Sweeping Statements Writings From The Womens Liberation Movement 1981 83

JoAnne Myers

Sweeping Statements Writings From The Womens Liberation Movement 1981 83:

Sweeping Statements Hannah Kanter, 1984 *Women's Periodicals and Print Culture in Britain, 1940s-2000s* Laurel Forster, 2020-09-21 Foregrounds the diversity of periodicals fiction and other printed matter targeted at women in the postwar period Foregrounds the diversity and the significance of print cultures for women in the postwar period across periodicals fiction and other printed matter Examines changes and continuities as women s magazines have moved into digital formats Highlights the important cultural and political contexts of women s periodicals including the Women s Liberation Movement and Socialism Explores the significance of women as publishers printers and editors *Women s Periodicals and Print Culture in Britain 1940s 2000s* draws attention to the wide range of postwar print cultures for women The collection spans domestic cultural and feminist magazines and extends to ephemera novels and other printed matter as well as digital magazine formats The range of essays indicates both the history of publishing for women and the diversity of readers and audiences over the mid late twentieth century and the early twenty first century in Britain The collection reflects in detail the important ways in which magazines and printed matter contributed to challenged or informed British women s culture A range of approaches including interview textual analysis and industry commentary are employed in order to demonstrate the variety of ways in which the impact of postwar print media may be understood *The women's liberation movement in Scotland* Sarah Browne, 2016-05-16 This is the first book length account of the women s liberation movement in Scotland which using documentary evidence and oral testimony charts the origins and development of this important social movement of the post 1945 period In doing so it reveals the inventiveness and fearlessness of feminist activism while also pointing towards the importance of considering the movement from the local and grassroots perspectives presenting a more optimistic account of the enduring legacy of women s liberation Not only does this book uncover the reach of the WLM but it also considers what case studies of women s liberation can tell us about the ways in which the development of the movement has been portrayed Previous accounts have tended to equate the fragmentation of the movement with weakness and decline This book challenges this conclusion arguing that fragmentation led to a diffusion of feminist ideas into wider society In the Scottish context it led to a lively and flourishing feminist culture where activists highlighted important issues such as abortion and violence against women **The History of British Women's Writing, 1970-Present** Mary Eagleton, Emma Parker, 2016-04-29 This book maps the most active and vibrant period in the history of British women s writing Examining changes and continuities in fiction poetry drama and journalism as well as women s engagement with a range of literary and popular genres the essays in this volume highlight the range and diversity of women s writing since 1970 *The A to Z of the Lesbian Liberation Movement* JoAnne Myers, 2009-08-20 The Lesbian Liberation Movement is both a movement that encompasses liberating a sexual practice from stigmatization and a political movement challenging the dual oppression of women by the patriarchy s assumption of male supremacy and heterosexuality Over the years much has been written on homosexuality and the Gay

Liberation Movement yet much of the focus has been on male homosexuals especially male homosexual activity and the politics that activity raises The A to Z of the Lesbian Liberation Movement Still the Rage is a comprehensive overview and resource guide for one of the most invisible social political movements the Lesbian Liberation Movement This book helps to make the still active movement visible the history successes setbacks controversies and issues This book is a good resource for those studying this social political movement containing a chronology contextual overview dictionary entries that cover persons laws terminology issues and countries and an extensive bibliography of primary resources and current work

Historical Dictionary of the Lesbian and Gay Liberation Movements JoAnne Myers, 2013-09-19 Not so long ago hardly anything was said of the Lesbian Liberation Movement and the Gay Liberation Movement indeed the terms gay and lesbian were not even used if some other expression could be found Today by contrast hardly a day passes when something important does not occur and is carried by the major media and disseminated on more personal levels through blogs and the social media If anything there is perhaps too much news and not enough information Obviously a book like this cannot keep up with the news but it can do something equally important when it comes to information by reminding us of the past and what has been going and just how fast events are moving The Historical Dictionary of the Lesbian and Gay Liberation Movements covers the history of this movement through a cross referenced dictionary with over 1000 entries on specific countries and regions influential historical figures laws that criminalized same sex sexuality various historical terms that have been used to refer to aspects of same sex love and contemporary events and legal decisions Including a comprehensive chronology and bibliography this book is an excellent access point for students researchers and anyone interested in learning more about the struggle for equality

Pornography, Sex Work, and Hate Speech Karen Maschke, 2024-11-01

Multidisciplinary focus Surveying many disciplines this anthology brings together an outstanding selection of scholarly articles that examine the profound impact of law on the lives of women in the United States The themes addressed include the historical political and social contexts of legal issues that have affected women s struggles to obtain equal treatment under the law The articles are drawn from journals in law political science history women s studies philosophy and education and represent some of the most interesting writing on the subject The law in theory and practice Many of the articles bring race social and economic factors into their analyses observing for example that black women poor women and single mothers are treated by the wielders of the power of the law differently than middle class white women Other topics covered include the evolution of women s legal status reproduction rights sexuality and family issues equal employment and educational opportunities domestic violence pornography and sexual exploitation hate speech and feminist legal thought A valuable research and classroom aid this series provides in depth coverage of specific legal issues and takes into account the major legal changes and policies that have had an impact on the lives of American women

Forging Democracy Geoff Eley, 2002-04-11 Democracy in Europe has been a recent phenomenon Only in the wake of World War II were democratic

frameworks secured and even then it was decades before democracy truly blanketed the continent Neither given nor granted democracy requires conflict often violent confrontations and challenges to the established political order In Europe Geoff Eley convincingly shows democracy did not evolve organically out of a natural consensus the achievement of prosperity or the negative cement of the Cold War Rather it was painstakingly crafted continually expanded and doggedly defended by varying constellations of socialist feminist Communist and other radical movements that originally blossomed in the later nineteenth century Parties of the Left championed democracy in the revolutionary crisis after World War I salvaged it against the threat of fascism and renewed its growth after 1945 They organized civil societies rooted in egalitarian ideals which came to form the very fiber of Europe s current democratic traditions The trajectories of European democracy and the history of the European Left are thus inextricably bound together Geoff Eley has given us the first truly comprehensive history of the European Left its successes and failures its high watermarks and its low tides its accomplishments insufficiencies and excesses and most importantly its formative lasting influence on the European political landscape At a time when the Left s influence and legitimacy are frequently called into question Forging Democracy passionately upholds its vital contribution

'Other Kinds of Dreams' Julia Sudbury,2005-08-08 Other Kinds of Dreams provides an invaluable insight into the political activity of black and Asian women in the UK both inside and outside the black and Asian communities The book breaks new ground by destroying the misconception that black and Asian women lack political involvement integrating gender into the study of black and Asian political participation in Britain exploring the potential for alliances between black women and the new progressive black man s movement examining black women activists perception and experiences of white feminism Other Kinds of Dreams also questions the homogeneity of the term black and asks whether increasing social stratification within black communities undermines this unity

The Limitations of Social Media Feminism Jessica Megarry,2020-11-27 MeToo Digital networking Facebook groups Social media continues to be positioned by social movement scholars as an exciting new tool that has propelled feminism into a dynamic fourth wave of the movement But how does male power play out on social media and what is the political significance of women using male controlled and algorithmically curated platforms for feminism To answer these questions Megarry foregrounds an analysis of the practices and ethics of the historical Women s Liberation Movement WLM including the revolutionary characteristics of face to face organising and the development of an autonomous print culture Centering discussions of time space and surveillance she utilises radical and lesbian feminist theory to expose the contradictions between the political project of women s liberation and the dominant celebratory narratives of Web 2 0 This is the first book to seriously consider how social media perpetuates the enduring logic of patriarchy and how digital activism shapes women s oppression in the 21st century Drawing on interviews with intergenerational feminist activists from the UK the USA Australia Canada and New Zealand as well as archival and digital activist materials Megarry boldly concludes that feminists should abandon social media and

return to the transformative powers of older forms of women centred political praxis This book will be of interest to scholars and students of Women s and Gender Studies Lesbian and Queer Studies Social Movement Studies Critical Internet Studies and Political Communication as well as anyone with an interest in feminist activism and the history of the WLM *Unhappy mothers* Sarah Crook,2025-07-29 In the decades following the Second World War mothers experiences of loneliness boredom and unhappiness were increasingly widely acknowledged The language of postnatal depression came to be attached to this but mothers organised around their own discontent in ways that challenged the medical model *Unhappy mothers* draws attention to the social political and professional contexts within which knowledge about unhappy mothering developed Drawing upon an extensive range of archival material the book addresses themes around expertise feminism and the value given to lived experience **Feminist Political Theory** Valerie Bryson,2016-01-01 Feminist theory is a challenging and often deeply divided body of thought that raises issues which affect us all In this her third edition of the highly successful *Feminist Political Theory* Valerie Bryson provides both a wide ranging history of Western feminist thought from medieval times to the present day and a lucid analysis of contemporary feminist politics and debates Fully updated to cover the latest feminist scholarship throughout this timely new edition provides an accessible and thought provoking exploration of complex theories related to real life issues such as sexual violence political representation transgender rights cyberfeminism and globalisation With unrivalled scope depth and accessibility this new edition of Valerie Bryson s *Feminist Political Theory* is set to be the go to text on feminism for students and researchers or indeed anyone interested in gender justice *Women Organising* Helen Brown,2002-11-01 First Published in 2004 Do women organise differently Can organisation theory meet the challenges of new forms of organisation *Women Organising* is the first of its kind to bring together organisation theory and the real experiences of women organising This is the first book to analyse and explain what is special about the way women organise The book will be of interest to all who have asked themselves how otherwise to students and teachers of organisation theory and women s studies to those in the voluntary sector and to anyone wishing to see fairer and more active participation in organisation a reality **Sex, Culture, and Justice** Clare Chambers,2010-11 Autonomy is fundamental to liberalism But autonomous individuals often choose to do things that harm themselves or undermine their equality In particular women often choose to participate in practices of sexual inequality cosmetic surgery gendered patterns of work and childcare makeup restrictive clothing or the sexual subordination required by membership in certain religious groups In this book Clare Chambers argues that this predicament poses a fundamental challenge to many existing liberal and multicultural theories that dominate contemporary political philosophy Chambers argues that a theory of justice cannot ignore the influence of culture and the role it plays in shaping choices If cultures shape choices it is problematic to use those choices as the measure of the justice of the culture Drawing upon feminist critiques of gender inequality and poststructuralist theories of social construction she argues that we should accept some of the multicultural claims about the

importance of culture in shaping our actions and identities but that we should reach the opposite normative conclusion to that of multiculturalists and many liberals Rather than using the idea of social construction to justify cultural respect or protection we should use it to ground a critical stance toward cultural norms The book presents radical proposals for state action to promote sexual and cultural justice *Fires Were Started* Lester D. Friedman, 2006 *Fires Were Started* is a provocative analysis of the responses of British film to the policies and political ideology of the Conservative governments of Margaret Thatcher and it represents an original and stimulating contribution to our knowledge of British cinema This second edition includes revised and updated contributions from some of the leading scholars of British cinema including Thomas Elsaesser Peter Wollen and Manthia Diawara The book discusses prominent filmmakers such as Peter Greenaway Derek Jarman Ken Russell Nicolas Roeg and Stephen Frears it also explores some lesser known but equally important territory such as the work of Black British filmmakers the Leeds Animation Workshop and Channel 4's Film on Four Films discussed include *Distant Voices* *Still Lives* *My Beautiful Launderette* *Chariots of Fire* and *Drowning by Numbers*

Identity and Diversity Maud Blair, Janet Holland, Sue Sheldon, 1995-01-01 First published in 1995 Routledge is an imprint of Taylor Francis an informa company

New Reproductive Technologies Maureen McNeil, 1990-04-12 This collection of essays provides an overview of the social developments associated with the new reproductive technologies It assesses the significance of these new technologies for the field of the sociology of technology as a whole

Family Violence in Primary Care Stephen Amiel, Iona Heath, 2003 In drawing together a broad range of expertise and opinion from relevant specialities and disciplines this collection of essays sets family violence in its historical epidemiological and societal context

[Speak Out!](#) Brixton Black Women's Group, 2023-10-10 We came to Britain in search of better opportunities or to get some of the wealth which had been misappropriated from the Caribbean but what in reality did we find *Speak Out* brings together the writings of Brixton Black Women's Group for the first time in a landmark collection Established in response to the lack of interest in women's issues experienced in male dominated Black organisations the Brixton Black Women's Group's aim was to create a distinct space where women of African and Asian descent could meet to focus on political social and cultural issues as they affected black women BBWG published its own newsletter *Speak Out* which kept alive the debate about the relevance of feminism to black politics and provided a black women's perspective on immigration housing health and culture

Women Encounter Technology Swasti Mitter, Sheila Rowbotham, 2003-09-02 This collection explores the effects of new technologies on women's employment and on the nature of women's work The volume is edited by two pre eminent scholars in the field and contains thirteen articles from leading academics worldwide The book provides a critique of postmodernism and ecofeminism and demands that new technology is used as a vehicle for gender equality in the developing world
