An Historical Syntax of the English Language F.Th. Visser, 2023-05-08 Frederik Theodor Visser's An Historical Syntax of the English Language published in four massive volumes between 1963 and 1973 is certainly one of the cornerstones of research in English linguistics Visser's achievements can hardly be overestimated Before the advent of modern corpus linguistics he compiled a remarkable wealth of detailed philological data from all periods of English and combined this with current grammatical analyses of his time This has made this publications an indispensable resource for anyone investigating the history of English syntax This reproduction of Visser's volumes is more than welcome and timely as the volumes have been out of print for quite some time and were sometimes a little bit difficult to navigate Having a searchable and easy to use online version although maybe not perfect available now means a revival for scholarship that celebrates its fiftieth birthday without losing any of its relevance

A Systems Approach to Language Pedagogy Akira Tajino, 2019-04-05 This volume represents the first attempt in the field of language pedagogy to apply a systems approach to issues in English language education In the literature of language education or more specifically second or foreign language learning and teaching each topic or issue has often been dealt with independently and been treated as an isolated item Taking grammar instruction as an example grammatical items are often taught in a sequential step by step manner there has been no road map in which the interrelations between the various items are demonstrated This may be one factor that makes it more difficult for students to learn the language organically The topics covered in this volume including language acquisition pedagogical grammar and teacher collaboration are viewed from a holistic perspective In other words language pedagogy is approached as a dynamic system of interrelations In this way emergent properties are expected to manifest This book is recommended for anyone involved in language pedagogy including researchers teachers
