Syria Revolution From Above:

Syria Raymond Hinnebusch, 2004-08-02 This study examines the development of the Syrian state under thirty five years of military Ba thist rule particularly under President Hafiz al Asad It analyzes how the Ba th s revolution from above transformed Syria s socio political terrain

Syria Raymond Hinnebusch, 2002 Examines the Syrian state during 35 years of military Ba thist rule and particularly under President Hafiz al Asad It analyzes how the fragility of the post independence state opened the way to the Ba th party s rise to power and the transformation of Syria s socio political terrain

Rebel populism Philip Proudfoot, 2022-05-17 Workers from the Syrian diaspora have maintained a presence in Lebanon for decades building multimillion dollar apartment complexes toiling for backbreaking hours in grocery stores From the mid 2000s liberalising reforms saw accelerating levels of poverty among workers often paid as low as 20 per day Instead of opportunity workers faced the prospect of indefinite economic exile the unending drudgery of hard labour and a constant struggle to make ends meet But in 2011 revolution came to Syria Rural towns and villages exploded in revolt but even those workers who remained in Beirut found means to protest at a distance Their movement which this book identifies as rebel populism represents an early instance of an increasingly common global contentious political formation a form of mass politics that emerges not via a charismatic orator or developed ideological convictions but through the weaving together of grievances aimed at the ruling class

Sovereignty After Empire Sally N. Cummings, 2011-07-19 How does empire affect the route to successor sovereign state systems and the features of the sovereignty of these systems This unique systematic comparison of empires and of their consequences for sovereignty in the Middle East and Central Asia brings theory on empire and sovereignty to bear on empirical variation across the two regions The novel approach to understanding the political structures of states in two significant areas of the non European world offers an important comparative discussion of post imperial development and sovereignty It raises a clear set of research questions about variations of imperial practice and puts forward an attractive and persuasive case that imperial legacy has been an important variable in the post independence period

Sectarianism and Civil War in Syria Raymond Hinnebusch, Morten Valbjørn, 2025-04-14 As an epicentre of sectarian conflict before and after the Arab uprising Syria provides an excellent laboratory for the study of sectarianization This book compares variance in Syria s sectarianism over time and across place to expose its causes and its varying impact on Syria s society and polity The book begins with an introductory chapter examining key approaches to and debates over sectarianism in Syria from which a framework of analysis is derived Subsequent empirical chapters are divided into two sections Several chapters examine key aspects of sectarianism at the national level looking at the interaction of sectarianism and state formation over the long term the internal evolution of sectarianization during the uprising the impact of the regional power struggle on Syria s sectarianization and whether sectarianism was institutionalized by civil war governance in both regime and opposition controlled areas A second set of chapters looks at sectarianism in Syria s different

cities regions and communities notably in Damascus Homs Hama Aleppo Idlib the Alawi coast and the Druze and Christian communities The concluding chapter makes use of the analytical framework to systematically compare the evidence from the empirical cases in order to identify regularities Providing nuanced insights into the Syrian case whilst informing broader theoretical discussions of sectarianism this book will appeal to students researchers and general readers interested in Middle Eastern politics and political science generally

The Syrian Uprising Raymond Hinnebusch, Omar Imady, 2018-02-02 Most observers did not expect the Arab spring to spread to Syria for a number of seemingly good reasons Yet with amazing rapidity massive and unprecedented anti regime mobilization took place which put the regime very much on the defensive what began as the Syrian Uprising in March 2011 has evolved into one of the world s most damaging and protracted conflicts Despite over six years having passed since the inception of the Syrian Uprising this phenomenon remains difficult to fully grasp both in terms of underlying forces and long term implications This book presents a snapshot of how the Uprising developed in roughly the first two to three years 2011 2013 and addresses key questions regarding the domestic origins of the Uprising and its early trajectory Firstly what were the causes of the conflict both in terms of structure contradictions and crisis within the pre Uprising order and agency choices of the actors Why did the Uprising not lead to democratization and instead descend into violent civil war with a sectarian dimension With all 19 chapters addressing an aspect of the Uprising the book focuses on internal dynamics whilst a subsequent volume will look at the international dimension of the Uprising Taking an innovative and interdisciplinary approach that seeks to capture the full complexity of the phenomenon this book contributes significantly to our understanding of the Syrian conflict and will therefore be a valuable resource for anyone studying Middle Eastern Politics

Urbicide in Syria Gabriel Garroum Pla, 2025-06-24 This book provides an exhaustive analysis of the relationship between violence urban space and political subjectivity in Syria It does so through an exploration of how urbicide the violent destruction and alteration of the urban fabric becomes a tool for the regime s governmental and sovereign exercise of power decisively redefining state society dynamics and cementing political loyalty in Syria Adopting a critical and postcolonial perspective and through the cases of Damascus and Aleppo the volume presents a unique perspective on the civil war by examining socio material changes in everyday political spaces and processes from mundane destruction to urban development and reconstruction efforts and how these are experienced by local communities Featuring rich data collection through interviews archival research and aesthetic sources the book ultimately foregrounds Syrians political agency and creativity despite ruination

Major Issues in Islam Harvey J. Sindima, 2017-11-02 This book explores matters that have negatively affected the public image and led to distorted depictions of Islam from the late nineteenth century to the present The areas of uneasiness and debate among Muslims and non Muslims alike include Islamic values and identity in the post caliphate era after colonialism and now under Western hegemony There is anxiety about the place of Shari a in the light of Western law and the state secularism democracy human rights the equality of women and the place of

Islamic education in transmitting Islamic values as secular education dominates societies There are apprehensions over the relation between religion and politics as in the rise of Muslim Brotherhoods Wahhabism Islamism al Qaeda and Islamic State In non Muslim countries concerns are about the status of Muslim marriage polygamy divorce and interest in business Every topic is examined through the Noble Qur'an and the Hadith classical writings and linguistic analysis *Tania El Khoury's Live Art* Carrie Robbins, 2024-02-06 Tania El Khoury's *Live Art* is the first book to examine the work of Tania El Khoury a live artist deeply engaged in the politics and histories of the South West Asia and North Africa SWANA region Since the 2011 Syrian uprisings El Khoury has conceived and created works about lived experiences at and across international borders in collaboration with migrants refugees and displaced persons as well as other artists performers and revolutionaries All of El Khoury's works cross borders between forms of artistic practice between artists and audiences and between art and activism Facilitating critical dialogue about the politics of SWANA and the impact of globalization her performances and installations also test the boundaries of aesthetic political and everyday norms This interdisciplinary and multimedia reader features essays by artists curators and scholars who explore the dynamic possibilities and complexities of El Khoury's art From social workers to archeologists to archivists contributing authors engage with the radical epistemological and political revolutions that El Khoury and her collaborators invite us all to join Research Handbook on Authoritarianism Natasha Lindstaedt, Jeroen J.J. den Bosch, 2024-03-14 This *Research Handbook* provides a comprehensive overview of the latest knowledge on authoritarian regimes Combining quantitative research and in depth case studies it not only provides novel insight into past and current dictatorships but also forecasts potential new developments in authoritarian politics

Readings in Syrian Prison Literature R. Shareah Taleghani, 2021-06-21 The simple act of inscription both minute and epic can be a powerful tool to bear witness and give voice to those who are oppressed silenced and forgotten In the eras of Hafiz al Asad and his son Bashar Syrian political dissidents have written extensively about their experiences of detention both while in prison and afterwards This body of writing largely untranslated into English is essential to understanding the oppositional political culture among dissidents since the 1970s a culture that laid the foundation for the 2011 Syrian Revolution The emergence of prison literature as a specific genre helped articulate opposition to authoritarian states including the Asad regime However the significance of Syrian prison literature goes beyond a form of witnessing expressing creative opposition and illuminating the larger cultural and historical backstory of the Syrian uprising Prison literature in all its diversity challenges the narrative structures and conventional language of human rights In doing so prison literature has played an essential role in generating the experimental shift in Arabic literature since the 1960s Taleghani's groundbreaking work explores prison writing's critical role in resistance movements in Syria the evolution of Arabic literature and the development of a global human rights From Jihad to Politics Jerome Drevon, 2024-08-27 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and

offered as a free PDF download from OUP and selected open access locations In *From Jihad to Politics* Jerome Drevon offers a comprehensive examination of the Syrian armed opposition tracing the emergence of Jihadi groups in the conflict their increasing dominance and their political transformation Drawing upon extensive field research and interviews with Syrian insurgents in northwestern Syria and Turkey Drevon demonstrates how the context of a local conflict can shape combatants groups behavior in unexpected ways Further he marshals unique evidence from the Arab world s most intense conflict of this century to explain why the trajectory of the broader transnational Jihadi movement has altered course in recent years

Revolutionary Emotions Assistant Professor of Political Science Silvana Toska, 2024-10-25 For centuries revolutionaries have spoken of the emotional arousal that motivated them to revolt Studies of revolutions however rarely give these emotional narratives the power that actors themselves recount This book argues that revolutionary waves from 1848 to the present cannot be explained without the emotions that motivated potential revolutionaries to imitate revolts in neighboring states The shared identity of revolutionaries across borders leads to a shared emotional arousal and adoption of protest frames and methods By grounding the theory in revolutionaries emotional narratives and breaking down the dichotomies that plague revolution research structure agency domestic international *Revolutionary Emotions* provides a powerful new theory of revolutionary diffusion and success [The Oxford Handbook of Contemporary Middle Eastern and North African History](#)

Jens Hanssen, Amal N. Ghazal, 2020-11-30 *The Oxford Handbook of Contemporary Middle Eastern and North African History* critically examines the defining processes and structures of historical developments in North Africa and the Middle East over the past two centuries The Handbook pays particular attention to countries that have leapt out of the political shadows of dominant and better studied neighbours in the course of the unfolding uprisings in the Middle East and North Africa These dramatic and interconnected developments have exposed the dearth of informative analysis available in surveys and textbooks particularly on Tunisia Libya Yemen Bahrain and Syria

Iraqi Migrants in Syria Sophia Hoffmann, 2016-11-03 During the decade that preceded Syria s 2011 uprising and descent into violence the country was in the midst of another crisis the mass arrival of Iraqi migrants and a flood of humanitarian aid to handle the refugee emergency International aid organizations the media and diplomats alike praised the Syrian government for keeping open borders and providing a safe haven for Iraqis fleeing the violence in Baghdad and Iraq s southern provinces Only a few analysts looked beneath the surface to understand how the apparent generosity toward refugees squared with the ruthless oppression that characterized the Syrian government In this volume Hoffmann offers a richly detailed analysis of this contradiction shedding light on Syria s domestic and international politics shortly before the outbreak of war Drawing on firsthand observations and interviews Hoffmann provides a nuanced portrait of the conditions of daily life for Iraqis living in Syria She finds that Syria s illiberal government does not differentiate between citizen and foreigner while the liberal politics of international aid organizations do Based on detailed ethnographic research *Iraqi Migrants in Syria* draws a highly original comparison between the Syrian

government s and aid organizations approaches to Iraqi migration throwing into question many widely held assumptions about freedom and its absence in authoritarian contexts

A Critical Political Economy of the Middle East and North Africa Joel Beinin,Bassam Haddad,Sherene Seikaly,2020-12-22 This book offers the first critical engagement with the political economy of the Middle East and North Africa Challenging conventional wisdom on the origins and contemporary dynamics of capitalism in the region these cutting edge essays demonstrate how critical political economy can illuminate both historical and contemporary dynamics of the region and contribute to wider political economy debates from the vantage point of the Middle East Leading scholars representing several disciplines contribute both thematic and country specific analyses Their writings critically examine major issues in political economy notably the mutual constitution of states markets and classes the co constitution of class race gender and other forms of identity varying modes of capital accumulation and the legal political and cultural forms of their regulation relations among local national and global forms of capital class and culture technopolitics the role of war in the constitution of states and classes and practices and cultures of domination and resistance Visit politiceconomyproject.org for additional media and learning resources

Beyond Syria's Borders Emma Lundgren Jörum,2014-12-03 Lebanon together with the province of Hatay in Turkey containing Antakya and the Golan Heights were all part of French mandate Syria but are now all outside the boundaries of the modern Syrian state The policies and reactions of Syria both to the loss of these territories and to the states that have either absorbed annexed or emerged from them Lebanon Turkey and Israel are the focus of Emma J rum s book J rum uses the differences in policy and discourse when it comes to each of these three cases to highlight the nature of territorial dispute in the region and the processes of state building and nationalism more generally Through the examination of Syria s policies concerning these lost territories J rum plots and analyses Syrian Turkish Syrian Lebanese and Syrian Israeli relations explaining why some losses have been pushed to one side and others remain at the forefront in Syria s international relations and diplomacy efforts

Spoils of War in the Arab East Aziz Al-Azmeh,Harout Akdedian,Haian Dukhan,2024-01-11 Post conflict scenarios are often proposed for Arab countries that have witnessed significant changes and civil wars Yet the plans for reconciliation transitional justice and the return of the displaced often overlook the real conditions that make these recommendations impossible This book provides a critical analysis of current post conflict frameworks for Syria and Iraq Drawing on empirical research the book shows that reconciliation and reconstruction scenarios need to be considered alongside the realities on the ground It argues that Iraq and Syria exist in a condition of conflict transformation rather than of conflict termination because the extreme changes that accompanied these countries into war continue long after the conflicts end Furthermore the chapters highlight why experts should not seek solutions in culturalist terms and ancestral enmities or rely on the wartime status quo Rather they should look to the specific military political economic and socio cultural conditions that require different solutions A critical analysis of existing post conflict frameworks their applicability and their potential outcomes in Iraq and Syria the

book is a vital contribution to post conflict studies It highlights the need for new approaches to reconstruction and peacebuilding in Arab countries and points to how they should be found **Syria** Alan George,2003-04 Based on the testimony of key players Syria Neither Bread nor Freedom recounts the drama of the Damascus Spring and its repression and reveals what happens in a state like Syria to the institutions that occupy the political space between government and governed From political parties to parliament from the media to the judicial system and universities the official veil of rhetoric and propaganda is lifted to reveal a system so demoralized and corrupted that power is wielded for no purpose but power itself a system which as Bashar al Assad himself is discovering is virtually incapable of reform *Striking From The Margins* Aziz Al-Azmeh,Nadia Al-Bagdadi,Harith Hasan,Harout Akdedian,2021-05-18 Since the collapse of the Soviet Union the Arab world has undergone a series of radical transformations One of the most significant is the resurgence of activist and puritanical forms of religion presenting as viable alternatives to existing social cultural and political practices The rise in sectarianism and violence in the name of religion has left scholars searching for adequate conceptual tools that might generate a clearer insight into these interconnected conflicts In *Striking from the Margins* leading authorities in their field propose new analytical frameworks to facilitate greater understanding of the fragmentation and devolution of the state in the Arab world Challenging the revival of well worn theories in cultural and post colonial studies they provide novel contributions on issues ranging from military formations political violence in urban and rural settings transregional war economies the crystallisation of sect based authorities and the restructuring of tribal networks Placing much needed emphasis on the re emergence of religion this timely and vital volume offers a new critical approach to the study of the volatile and evolving cultural social and political landscapes of the Middle East
