Sweeping Beauty Pamela Gemin, 2005 Thankless mundane and never done housework continues to be seen as women's work and contemporary women poets are still writing the domestic experience sometimes resenting its futility and lack of social rewards sometimes celebrating its sensory delights and immediate gratification sometimes cherishing the undeniable link it provides to their mothers and grandmothers In *Sweeping Beauty* a number of these poets illustrate how housekeeping's repetitive motions can free the imagination and release the housekeeper's muse For many housekeeping provides the key to a state of mind approaching meditation a state of mind also conducive to making poems The more than eighty contributors to *Sweeping Beauty* embrace this state and confirm that women are pioneers and inventors as well as life givers and nurturers My fingers are forks my tongue is a rose I turn silver spoons into rabbit stew make quinces my thorny upholstery how else could the side of beef walk with the sea urchin roe sings the cook in Natasha Saj's ode to kitchen alchemy I love the notion that we can take our most poisonous angers our most despairing or humiliated or stalemated moments and make something good of them something tensile and enduring says Leslie Ullman Whether we are fully present in our tasks or gone in the motion of performing them whether our stovetops are home to stewpots of discontent or grandmother's favorite jam something is always cooking

Authors Shannon Hengen and Ashley Thomson have assembled a reference guide that covers all of the works written by the acclaimed Canadian author Margaret Atwood since 1988 including her novels *Cat's Eye* *The Robber Bride* *Alias Grace* and the 2000 Booker Prize winner *The Blind Assassin*. Rather than just including Atwood's books, this guide includes all of Atwood's works including articles, short stories, letters, and individual poetry. Adaptations of Atwood's works are also included, as are some of her more public quotations. Secondary entries, i.e. interviews, scholarly resources, and reviews, are first sorted by type and then arranged alphabetically by author to allow greater ease of navigation. The individual chapters are organized chronologically, with each subdivided into seven categories: Atwood's Works, Adaptations, Quotations, Interviews, Scholarly Resources, Reviews of Atwood's Works, and Reviews of Adaptations of Atwood's Works. The book also includes a chapter entitled *Atwood on the Web*, as well as extensive author and subject indexes. This new bibliography significantly enhances access to Atwood material, a feature that will be welcomed by university, public, and school librarians.

Margaret Atwood: A Reference Guide, 1988-2005 will appeal not only to Atwood scholars but to students and fans of one of Canada's greatest writers.

Attention Equals Life Andrew Epstein, 2016 Poetry has long been thought of as a genre devoted to grand subjects, timeless themes, and sublime beauty. Why then have contemporary poets turned with such intensity to documenting and capturing the everyday and the mundane? Drawing on insights about the nature of everyday life from philosophy, history, and critical theory, Andrew Epstein traces the modern history of this preoccupation and considers why it is so much with us today. *Attention Equals Life* argues that a potent hunger for everyday life explodes in the post-1945 period as a reaction to the rapid, unsettling transformations of this epoch, which have resulted in a culture of perilous distraction. Epstein demonstrates that poetry is an important and perhaps unlikely cultural form that has mounted a response and even a mode of resistance to a culture suffering from an acute crisis of attention. In this timely and engaging study, Epstein examines why a compulsion to represent the everyday becomes predominant in the decades after modernism and why it has so often sparked genre-bending, formal experimentation. With chapters devoted to illuminating readings of a diverse group of writers, including poets associated with influential movements like the New York School, language poetry, and conceptual writing, the book considers the variety of forms contemporary poetry of everyday life has taken and analyzes how gender, race, and political forces all profoundly inflect the experience and the representation of the quotidian. By exploring the rise of experimental realism as a poetic mode and the turn to rule-governed everyday life projects, *Attention Equals Life* offers a new way of understanding a vital strain at the heart of twentieth and twenty-first century literature. It not only charts the evolution of a significant concept in cultural theory and poetry but also reminds readers that the quest to pay attention to the everyday within today's frenetic world of social media is an urgent and unending task.
