## **Syrian Harvest:**

**Syrian Refugees and Agriculture in Turkey** Saniye Dedeoglu, 2022-01-27 Turkey is home to the largest Syrian refugee community in the world and the agricultural industry offers work opportunities for vulnerable Syrian refugee families. This book exposes the fast changing relationship between seasonal agricultural production and the work practices of Syrian refugees in Turkey. Through close ethnographic study carried out over three years with nearly 1000 people, the book illuminates how the increasing number of incoming Syrians results in the precarization of the workers, particularly women and children. The author examines Syrian families working and living conditions with a special interest in the dynamics of how they utilise the labour of women and children to survive and have access to work. An in-depth study of the Syrian community at a time when the state apparatus is hostile to research on the subject, the material in this book is unique and offers an insight into remote agricultural sites that are invisible to many. It is an analysis of the precarization process of Syrian labour in an industry that wants to attract the most vulnerable people into the workforce. By focusing on the intersectional vulnerabilities and the context-dependent precarization, the book argues that the commercialization of agricultural production and the increasing use of waged labour blooms antagonistic encounters of different ethnic, cultural, and religious groups in rural Turkey.

**Post-colonial Syria and Lebanon** Youssef Chaitani, 2007-04-27 The complex relationship between Syria and Lebanon is the political fulcrum of the Middle East and has dominated headlines since the withdrawal of French colonial forces from the Levant in 1943. One of the great paradoxes of this relationship is how two such very different political systems emerged in what many Syrian and Lebanese people see as one society. At the time of independence, it was assumed that only the divide and rule strategies of foreign powers kept the Arab peoples artificially separated. In this major new book, Youssef Chaitani examines how, despite the prevalence of Arab nationalism and the regression of imperial interference, Syria and Lebanon became more divided rather than more integrated in the post-independence period. Drawing on untapped sources from the archives of Western foreign offices and the local press, Chaitani uncovers the strategies and motivations of both countries' elites during this period and produces conclusions which have major implications for our understanding of Arab nationalism as well as the complexities of the Syrian-Lebanese relationship.

**End-Time Prophecies Revealed** Dr. Jimmy Poon, 2017-07-04 Jesus Christ is returning very soon. In this book, Dr. Poon uses thoughtful exegesis to unlock the end-time prophecies that have been sealed until now. He explains how the Bible predicted the World Wars, the Cold War, and the current Syrian crisis. He reveals the scriptural passages that hold prophecies to be fulfilled in our lifetime. The antichrist is poised on the world stage. The current governments in Iraq and Syria will be toppled. Terrorism, war, extensive famine, and deadly epidemics will dominate a quarter of the earth in the next three years. A ten-nation Islamic Alliance will rise, leading up to 2022 when a Middle East peace treaty will be signed. *End-Time Prophecies Revealed* helps you understand Daniel and Revelation, decoding mysteries like 666 and the beast.
