahlangu Freedom College SOMAFSCO this study examines the curricula philosophies and experiences at this controversial institute Describing student life campus organizations and political activities the detailed research also follows the often traumatized state of the exiled pupils **Liberation in Southern Africa** Tor Sellström,2002 The interviews in this book were conducted for the Nordic Africa Institute s research project National Liberation in Southern Africa The role of the Nordic countries Around 80 representatives of the Southern African liberation movements as well as Swedish and other opinion makers administrators and politicians reflect on the Nordic support to these struggles Prominent contemporary leaders among them Joaquim Chissano from Mozambique Kenneth Kaunda from Zambia and Thabo Mbeki from South Africa give their views on a relationship that largely developed outside the public arena and of which there is scant evidence in open sources The book is a reference source to a unique North South relationship in the Cold War period An Ambulance on Safari Melissa Diane Armstrong,2020-10-22 During the apartheid era thousands of South African political activists militants and refugees fled arrest by crossing into neighbouring southern African countries Although they had escaped political oppression many required medical attention during their period of exile An Ambulance on Safari describes the efforts of the African National Congress ANC to deliver emergency healthcare to South African exiles and in the same stroke to establish political legitimacy and foster anti apartheid sentiment on an international stage Banned in South Africa from 1960 to 1990 the ANC continued its operations underground in anticipation of eventual political victory styling itself as a government in waiting In 1977 it created its own Health Department which it presented as an alternative medical service and the nucleus of a post apartheid healthcare system By publicizing its own democratic policies as well as the racist practices of healthcare delivery in South Africa the Health Department won international attention for its cause and provoked widespread condemnation of the apartheid state While the global campaign was unfolding successfully the department s provision of healthcare on the ground was intermittent as patients confronted a fledgling medical system experiencing various growing pains Still the legacy of the department would be long as many medical professionals who joined the post apartheid Department of Health in South Africa had been trained in exile during the liberation struggle With careful attention to both the international publicity campaign

and on the ground medical efforts An Ambulance on Safari reveals the intricate and significant political role of the ANC's Health Department and its influence on the anti apartheid movement
