Annie Cohen-Solal, 2015-03-01 Mark Rothko one of the greatest painters of the twentieth century was born in the Jewish Pale of Settlement in 1903 He immigrated to the United States at age ten taking with him his Talmudic education and his memories of pogroms and persecutions in Russia His integration into American society began with a series of painful experiences especially as a student at Yale where he felt marginalized for his origins and ultimately left the school The decision to become an artist led him to a new phase in his life Early in his career Annie Cohen Solal writes he became a major player in the social struggle of American artists and his own metamorphosis benefited from the unique transformation of the U S art world during this time Within a few decades he had forged his definitive artistic signature and most critics hailed him as a pioneer The numerous museum shows that followed in major U S and European institutions ensured his celebrity But this was not enough for Rothko who continued to innovate Ever faithful to his habit of confronting the establishment he devoted the last decade of his life to cultivating his new conception of art as an experience thanks to the commission of a radical project the Rothko Chapel in Houston Texas Cohen Solal's fascinating biography based on considerable archival research tells the unlikely story of how a young immigrant from Dvinsk became a crucial transforming agent of the art world one whose legacy prevails to this day Harry Smith Andrew Perchuk, Rani Singh, 2010 Filmmaker musicologist painter ethnographer graphic designer mystic and collector of string figures and other patterns Harry Smith 1923 1991 was among the most original creative forces in postwar American art and culture yet his life and work remain poorly understood Today he is remembered primarily for his Anthology of American Folk Music 1952 an idiosyncratic collection of early recordings that educated and inspired a generation of musicians and roots music fans and for a body of innovative abstract and nonnarrative films Constituting a first attempt to locate Smith and his diverse endeavors within the history of avant garde art production in twentieth century America the essays in this volume reach across Smith's artistic oeuvre In addition to contributions by Paul Arthur Robert Cantwell Thomas Crow Stephen Fredman Stephen Hinton Greil Marcus Annette Michelson William Moritz and P Adams Sitney the volume contains numerous illustrations of Smith's works and a selection of his letters and other primary sources Restless Ambition Cathy Curtis (Writer on art), 2015 The first biography of Grace Hartigan 1922 2008 traces her rise from self-taught painter to art world fame in New York her plunge into obscurity after moving to Baltimore her constant efforts at artistic reinvention and her tumultuous personal life including four troubled marriages and a chilly relationship with her only child **Goodbye to Tenth Street** Irving

Sandler,2018-10-20 Sandler's novel brings to life the New York art world from the death of Jackson Pollock in 1956 to the emergence of Andy Warhol in 1962 The setting is downtown New York The novel follows the careers and interactions of four artists of different generations and styles two first generation abstract expressionists and two younger painters Other leading characters include an elder and younger critic two art dealers a curator and a collector *Frank O'Hara Now* Robert Hampson,Will Montgomery,2022-04-02 Frank O Hara's writing is central to any consideration of 20th century American poetry This collection of essays the first to be dedicated to O Hara in nearly two decades asks why O Hara remains so important to 21st century readers and writers of poetry The book is transatlantic in tone combining American scholarship with a wide sampling of British writers For many O Hara's distinctive appeal depends on his witty depictions of urban experience his relationship to the painters of Abstract Expressionism and the exhilarating immediacy of his poetic voice Yet these chatty and approachable qualities coexist with a testing engagement with currents in European and American modernism Frank O Hara Now offers a comprehensive picture of the poet presenting the conversational insouciance of the writing alongside its more intransigent features **Frank O'Hara** Lytle Shaw,2006-06 Providing a synthesis of New York's artistic and literary worlds this book uses social and philosophical problems involved in reading a coterie to propose a language for understanding the poet art critic and Museum of Modern Art curator Frank O Hara **Feast of Excess** George Cotkin,2016 Feast of Excess is an engaging and accessible portrait of The New Sensibility as it was named by Susan Sontag in 1965 The New Sensibility sought to push culture in extreme directions either towards stark minimalism or gaudy maximalism Through vignette profiles of prominent figures John Cage Patricia Highsmith Allen Ginsberg Andy Warhol Anne Sexton John Coltrane Bob Dylan Erica Jong and Thomas Pynchon to name a few George Cotkin presents their bold headline grabbing performances and places them within the historical moment **Encyclopedia of the New York School Poets** Terence Diggory,2015-04-22 Presents an alphabetical reference guide detailing the lives and works of poets associated with the New York Schools of the early twentieth century Beyond Notation Rebecca Y. first time Art critic for The New Yorker from 1962 until 1978 Rosenberg together with Clement Greenberg radically reshaped the interpretation of art in the post World War II period by promoting and examining abstract expression But Rosenberg was also a social and literary critic writing about art was just one aspect of his work Harold Rosenberg A Critic's Life weaves together Rosenberg's life and literary production cast against the dynamic intellectual and social ferment of his time Rosenberg's mid century linking of the New York School with the art establishment together with his observations on the commodification of the artwork and the evisceration of the self in favor of celebrity especially in his often cited essay The Herd of Independent Minds make this book especially topical *Jackson Pollock* Evelyn Toynton,2012-01-01 Jackson Pollock 1912 1956 not only put American art on the map with his famous drip paintings he also served as an inspiration for the character of Stanley Kowalski in Tennessee Williams's A Streetcar Named Desire the role that made Marlon Brando famous Like Brando Pollock became an icon of rebellion in 1950s America and the brooding defiant persona captured in photographs of the artist contributed to his celebrity almost as much as his notorious paintings did In the years since his death in a drunken car crash Pollock's hold on the public imagination has only increased He has become an enduring symbol of the tormented artist our American van Gogh In this highly engaging book Evelyn Toynton examines Pollock's itinerant and poverty stricken childhood in the West his encounters with contemporary art in Depression era New York and his years in the run down Long Island fishing village that ironically was transformed into a fashionable resort by his presence Placing the artist in the context of his time Toynton also illuminates the fierce controversies that swirled around his work and that continue to do so Pollock's paintings captured the sense of freedom and infinite possibility unique to the American experience and his life was both an American rags to riches story and a darker tale of the price paid for celebrity American style **Inside the Spiral** Suzaan Boettger,2023-04-11 An expansive and revelatory study of Robert Smithson's life and the hidden influences on his iconic creations This first biography of the major American artist Robert Smithson famous as the creator of the Spiral Jetty deepens understanding of his art by addressing the potent forces in his life that were shrouded by his success including his suppressed early history as a painter his affiliation with Christianity astrology and alchemy and his sexual fluidity Integrating extensive investigation and acuity Suzaan Boettger uncovers Smithson's story and with it symbolic meanings across the span of his painted and drawn images sculptures essays and earthworks up to the Spiral Jetty and beyond to the circumstances leading to what became his final work Amarillo Ramp While Smithson is widely known for his monumental earthwork at the edge of the Great Salt Lake Inside the Spiral delves into the arc of his artistic production recognizing it as a response to his family's history of loss which prompted his birth and shaped his strange intelligence Smithson configured his personal conflicts within painterly depictions of Christ's passion the rhetoric of science fiction imagery from occult systems and the impersonal posture of conceptual sculpture Aiming to achieve renown he veiled his personal passions and transmuted his professional persona becoming an acclaimed innovator and fierce voice in the New

York art scene Featuring copious illustrations never before published of early work that eluded Smithson's destruction as well as photographs of Smithson and his wife the noted sculptor Nancy Holt and recollections from nearly all those who knew him throughout his life Inside the Spiral offers unprecedented insight into the hidden impulses of one of modern art's most enigmatic figures With great sensitivity to the experiences of loss and existential strife that defined his distinct artistic language this biographical analysis provides an expanded view of Smithson's iconic art pilgrimage site and the experiences and works that brought him to its peculiar blood red water

Franz Kline in Coal Country Rebecca Rabenold Finsel, 2020-08-01 Franz Kline one of the most celebrated painters of the twentieth century once described his hometown as a little Dutch settlement wrapped up in a cloud of coal dirt He was referring to Lehighton Pennsylvania a railroad town nestled amid mountains rich with quartz and anthracite coal And like the mineral deposits Kline's later action paintings are infused with energy The black and white lines command the kind of tension that transforms coal into diamonds and single works have sold for over forty million dollars Franz Kline in Coal Country is the first biography to examine Kline's formative years in Lehighton Philadelphia Boston and London before he became a founding member of the New York School the ragtag group who stole the art world away from Paris after WWII This book according to Kline's sister Dr Louise Kline Kelly sets the record straight in more than one place Compiled over three decades Franz Kline in Coal Country also contains over 100 of his earliest drawings cartoons letters photos paintings and linoleum block prints Most of these little known works rescued from the attics and scrapbooks of friends appear here for the first time

Willem de Kooning Nonstop Rosalind E. Krauss, 2016-03-01 In the early 1950s Willem de Kooning's Woman I and subsequent paintings established him as a leading member of the abstract expressionist movement His wildly impacted brushstrokes and heavily encrusted surfaces baffled most critics who saw de Kooning's monstrous female image as violent aggressive and ultimately the product of a misogynistic mind In the image rich Willem de Kooning Nonstop Rosalind E Krauss counters this view with a radical rethinking of de Kooning's bold canvases and reveals his true artistic practices

Krauss demonstrates that contrary to popular conceptions of de Kooning as an artist who painted chaotically only to finish abruptly he was in fact constantly reworking the same subject based on a compositional template. This template informed all of his art and included a three part vertical structure, the projection of his male point of view into the painting or sculpture, and the near universal inclusion of the female form which was paired with her redoubled projection onto his work. Krauss identifies these elements throughout de Kooning's oeuvre even in his paintings of highways, boats, and landscapes. *Woman is always there*. A thought provoking study by one of America's greatest art critics, Willem de Kooning Nonstop revolutionizes our understanding of de Kooning and shows us what has always been hiding in plain sight in his work.
