Syria Society Culture And Polity:

Syria Richard T. Antoun, Donald Quataert, 1991-01-01 This book provides a multi disciplinary understanding of the processes of change in contemporary Syria as well as its historical social and cultural underpinnings A number of distinguished anthropologists historians political scientists and literateurs examine key issues such as the changing Syrian family political factionalism the sedentarization of nomads bureaucratic corruption rural urban migration the development of the Ba th Party Syria s political isolation religious resurgence and the continued importance of sects in Syrian life This book strikes a balance between examining the consequences of Syria s geographical and strategic position in international politics and the implications of its internal and highly complex ethnic and class structure and culture It argues that the religious culture of Syria is as important as the leadership of Asad and more generally that an understanding of Syrian politics must be matched by an understanding of Syrian society and culture **Creating Consent in Ba'thist Syria** Esther

Meininghaus, 2016-03-31 The challenge of maintaining dictatorial regimes through control co option and coercion while upholding a facade of legitimacy is something that has concerned leaders throughout the Middle East and beyond Nowhere is this more evident than in the Syria ruled by the Asads both Hafiz and his son Bashar Drawing on the example of the General Union of Syrian Women founded in 1967 Esther Meininghaus offers new insights into how the Syrian Ba thist regimes attempted to move beyond mere satisfaction with the compliance of the citizenry and to consolidate their rule amongst the local population Meininghaus argues that this was partially achieved through providing welfare services delivered by the Union as one of the state led mass organisations In this way she suggests these regimes did not only aim to undermine opposition and to create the illusion of consent but they factually catered to local needs and depended on consent Based on archival material interviews and statistics *Creating Consent in Ba thist Syria* will shed new light on mass organisations as a crucial institution of Ba thist state building and more broadly the construction of the Asad regimes *Power, Sect and State*

in Syria A. Maria A. Kastrinou, 2016-03-31 The Syrian state s rhetoric of Arab nationalism left little room for the official recognition of minority identities in pre war Syria Yet in practice the state continually engaged with the Druze and other minorities to reinforce its legitimacy often through cultural policy Uncovering this neglected aspect of pre war Syrian politics Kastrinou explores the cultural politics of marriage in Syria primarily among the Druze to reveal how practical rituals of marriage inform sectarian and national identity formation Challenging the assumed inherence of sectarianism and Druze endogamy the book provides an historical and ethnographic account of political power and its relation to social control in Syria It demonstrates the centrality of the body to Druze cosmology and how ritual performances of birth marriage and death maintain and negotiate sectarian cohesion Connecting these struggles to national and international politics Kastrinou examines how both the Syrian government and the European Union have sponsored marriage themed dance performances in Syria each leveraging its cultural importance to legitimise their own policy goals The book establishes marriage as a

pervasive idiom for the construction of collective identity in Syria which is appropriated by individuals sects states and intergovernmental organizations alike Its conclusions are relevant to scholars of Middle East studies sectarianism anthropology and politics
