Syrohexaplaric Psalter:

The "Syrohexaplaric" Psalter Robert James Victor Hiebert, 1989-01-01 Revision of the author's thesis Ph D University of Toronto 1986 Includes Syriac text of the Psalms in the Syrohexapla version **The Book of Psalms** Peter W. Flint, Patrick D. jr Miller, Aaron Brunell, Ryan Roberts, 2005 This landmark volume covers the main aspects of modern Psalms study from the formation of individual Psalms down into the first centuries of the Common Era the formation of the Psalter individual Psalms and smaller collections social setting literary context textual history nachleben and theology **The Old Greek Psalter** Robert James Victor Hiebert, Claude E. Cox, Peter John Gentry, Albert Pietersma, 2001-01-01 Collected essays on the Old Greek Psalter by linguistic and textual scholars highlighting its significance for biblical research and related disciplines This tribute to Albert Pietersma of the University of Toronto is offered by a highly distinguished international panel of scholars including John W Wevers Takamitsu Muraoka Anneli Aejmelaeus Emanuel Tov Johan Lust Robert A Kraft Johann Cook Arie van der Kooij Moises Silva and Claude E Cox The focus of the volume is on the Old Greek Psalter and its significance for biblical research and related disciplines where it marks a definitive statement of research questions and issues in this increasingly important area of biblical textual studies **The Psalms of the Tamid Service** Peter Trudinger, 2003-12-01 This volume studies the seven psalms that were performed at the fundamental daily ritual of the Jerusalem Temple in the late Second Temple period Psalms 24 48 82 94 81 93 92 It is the first comprehensive and detailed study of this richly relevant liturgical collection The work centers around a literary poetic analysis of the collection as a whole focussing on unifying features such as connections between psalms overall structure theme and plot A review of the Tamid service and exegetical studies of each psalm are included Three innovative sections illustrate the importance of the Tamid Psalms in Second Temple studies topics include the formation of the Psalter the structure of liturgical texts and the performance of Temple worship **The Peshitta: Its Use in Literature and Liturgy** Bas Ter Haar Romeny, 2007-05-31 For the first time this volume brings together biblical scholars and specialists in Syriac liturgy and patristic literature It contains introductory essays on the Syriac versions in the liturgy the Syriac Old Testament commentary tradition and the challenges posed to exegetes by the different Syriac versions of the New Testament written by the leading scholars in the field Twenty one further contributions discuss the patristic and liturgical evidence for the development of the text of the Peshitta and other Syriac versions as well as the reception and use of those versions in the exegesis and liturgy of the Syriac Churches These studies are fully updated versions of the papers read at the Third Peshitta Symposium held in Leiden 12 15 August 2001 *The Message of the Psalter* David C. Mitchell, 1997-01-01 This intriguing work argues that the book of Psalms has been redacted to reflect a programme of eschatological events like that of Zechariah 9 14 These events include the ingathering of exiled Israel by a bridegroom king his establishment of a kingdom followed by his violent death the scattering of Israel in the wilderness and their subsequent regathering and further imperilment their rescue by a king from

the sky who establishes his kingdom from Zion brings peace and prosperity to the earth and receives the homage of the nations There is an appendix of apocalyptic midrashim translated into English for the first time www.mornstar.co.uk

Origenes Orientalis Timothy Michael Law,2011-07-20 The Syrohexapla is widely believed to be a faithful witness to the Hexapla of Origen This Syriac version was produced in the seventh century on the basis of Greek texts related to Origen's six columned masterpiece of biblical scholarship The signs used in Origen's Hexapla as well as the readings of several Greek Jewish versions which are no longer fully extant are preserved in this version The present study evaluates the Syrohexapla as a witness to these hexaplaric materials in 3 Kingdoms 1 Kings The nearly 600 signs preserved in the Syrohexapla are analysed divided into correctly marked asterisks correctly marked obeli and inaccurately marked readings The more than 300 readings attributed to the Greek Jewish versions are treated separately Finally by including a chapter which examines a portion of the many readings in the Syrohexapla for which no hexaplaric sign has been preserved the author balances assessments of the reliability of the Syrohexapla for studying the remains of Origen's Hexapla This study prepares the way for the author's new critical edition of the hexaplaric fragments of 3 Kingdoms

Dead Sea Psalms Scrolls and the Book of Psalms Peter W. Flint,2018-10-16 Among the Dead Sea Scrolls Psalms are found in no less than thirty nine manuscripts This groundbreaking volume presents the first comprehensive study of these scrolls by making available a wealth of primary data and investigating the main issues that arise The first part provides information which many scholars will find enormously helpful such as descriptions of the manuscripts listings of variant readings a synopsis of superscriptions and indices of contents of all the Psalms scrolls The second part investigates the issues some of which are relevant to the Book of Psalms itself e.g. stabilization in two distinct stages while others focus upon 11QPSa the largest Psalms scroll e.g. part of an edition of the Book of Psalms and one involves the relation of these manuscripts to the Septuagint Psalter [Psalms 38 and 145 of the Old Greek Version](#) Randall X. Gauthier,2014-11-10 One of the critical ongoing discussions in Septuagint Studies today concerns the issue of how texts were understood by their translators and how those translations are able to provide the modern reader with clues to that original interpretation In Psalms 38 and 145 of the Old Greek Version Randall X. Gauthier provides a word by word sentence by sentence commentary on Psalms 38 and 145 in the Septuagint LXX version or more accurately the Old Greek OG version Specifically this study attempts to understand the semantic meaning of these psalms at the point of their inception or composition i.e. as translated literary units derivative of a presumed Semitic Vorlage

Letter & Spirit, Vol. 7 Fr William Kurtz,Stephen M. Hildebrand,Owen M. Phelan,2012-07 This is the seventh annual volume of the remarkably popular journal of biblical theology edited by Scott Hahn and his St Paul Center for Biblical Theology This volume responds to the call of Pope Benedict XVI in his Apostolic Exhortation Verbum Domini for a thoughtful return to the Fathers of the Church and how they approached Sacred Scripture This is not in any way to jettison historical critical methods and the valuable insights that modern biblical scholarship has brought to light It is simply to acknowledge what Pope Benedict calls

for a measured return to the interpretive methods employed by the Church Fathers as well as the theology that flowed from their exegetical labors As he said The Church Fathers present a theology that still has great value today because at its heart is the study of sacred Scripture as a whole Indeed the Fathers are primarily and essentially commentators on sacred Scripture Highlights include original articles by Fr William Kurtz SJ Matthew Levering Father Stephen Ryan OP Stephen Hildebrand Owen Phelan and Michael Barber as well as an original translation of Joseph Ratzinger s Pope Benedict XVI foundational essay Vicarious Representation by Father Jared Wicks SJ

Prayer and Worship in Eastern Christianities, 5th to 11th Centuries Brouria Bitton-Ashkelony, Derek Krueger, 2016-10-04 Prayer and Worship in Eastern Christianities 5th to 11th Centuries forges a new conversation about the diversity of Christianities in the medieval eastern Mediterranean centered on the history of practice looking at liturgy performance prayer poetry and the material culture of worship It studies prayer and worship in the variety of Christian communities that thrived from late antiquity to the middle ages Byzantine Orthodoxy Syrian Orthodoxy and the Church of the East Rather than focusing on doctrinal differences and analyzing divergent patterns of thought the essays address common patterns of worship individual and collective prayer hymnography and liturgy as well as the indigenous theories that undergirded Christian practices The volume intervenes in standard academic discourses about Christian difference with an exploration of common patterns of celebration commemoration and self discipline Essays by both established and promising younger scholars interrogate elements of continuity and change over time before and after the rise of Islam both under the control of the Eastern Roman Empire and in the lands of successive caliphates Groups distinct in their allegiances nevertheless shared a common religious heritage and recognized each other even in their differences as kinds of Christianity A series of chapters explore the theory and practice of prayer from Greco Roman late antiquity to the Syriac middle ages highlighting the transmission of monastic discourses about prayer especially among Syrian and Palestinian ascetic teachers Another set of essays examines localization of prayer within churches through inscriptions donations dedications and incubation Other chapters treat the composition and transmission of hymns to adorn the liturgy and articulate the emotions of the Christian calendar structuring liturgical and eschatological time

Text, Translation, and Tradition Willem Th. van Peursen, Bas Ter Haar Romeny, 2006-07-01 This volume contains eighteen articles in honour of Konrad D Jenner written by his friends and colleagues from all parts of the world and presented to him on the occasion of his sixty fifth birthday The laureate has been a staff member of the Leiden Peshitta Institute for 35 years and has been its director since 1993 The contributions cover the broad field of Peshitta studies addressing text critical and text historical questions linguistic and translational issues and the use of the Peshitta in the
