The Swedish Year-book, 1921 *Swedish Year-book* Helmar Gustaf Emanuel Eneborg, 1921 *Civil Procedure in Sweden* A. Bruzelius, R.B. Ginsburgs, 2024-10-28 *The Swedish Nuclear Dilemma* William D. Nordhaus, 2014-04-04

Renowned economist William Nordhaus has developed many innovative approaches for analyzing complex environmental questions. He applies them to the possible phaseout of nuclear power in Sweden in *The Swedish Nuclear Dilemma: Energy and the Environment*. While making a major contribution to that debate, this book has value that extends well beyond the Swedish issue to the careful and well-informed consideration of environmental and energy questions that industrialized nations and developing regions now face. It is essential for anyone interested in nuclear power issues and climate change. The Swedish parliament has moved closer to eliminating nuclear energy even while repeating commitments to reduce the greenhouse gas emissions associated with fossil fuels. Nordhaus's Swedish Energy and Environmental Policy SEEP model quantifies the economic results of such a path. He analyzes the impact of factors such as deregulation of electricity generation, global climate change policies, the decline of Sweden's economic growth, and the rethinking of its welfare state. He also sets the stage for more informed analysis of similarly difficult issues where economic and environmental goals clash.

This book explores the impact of the Napoleonic wars on Danish-Norwegian society and accounts for war experiences and the transformation of identities among the popular classes and educated elites alike *Sweden and National Liberation in Southern Africa* Tor Sellström, 1999. In 1969 the Swedish parliament endorsed a policy of direct assistance to the liberation movements in Southern Africa. Sweden thus became the first Western country to enter into a relationship with organizations that elsewhere in the West were shunned as Communist or terrorist. This book, the first in a two-volume study on Sweden, the regional struggles for majority rule, national independence, traces the background to the relationship. Presenting the actors, factors behind the support to MPLA of Angola, FRELIMO of Mozambique, SWAPO of Namibia, ZANU ZAPU of Zimbabwe, ANC of South Africa, it addresses the question why Sweden established close relations with the very movements that eventually would assume state power in their respective countries. The second volume, later this year, will discuss how the support was expressed, covering the period from 1970 until the democratic elections in South Africa in 1994 *Sweden* Axel Johan Josef Guinchard, 1914 *The Stability of Europe* Régine Perron, 2004 **The Post-1945 Internationalization of Economics** Alfred William Coats, 1997.
