Sweden In Miniature A Year In Pictures:

Sweden in Miniature Clas Thor, Jan-Peter Lahall, 1994 **One Year in Sweden** Horace Marryat, 1862 *Living Pictures, Missing Persons* Mark B. Sandberg, 2021-10-12 In the late nineteenth century Scandinavian urban dwellers developed a passion for a new utterly modern sort of visual spectacle objects and effigies brought to life in astonishingly detailed realistic scenes The period 1880 1910 was the popular high point of mannequin display in Europe *Living Pictures Missing Persons* explores this phenomenon as it unfolded with the rise of wax museums and folk museums in the largest cities of Denmark Sweden and Norway Mark Sandberg asks Why did modernity generate a cultural fascination with the idea of effigy He shows that the idea of effigy is also a portal to understanding other aspects of visual entertainment in that period including the widespread interest in illusionistic scenes and tableaux in the portability of sights spaces and entire milieus Sandberg investigates this transformation of visual culture outside the usual test cases of the largest European metropolises He argues that Scandinavian spectators desired an unusual degree of authenticity a cultural preference for naturalism that made its way beyond theater to popular forms of museum display The Scandinavian wax museums and folk ethnographic displays of the era helped pre cinematic spectators work out the social implications of both voyeuristic and immersive display techniques This careful study thus anticipates some of the central paradoxes of twentieth century visual culture but in a time when the mannequin and the physical relic reigned supreme and in a place where the contrast between tradition and modernity was a high stakes game *Movers and Shakers* John Ayto, 2006 Gives a selection of the key words added to the English language in the twentieth century and the early years of the twenty first This work features an introductory essay that identifies the main historical cultural and scientific currents and shows how they contributed new vocabulary to the language **Spy Subs in Sweden: a Trilogy** Parker F. Campbell, 2011-08-16 Move over James Bond meet Captain Peterson Smith formerly of the US Navy Smith is the son of a famous senator Hes a former US Navy SEAL an F 14 pilot and an intelligence specialist all without breaking a sweat He even makes time to have coffee with his mother Yes Smith is the perfect soldier and perfect son and the only person on earth who can save the world from mass destruction Follow Captain Smith through three separate vignettes into the brave world of minisubs in Sweden We first meet the honorable Smith in Minisub 83 as the captain leaves his American home to serve in the Royal Swedish Navy Theres no time to acclimate however he must use specially designed weapons against an evil foe In Minisub 99 Smith must find a way to destroy wicked Dr Dimitriovs underwater headquarters If Dimitriov succeeds he could blow the planet to smithereens But of course Captain Smith has more than a few tricks up his sleeve Finally in the rousing rampant Minisub 2010 the notorious Wizardess has plans for global domination by mining gold from the Martian surface Can she be stopped Its all up to Peterson Smith

Spooner,2023-07-15 Reprint of the original first published in 1873 **Chats on Old Miniatures (Illustrations)** J. J. Foster,2015-02-03 According to the wish of my Publishers that the following pages should be included in a certain well known series I have termed them Chats on Old Miniatures but confess that I consider the title somewhat of a misnomer inasmuch as I have been accustomed to regard a chat as a conversation between two or more persons interested in a given subject whereas in this little volume it is obvious that I have done all the talking In the interval which has elapsed since my larger works appeared the most important event in connection with the subject of Miniatures is in my opinion the Exhibition of Works of Art of the Eighteenth Century at the French National Library in 1906 The concluding chapter of this book gives the impressions afforded by that extremely interesting and instructive Exhibition In the hope that they will be of use to the general reader I have amplified my references to the public collections of Miniatures in this country especially those at Hertford House and the Jones Collection so rich in the works of Petitot Miss E M Foster has been of much service in revising the proofs and passing this work through the press I have only to add one word and that relates to the illustrations I am fortunate in being able to put before my readers so large a selection of choice examples of the art of miniature painting This I owe to the generosity of the owners of the originals to whom I desire once again to express my indebtedness and thanks **A Biographical History of the Fine Arts, Being Memoirs of the Lives ... of Eminent Painters, Engravers, Sculptors ...
